Sullivans City:

Sullivans City Zanten David Van,2000-07-04 Finally the brilliant pencil execution of ornament in his old age became a surrogate for the great architectural projects realized earlier David Van Zanten s essay on how Sullivan s ornament shaped the city is illuminated by archival views and new color photographs by architectural photographer Cervin Robinson BOOK JACKET **The Fighting Sullivans** Bruce Kuklick,2016-11-07 In November of 1942 the five Sullivan brothers from Waterloo Iowa were killed when a Japanese torpedo sank their ship during the most ferocious naval engagement fought in the South Pacific The family s loss the most extraordinary for the United States in its military history was immortalized and valorized in the 1944 film The Fighting Sullivans This book tells the story of how calamity with the help of Hollywood and the wartime publicity machine transformed a family of marginal and disreputable young men intensely disliked in their hometown into heroes The Sullivan boys joined the armed forces after Pearl Harbor and the US Navy accepted that they would all serve on one ship the light cruiser USS Juneau The five brothers gave the navy great publicity but when the ship went down and survivors were not rescued the service faced a serious problem The Fighting Sullivans examines the campaign that followed as the navy and its partners in Hollywood turned a tragedy of errors into a public relations victory Bruce Kuklick shows how the myth of the Sullivan family was created using bits and pieces of real events but with twists that turned the boys into superhumans and their beleaguered parents into self sacrificing patriots He explores the close relationship between Hollywood studios and the military which aimed to boost morale and support for the war A study in mythmaking The Fighting Sullivans offers a behind the scenes look at the manufacture of heroes in twentieth century wartime America **Sullivans' School Series** Sullivan, Brothers,1905 **1980 Census of Population** ,1988 The Baronetage of England William Betham,1805 Roger C. Sullivan and the Making of the Chicago Democratic Machine, 1881-1908 Richard Allen Morton,2016-07-13 Dominating the Windy City for decades the Chicago Democratic Machine has become a fixture in American political history Under Mayor Richard J Daley it acquired almost mythical perhaps notorious status Yet its origins have remained murky some say it began as a shady enterprise during the ethnic upheaval of the late 1920s Based upon new research this book offers a fresh perspective Formed through factional warfare and consolidated with methods borrowed from the business world the Machine grew out of the unfettered capitalism of the late 19th century Its principal founder and first boss Roger C Sullivan represented a generation of businessmen politicians who emerged in the 1880s Sullivan and his allies created an informal public power structure that while serving their own interests also made government more functional The Machine is a product of America s Gilded Age and the Progressive Era and offers a lesson in the advantages and limitations of representative government *Sullivan Co, TN - Veterans* ,2002-11-02 *Louis Henry Sullivan* Mario Manieri-Elia,Louis H. Sullivan,1996 Louis Henry Sullivan traces his life and oeuvre It addresses his most famous buildings including the Auditorium Building in Chicago the Wainwright Building in Saint Louis the Guaranty Building

in Buffalo and the National Farmers Bank in Owatonna Minnesota and reveals many of his lesser known projects to be underappreciated masterpieces For the first time Sullivan s work which has often been misappropriated is explored in its historical and theoretical context *FCC Record* United States. Sullivan and a 19th-Century Poetics of Naturalized Architecture** LaurenS. Weingarden,2017-07-05 For most of the twentieth century modernist viewers dismissed the architectural ornament of Louis H Sullivan 1856 1924 and the majority of his theoretical writings as emotional outbursts of an outmoded romanticism In this study Lauren Weingarden reveals Sullivan s eloquent articulation of nineteenth century romantic practices literary linguistic aesthetic spiritual and nationalistic and thus rescues Sullivan and his legacy from the narrow role imposed on him as a pioneer of twentieth century modernism Using three interpretive models discourse theory poststructural semiotic analysis and a pragmatic concept of sign functions she restores the integrity of Sullivan s artistic choices and his historical position as a culminating figure within nineteenth century romanticism By giving equal weight to Louis Sullivan s writings and designs Weingarden shows how he translated both Ruskin s tenets of Gothic naturalism and Whitman s poetry of the American landscape into elemental structural forms and organic ornamentation Viewed as a site where various romantic discourses converged Sullivan s oeuvre demands a cross disciplinary exploration of each discursive practice and its rules of accumulation exclusion reactivation The overarching theme of this study is the interrogation and restitution of those Foucauldian rules that enabled Sullivan to articulate architecture as a pictorial mode of landscape art which he considered co equal with the spiritual and didactic functions of landscape poetry **Annual Report of the American Bar Association** American Bar Association,1918 **The Encyclopedia of Indianapolis** David J. Bodenhamer,Robert G. Barrows,1994-11-22 A work of this magnitude and high quality will obviously be indispensable to anyone studying the history of Indianapolis and its region The Journal of American History absorbing and accurate Although it is a monument to Indianapolis do not be fooled into thinking this tome is impersonal or boring It s not It s about people interesting people The Encyclopedia of Indianapolis is as engaging as a biography Arts Indiana comprehensive and detailed might well become the model for other such efforts Library Journal With more than 1 600 separate entries and 300 illustrations The Encyclopedia of Indianapolis is a model of what a modern city encyclopedia should be From the city s inception through its remarkable transformation into a leading urban center the history and people of Indianapolis are detailed in factual and intepretive articles on major topics including business education
