Jihad Reuven Firestone,1999-12-30 While there exists no evidence to date that the indigenous inhabitants of Arabia knew of holy war prior to Islam holy war ideas and behaviors appear already among Muslims during the first generation This book focuses on why and how such a seemingly radical development took place Basing his hypothesis on evidence from the Qur'an and early Islamic literary sources Firestone locates the origin of Islamic holy war and traces its evolution as a response to the changes affecting the new community of Muslims in its transition from ancient Arabian culture to the religious civilization of Islam

Shari'ah and Common Law Adnan Trakic,2022-10-24 Harmonisation of law a term that refers to the bringing together of two different legal traditions has developed a negative connotation when considered in the context of Shari'ah and common law Harmonisation began to be looked at as an attempt by one legal system to impose its values on the other A major reason for that is the lack of understanding of the scope to which these two legal traditions converge One of the principal findings of this book is that Shari'ah and common law have many more commonalities than differences As a result the need for harmonisation between the two might have been exaggerated The similarities do not need to be harmonised Rather they need to be acknowledged and appreciated If the differences between Shari'ah and common law which undoubtedly exist as evidenced in this book are viewed with an appreciation of the commonalities the ambience to reconcile the differences would be more conducive to the harmonisation process This book is intended to help readers better

understand Shari'ah and common law and aid harmonisation efforts when the need arises *Onward Muslim Soldiers* Robert Spencer,2013-02-05 In *Onward Muslim Soldiers* the author of *Islam Unveiled* reveals why the threat of violent jihad is growing daily despite America's recent victory in Iraq Spencer uncovers the cause of global violence as he goes straight to Muslim sources

Questions and Answers about Islam Fethullah Gülen,2000 The first volume of the series addresses the more essential questions concerning Islamic faith e.g God and the nature of His existence can Islam solve every problem Did Prophet Muhammad write the Qur'an Subjects like the Prophethood Satan etc are also examined

The Leadership of Muhammad Joel Hayward,2022-03-10 Given Prophet Muhammad's immense impact on history there are surprisingly few books that specifically analyse his leadership The few that exist maintain that Muhammad was a

wonderful leader because he was a wonderful man that is he succeeded in his mission because of his superior morality and personal qualities Although it is widely agreed that Muhammad was a moral and decent man this explanation seems incomplete and almost inadequate Joel Hayward approaches the Prophet s leadership from a different vantage point by scrutinising ancient sources to ascertain whether Muhammad s conscious actions behaviour and methods can provide any substantial and meaningful insights about the effectiveness of his strategic leadership Through meticulous research and rigorous analysis Hayward demonstrates that Muhammad was an uncommonly astute and self reflective man with the ability to create and communicate a believable strategic vision of a necessary and desirable future This engaging yet deeply scholarly book makes a major contribution to both leadership studies and the Prophet s biography *Islamic Psychology* G. Turkey Sayi:01/2020 - The Ordeal of The Century ,2020-04-01 The Israeli Palestinian question has been at the heart of Middle Eastern politics for the last 80 years Although the Palestinian s land has been one of the main subjects of international politics since the beginning of the 20th century it was the unusual creation of the Israeli state in 1948 that led to many regional crises Since then the Israeli state has been the instigator of many regional wars continuous expansionism discrimination and violation of international law and basic human rights Millions of Palestinians were forced to leave their country and those who preferred to stay were deprived of their rights A special type of apartheid has been implemented by the Israeli state All regional states and most global powers have been involved with this problem which is not only between the aggressive Israeli nationalism and the defensive Palestinian nationalism but also a conflict between the Israeli state and the Arab countries a civilizational dispute between a pro Israeli coalition and Muslim countries and a war that symbolizes the struggle between the oppressor and the oppressed A number of international organizations have passed different resolutions offering solutions to the problem Among them is the Islamic Cooperation Organization which was established following the many attacks against sacred places notably the city of al Quds and al Aqsa Mosque in Palestine The international community represented by the United Nations UN has been calling on the Israeli state for decades to withdraw from the occupied Palestinian territories and to abide by the international rules and principles As the UN resolutions international law and international public opinion expect and Palestinians also aspire for Israel must withdraw from the occupied territories namely East Jerusalem the West Bank and the Gaza Strip and recognize an independent Palestinian state as part of a two state solution However global powers especially the United States have not allowed the UN to force the Israeli state to move out from the occupied territories and to restore peace in the region In other words the Palestinian people and Muslim nations have long witnessed the continuous Israeli fait accompli the never ending Palestinian suffering the weakness of the Muslim Middle Eastern countries and the indifference of the global powers Israel continues to violate not only the rights of self determination but also basic human rights for Palestinians As one of the indications of this inhumane policy the Gaza Strip has been under continuous Israeli blockade and attacks since 2006 Israel has been attacking the Gaza Strip and the West Bank intermittently to expand its territories in order to establish new illegal Jewish settlements and squash any hope for Palestinian statehood Israel s large scale attacks against the Gaza Strip in 2008 2012 2014 2018 and 2019 have made conditions in Palestine unlivable The latest attack in 2019 stopped with yet another cease fire however the fate of the most recent cease fire is not different from the previous ones Israel has never fulfilled its promises and cynically considers the cease fire as a temporary process allowing time to prepare for a new wave of violence At a time when there is no will or

