Oman Stig Pors Nielsen, 2014-08-15 The Sultanate of Oman occupies the southeastern part of the Arab Peninsula The country is beautiful and is full of unspoiled nature The sun shines almost every day The temperatures are pleasant during winter but it is often unbearably hot during summer The country is as large as Italy but sparsely populated It has oil gas and a variety of minerals The rapid development of Oman takes place with respect for its cultural heritage His Majesty Sultan Qaboos and the people of Oman are admired for having transformed Oman from a backwards non unified country into a modern homogenous state with a high standard of living dominated by tolerance and growing democracy It is blessed with a ruler His Majesty Sultan Qaboos bin Said who has what may be called absolute power which he uses with great care and wisdom He is a true servant of his people **Sultanate of Oman**, 1985 **Oman in the Twentieth Century** J.E. Peterson, 2016-02-12 Oman was ruled by the Al Bu Sa'id for 250 years and during this period the fortunes of the state varied considerably But in July 1970 as a result of a palace coup the state abruptly turned away from isolation and traditions of the past The most obvious alteration was in the dramatic change in the outward appearance of the country particularly as exemplified by the rejection of the long era of stagnation and the parallel emphasis on socio economic development In the political realm however the shifting balance of power and the rapid growth and diversification of the state's administrative structure were based essentially on perennial themes in Omani politics The interplay between four of these themes forms the basis of this study first published in 1978 The role of the Sultan and the ruling family the development of the administration the exercise of tribal politics and the impact of external influences on the state are closely examined and the modifications

they went in response to the various challenges of the twentieth century are discussed The constant flux in the relative importance of each of these themes illustrates the fragile nature of the traditional Omani political system for in the twentieth century the Al Bu Sa'id Sultanate found its precarious hold over the country challenged on a number of occasions These challenges ranging from the tribal and religious rebellion of 1913-20 to the Marxist Leninist revolt in Dhufar are also analysed in detail together with the response of the Sultanate to their impact
