Racine,2008

Gentlemen Merchants preserves the correspondence between members of two wealthy slaveholding merchant families the Gourdins and the Youngs in nineteenth century Charleston South Carolina Because the correspondence lasts over forty years the letters provide a significant record of historical Southern themes Plantation born urban dwellers the correspondents comment deeply and widely on their own family history religion in the South slavery and race business secession Civil War and Reconstruction Gentlemen Merchants offers a fresh perspective on the Old South s elite slaveholders from the vantage point of commercial offices docks and wharves instead of the rural plantation These prominent Charleston families grew wealthy through commercial trading of Sea Island and upland cotton rice and wine Charleston emerges as a main character in these letters as the discrepancy between the wealthy upper class and working class immigrants becomes more pronounced There are also letters from family members who traveled widely for business and pleasure They recount travel adventures in England and France on the slopes of Mount Vesuvius and at Niagara Falls The Gourdins and Youngs lived in material comfort for over three decades and fought to preserve their way of life the basis of which was made possible by slavery The family was one shaped by privilege and destroyed by war When the world changed as a result of the Civil War the family members were left penniless It is unusual that both sides of this correspondence have survived making this collection an extraordinary primary source for historical research Historically minded general readers will also enjoy the perspective on the urban South that these letters provide Philip N Racine published numerous articles and books about southern history including Piedmont Farmer He is currently the William R Kenan Professor of History at Wofford College where he has taught since 1969      *The Essential Book of Traditional Chinese Medicine: Clinical practice* Yanchi Liu,Kathleen Vian,Peter Eckman,1988 In his unique sourcebooks Liu Yanchi not only provides an invaluable reference for the practitioner of traditional medicine but also an enlightening readable introduction for anyone interested in Chinese culture or holistic medicine      **The Influence of Tropical Climates on European Constitutions** James Johnson,1827      **Word Drops** Paul Anthony Jones,2016-04-01

From aardvark to zenzizenzizencic Word Drops collects a thousand obscure words and language facts in one fascinating chain of word associations Did you know for example that scandal derives from the Latin for stumbling block and originally described a trap for a wild animal In nineteenth century slang a wolf trap was a corrupt casino Casino means little house in Italian Roulette means little wheel in French A wheeler is someone who attends auctions to bid on items merely to increase their sale price Such links take readers on an unexpected journey through linguistic oddities Inspired by the popular HaggardHawks Twitter account Word Drops also uses an intriguing series of annotations to add background and historical context on everything from Anglo Saxon cures for insanity to Samuel Pepys s cure for a hangover This unique book will