strength in the Arab world to resist against any anti Palestinian and anti Arab development the current Israeli and U S government is trying to legalize the years of Israeli atrocities crimes against humanity and violations of human rights Most steps taken by these two governments contradict with and violate international norms and rules First the Israeli parliament adopted a law that is known as the basic law or the nation state act in 2018 According to this law the right to exercise national self determination in the state of Israel is unique to the Jewish people and thereby it denies Palestinian people any national rights or existence Second U S President Donald Trump s unilateral recognition of the united Jerusalem as the capital of Israel and the transfer of the U S embassy from Tel Aviv to Jerusalem is a pivotal point in the history of the Middle East for both regional and global actors This decision with significant implications for the Middle Eastern politics is not only about the transfer of the Israeli capital from Tel Aviv to Jerusalem but also about the halt of the Middle Eastern peace process Furthermore it implicitly means that the U S supports the expulsion of Palestinians from their homeland and the prevention of the establishment of a Palestinian state In other words the U S has contradicted its traditional policy and has abandoned the long time advocated two state solution Third contrary to basic rules of international law and a number of UN resolutions the U S government announced that they do not consider the illegal Israeli settlements in the occupied territories as inconsistent with international law The U S also stopped funding the United Nations Palestinian Refugee Agency UNRWA and closed down the Washington D C office of the Palestinian Liberation Organization PLO a body internationally recognized as the representative of the Palestinian people With all these steps the U S government demonstrated that it fully and unconditionally supports the Israeli state Fourth Trump has declared a so called Middle East peace plan in January 28 2020 after meeting with Israeli Prime Minister Benjamin Netanyahu and opposition leader Benny Gantz in Washington D C The U S government has ignored and violated all decisions made and resolutions passed by the UN regarding the issue according to which the Israeli state is an occupier of the Palestinian land and violator of international rules and norms Bearing in mind all these illegal steps it can be said that the U S shares the responsibility with Israel for the violation of Palestinian rights Achieving peace between the Israeli state and the Palestinian people appears to be unachievable because the Israeli side does not take any Palestinian demands into consideration All steps taken so far have been unilateral and against the interests of the Palestinians The Deal of the Century is no exception it is also a unilateral intervention to the question Effectively it is a dictation to the Palestinian Israeli problem which ignores the realities on the ground The timing of the Deal of the Century has to do with the current situation in the Arab world As a matter of fact today there is no political Arab world since almost all heavyweight nationalist Arab states are in chaos politically unstable or vulnerable The United Arab Emirates and Saudi Arabia who claim the leadership of the Arab world are closely associated with the Trump Administration and the Israeli state These two Arab states and the current Egyptian government support Israel rather than the Palestinians and blame Palestinian political groups instead of the Israeli state for the ongoing situation These states condemn the retaliatory actions

