**Hidden History** Gerry Docherty, James MacGregor, 2013-07-04 Think you know about British history and the causes of the First World War Think again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war's origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine the evidence they lay before you

Nakhleh,2008-12-29 In A Necessary Engagement the CIA s former point man on Islam makes a vigorous case for a renewal of American public diplomacy in the Muslim world Offering a unique balance between in depth analysis personal memoir and foreign policy remedies the book injects much needed wisdom into the public discussion of long term U S Muslim relations Intelligence insider Emile Nakhleh argues that an engagement with the Muslim world benefits the national interest of the United States Therefore the next administration should discard the terrorism prism through which the country has viewed political Islam since 9 11 and focus instead on the common interests of America and mainstream Muslims Nakhleh investigates recent U S policy toward Islamic nations and offers the new administration a ten point plan for rebuilding

America's relationship with the Muslim world The author demonstrates that winning over Arabs and Muslims requires a thorough knowledge of Arab and Muslim cultures and languages within our intelligence community as well as a long term American commitment of personnel and resources While the success of these efforts will be incremental and hard to measure Nakhleh believes that the current low standing of the United States in most Arab and Muslim countries can be reversed Stressing that effective public diplomacy must be a serious coordinated effort pursued at the highest political levels A Necessary Engagement charts a new course for future ties between the United States and the Islamic world Anime Impact Chris Stuckmann,2018-04-15 An exploration of anime's masterpieces and game changers from the 1960s to the present with contributions from writers artists superfans and more Anime or Japanese animation has been popular in Japan since Astro Boy appeared in 1963 Subsequent titles like Speed Racer and Kimba the White Lion helped spread the fandom across the country In America a dedicated underground fandom grew through the 80s and 90s with breakthrough titles like Katsuhiro Otomo's Akira making their way into the mainstream Anime Impact explores the iconic anime movies and shows that left a mark on popular culture around the world Film critic and longtime fan Chris Stuckmann takes readers behind the scenes of legendary titles as well as hidden gems rarely seen outside Japan Plus anime creators critics and enthusiasts including Ready Player One author Ernest Cline manga artist Mark Crilley and YouTube star Tristan Arkada Gallant share their stories insights and insider perspectives **America's Arab Refugees** Marcia C.