conducted by the Palestinians and remain silent about the inhumane treatment they suffer at the hands of the Israeli war machine. Consequently, there is no strong Arab state to defend the rights of Palestinians. For decades, Arab regimes have exploited the issue for domestic political legitimacy. Arab regimes who were afraid of their peoples tried to satisfy their demands by exaggerating the Israeli threat. Nowadays, it appears that their fear of external powers is greater, which is why they capitulate to the demands of countries such as Israel and the U.S. and accordingly use the Palestinian issue in negotiations to their own benefit. However, Trump's proclamation of the Deal of the Century caused a fierce reaction from public opinion worldwide, especially from the Arab streets and Muslim communities. The Trump Administration miscalculated the civilian reaction. This time, it will be difficult to convince the Arab public since it is much more aware than before about their regimes' foreign policy behavior. Trump's declaration, which contributed to the reunification of the Arab and Muslim peoples, satisfies only radical Christians and Zionist Jews. As long as the blockade on the Palestinian lands continues, the region will be subject to new waves of violence. Considering the unstable international system, ultra-nationalist and xenophobic Western politics, chaotic regional atmosphere, and Israeli domestic politics, it is not expected that the Israeli government will ease the blockade and give some rights to the Palestinians. Global powers such as the U.S. and the European Union not only close their eyes to the Israeli atrocities but also support its unequal and limitless violence. Even the UN has begun to warn the two sides about the escalation of violence, thus undervaluing the Israeli brutality by equating it with the small retaliatory actions of the Palestinians. Therefore, it can be said that there is currently no deterrent power in the world that is preventing Israeli aggression. Only a significant change in the regional and global balance of power will bring considerable changes in Israeli policies towards the region. This new issue of *Insight Turkey* highlights different subjects regarding the Israeli-Palestinian issue. Some of the leading and well-known intellectuals and academicians from Palestine, Israel, Turkey, Europe, and the United States contributed to this issue, focusing on different dimensions of the problem. From a religious perspective, more particularly in Islam, the status and significance of Bayt al Maqdis, the city of al Quds, which is one of the main themes of the problem, must be acknowledged. Ikrima Sa'eed Sabri's commentary explains the significance of Bayt al Maqdis by addressing the close bonds, namely the bonds of creed, worship, civilization, and culture, and history, which are firm ties that link Muslims to Bayt al Maqdis and the land of Palestine. The resolution of the Israeli-Palestinian conflict has faced many different obstacles since the United Nations resolved to partition Palestine into two separate states, Jewish and Arab. Galia Golan addresses these obstacles between Israel and Palestine as well as possibilities for peace, primarily the pragmatic 1988 PLO decision to create a new state next to the state of Israel in the West Bank and Gaza, with a capital in East Jerusalem. She discusses the possibilities of achieving a political peaceful co-existence in Palestine and finds it quite challenging. The commentary written by Victor Kattan examines the legality of the Israeli settlements and occupations in the West Bank based on the perspective of international law and U.S. foreign policy. He analyzes the motives of the International

Criminal Court ICC decision to initiate an investigation into the alleged war crimes committed in Palestine by the Israeli state which include Israel's settlement activities in the West Bank and East Jerusalem. Is the two state solution to the Israeli Palestinian conflict achievable is the question that Ian Lustic seeks to answer. In his opinion this solution is a pretty picture of the future that only good people can imagine. Meanwhile it remains just that a picture because there is a lack of effort to conduct negotiations between the Israeli state and the Palestinian people. This lack of effort is mainly related to the nature of negotiations which have become highly provocative in recent years. The influx of immigrant Jewish communities from different countries to Israel has disenfranchised the Palestinians from their land. Although Israel claims that it offers democratic rights for all its citizens in reality Palestinians have nothing. Ran Greenstein conceptualizes this situation by comparing the Israeli policies with the practice of apartheid in South Africa. He identifies the policies practiced by Israel as apartheid of a special type and a crime against humanity. To reveal how the status of the original Palestinian population has been ignored Elia Zureik highlights the Israeli practices of governance in Palestine and how the Zionist movement and later the Israeli state have worked to kill the dream of the Palestinian people for their own state. This has been achieved through passing racially biased laws that discriminate against the native population and using violence when enforcing those laws especially after the Israeli state codified its new citizenship law that defines Israel as the state of the Jewish people. Ayfer Erdo an and Lourdes Habash question the continuity of the U S policy making towards the Israeli Palestinian conflict especially under the Trump Administration. The results show that there hasn't been a radical change throughout the administrations however the U S position in the conflict has become more transparent with a sharper pro Israel tilt during the Trump Administration. Hamas has a dual role in the political and military struggle against the Israeli state on one hand and Fatah in Palestinian politics on the other. Although Hamas has had many achievements since its establishment in the late 1980s it has also failed in many aspects. To understand why Nasuh Uslu and brahim Karata evaluate this dualist struggle of Hamas in Palestine. The authors conclude that since Hamas has been otherized by many international actors the Palestinian Authority PA and some international actors contributed more to this struggle. However Hamas is still expected to fulfill the needs of Palestinians. In addition to these eight articles focusing on the Israeli Palestinian issue there are some insightful pieces on a range of topics regarding Turkey and international politics. The transformation of international education with a Turkey centric perspective strengthens Turkey's cultural diplomacy and soft power. This transformation is led by different sub governmental and non governmental organizations. One of the leading actors is the Turkish Maarif Foundation. In their commentary Birol Akg n and Mehmet zkan contextualize the foundation's foreign and domestic policy and outline a vision through evaluating activities over the past three years. The principle of the more corrupt the country the less democratic it is likely to be can be measured in the Balkan countries. Sabrina P Ramet in her article addresses problems that the Balkan countries are facing such as corruption unemployment and poverty. With regard to the events of the Gulf Crisis Farhan

Mujahid Chak deconstructs the reasons and motives behind the quartet's blockade on Qatar. To do so, he employs post-colonialism variables assuming that the preponderance of the U.S. military power in the Gulf Cooperation Council produces competing projects in the Middle East. He underlines three conflicting ideal types: subservient, resisting, increasing, and pivoting from engagement to resisting the American hegemony. The article, written by Nur K. Pr. l, takes us back to the events of when the public protests engulfed most Arab regimes in 2011. However, she focuses on how the democratization processes in the MENA region led to the empowerment of the Islamist actors after decades of political exclusion. Hence, within a domestic and regional context shaping the politics of Islamist parties, K. Pr. l explores different trajectories of two countries in the region: the inclusion of Islamists in the case of Tunisia and their exclusion in the case of Jordan. In the last piece of this issue, Krizza Janica Mahinay analyzes the shift of the Moro National Liberation Movement (MNLF) in the discourse on Malaysia and the ramifications of this new discourse within the Philippine state. She elaborates this shift through the lens of power relations and foreign policy, taking into account the struggle for legitimacy within the Philippines. Through a wide range of commentaries and articles, this issue of *Insight Turkey* aims to bring to its readers a comprehensive framework on the current situation of the Israeli-Palestinian question. Whether there will be a deal to this problem remains a difficult question to be answered. Currently, one thing is clear: the plan declared by the Trump Administration, which was welcomed by Israel and some of its Arab allies such as the United Arab Emirates and Saudi Arabia, assures the Palestinian people the continuation of their century-long ordeal.

Toward Our Reformation Mohammad Omar Farooq, 2011-01-01. It is the author's contention that at the heart of the Muslim predicament lies ignorance and/or lack of commitment to core Islamic values; thus, what is advocated throughout this work is a return to what is termed a value-oriented approach. We further learn that with the passage of time, what we today consider to be the Shariah is in effect an original hub enveloped in a labyrinthine shroud of scholastic views and deductions hindering Muslim development and to rely on fraudulent hadith and fallacious implementation of hudud law is not only to betray the spirit of the Qur'an and the Prophet's message but a disastrous exercise. Consequences being blatant abuse of the Muslim populace under cover of implementing a bogus Shariah. This abuse and misapplication is explored throughout the work.

Triple Talaq Dr. Aijaz Ahmad, 2021-08-09. This book *Triple Talaq* has

been written to enlighten the readers about the most burning issues of talaq in current times For the years the triple talaq was generally the topic of discussion among my colleagues and other intellectuals of the society They generally asked me questions regarding the triple talaq and tried to satisfy them However after a deep study I have tried to satisfy the readers through this book and hope the government would also learn a lot for the new legislation about the triple talaq The controversy regarding the triple talaq and to know the details about the subject in the Shariah Islamic Law or Revealed Law of Allah Almighty motivated the author to study deeply on the subject and write this book Triple Talaq for the readers It is a humble beginning to understand the details of the talaq and follow accordingly in the light of the Holy Quraan and Hadeeth Traditions i e acts and sayings of Prophet Mohammad PBUH This work is neither a final work nor the guidelines or any community or sect Holy Quran and Hadeeth are the only sources to follow the right path and the Muslim jurists are the best propounder This work is meant for the enhancement of the knowledge of the general readers I shall be happy if the people shall read this work and give feedback as well as the better suggestion on the subject of talaq or triple talaq I will also request the government to rethink on the subject as it is a matter of faith and undoubtedly very sensitive Marriage under Shariat is a civil contract between man and woman in the presence of the witnesses and it is meant to last for the lifetime of the spouses The marital co existence can only last for a long time if it is established on mutual love compassion and respect for each other After the marriage by virtue of this love and affection the spouses are able to live together in a goodly manner by fulfilling each other s rights However sometimes a situation may arise where the husband hates the wife or vice versa In such a situation Islam admonishes and enjoins them to bear with each other and find means of reconciliation However the hatred may be increased in such a way that it renders the relationship between them so strained that the continuation of their union becomes undesirable The spouses under the circumstance are allowed to terminate the marriage by pronouncing talaq The marriage termination right is primarily vested in the husband Thus he can terminate it on his own initiative through Talaq e Ahsan Talaq e Hasan and Talaq e Biddat or triple talaq This right however is not absolute because the marriage can also be terminated at the instance of the wife which is called Khul or Khula Both the parties can also obtain the divorce through the judicious process Among all the procedures of talaq the Talaq e Biddat or triple talaq is more controversial right from the lifetime of Prophet Mohammad PBUH to the current period Almost all the Muslim countries have passed the legislation regarding this process in the light of the Holy Quraan and Hadeeth for the amelioration in the Muslim society according to the need of the time In India the current government has also started a step in this regard but due to the mismatch of the Shariat with the parliamentary legislation it has made the situation more complex Naturally the problem is related to the Muslim community and the government must have involved the Muslim jurists in the compilation of the Bill The first chapter of the book is Meaning Definition and Concept of Talaq In this chapter the full introduction of talaq including its origin meaning and definition has been clearly defined It has also been defined that how the Islam has given a novel idea and

practice of marriage and separation or talaq The concept of talaq is to provide more freedom to the people in the worldly affairs Different types of people can use the idea at different times and circumstances While other religions fixed the marriage as bondage the Islam defined the marriage as a civil contract and one can freely untie the contract in unavoidable circumstances The second chapter Types of Talaq deals all types of talaq in detail such as Talaq e Ahsan Talaq e Hasan Talaq e Biddat Ila Faskh Lian Mubarat Khula Dhihar and separation from the judicious process It has also been discussed that at what time and circumstances which talaq is permissible according to the Shariah The ideology of different sects of Islam and other Islamic jurists has been widely discussed with the evidences of the Holy Quraan and Hadeeth All the means of separation are judiciously proved in a scientific manner The Third chapter Talaq and Freedom and Rights of Women throws enough light on the freedom of women and their rights in the Muslim society Islam provides its women the freedom to choose the life partner and demand separation if the married life becomes un adjusting After the talaq she can marry the former husband or to another or to whom she likes the most The women also can hold the property and jewelry for her better use in the future She is entitled to claim the money from her husband but not at all necessary to share her money with her husband She is free not even to feed her children and serve her in laws The fourth chapter Triple Talaq and its Religious and Legal Entity deals the subject in the light of the Holy Quraan and Hadeeth Different Ayats Sentences of many Surats Chapters of Holy Quraan related to talaq have been widely discussed Many Hadeeth compiled by many eminent Islamic scholars have been quoted as proof related to the matters of talaq It has been summarized in this chapter that Allah Almighty and Prophet PBUH have provided the talaq as a novel idea for freedom emancipation peaceful living and a long standing social setup The fifth chapter is Triple Talaq Worldwide Legislation in which the legislation of almost all Muslim countries related to the triple talaq has been discussed It has been seen that most of the Muslim countries have banned triple talaq by treating it as a social evil and the most sinful act These Muslim countries have taken the plea that the second Caliph Umar Ibn Khattab had made the ruling to discourage the triple talaq Even he had punished some of the pronouncers of triple talaq However it must be cleared that there is no criminalization of triple talaq in any Muslim country s legislation although they have discouraged and even banned the same The sixth chapter is the Triple talaq in India In this chapter the circumstances and frequency of triple talaq in India have been discussed The court cases including the Ishrat Jahan case of the Supreme Court the decision of the Supreme Court regarding triple talaq the triple bill passed by the Lok Sabha discussion of the Bill in Rajya Sabha etc have been discussed in detail In the last by analyzing various social aspects it has been suggested that the triple talaq is the most hateful and sinful act among all permissible things in the Shariat It must be discouraged by the legislation but the criminalization of triple talaq or banning the same is not at all appreciable I hope that the information given in this work is worth reading and undoubtedly it will enlighten the youths to avoid the triple talaq or choose the better option of talaq even in unavoidable circumstances I am sure that the government would also reconsider its policy regarding the triple talaq and

would leave the matter for the Muslim jurists to settle according to the Shariat At last I would like to say that this work is not complete at all and all scholars are humbly invited to write on this subject to guide the youths of present and future generations to adopt the right path of Shariat and avoid the triple talaq which is not only the most sinful act but also a curse to the society In the last I feel it my pleasant duty to acknowledge the kindness advice and help which I received from my respected Islamic scholars like Mufti Mohammad Zahid Maulana Ansarullah Hafiz Jamaluddin and many other Islamic scholars I am also indebted to my colleagues friends and relatives Dr Mohammad Isa Gauhar Dr Tufail Ahmad Advocate Rizwan Ahmad Dr Siraj Ahmad Master Nisar Ahmad Dr Shameem Ahmad Mr Naseem Ahmad etc without whose encouragement moral support and active cooperation this work would not have been possible I am grateful to my wife Imrana Anjum my children Lubna Iram Anam and Sadaf for their kind support and constant encouragement Dr Aijaz Ahmad

Call to good and prevent wrong *amr bil ma'ruf wa nahy an al munkar* Depending on the translations within the Qur'anic contexts calling to good may be rendered as promoting the right just honorable righteous behavior and virtue whereas preventing wrong is forbidding what is evil dishonorable and vice The Qur'an urges believers to embrace this duty individually and collectively and praises them when they practice this obligation Al Imran 3:104-110 This duty is meant to encourage righteous behavior and discourage immorality and aims to remove oppression from society and instead establish justice It should ideally be the distinguishing trait of a Muslim community as it applies to the moral social political and economic facets of life Calling to good and preventing wrong can be classified as a duty in the framework of teaching others about faith *tabligh* Literally meaning to reach out or to convey *tabligh* is directed to raise the consciousness among people about their responsibility towards religion It disseminates knowledge about living one's faith in a principled way Therefore any discourse or any act that conveys communicates reminds promotes or publishes the teachings and commands of God to the unknowing or to the less informed or any discourse or act that discourages or prevents people from being wrong unjust or evil comes under the meaning of this word *tabligh* Rooted deeply in the Qur'an hadith and commentaries of notable scholars the book in your hands is a precious resource to comprehend the context and dynamics that make spiritual mentoring and guidance an important part of a faithful life The content of the book consists of transcripts of a series of sermons M Fethullah Gulen delivered early in his career as a preacher While presenting extensive commentary based on examples from the time of Prophet Muhammad peace be upon him and Rightly Guided Caliphs Gulen does so with awareness of the realities of the

modern era especially with regards to being free from political interests and keeping the scope as wide as possible so to embrace the whole of humanity The book supports the idea that spiritual mentoring and guidance is an important duty and highlights some principles mentors should take into consideration While being an essential reference for mentors and counselors in the Muslim community the book offers many universal principles that all faith communities can benefit from and refer to in their services

Muslim Women in Britain Sariya Cheruvallil-Contractor, Sariya Contractor, 2012 This book explores the lives of British women and examines the issues femininity Britishness inter communal relations and social cohesion Presenting the reader with inclusive narratives of Muslim women which clarify their nuanced diversities the book makes a valuable contribution to the existing literature on Islamic studies social anthropology feminist philosophy and social cohesion

World Religions and Cults Volume 3 Bodie Hodge, Roger Patterson, 2016-11-30 This final book in the series focuses on the atheistic or humanistic type of religions It would be one of the most valuable for the church in the Western World where anti god and pro evolution religions are beginning to explode for it was written to refute those religions and show how they fail Unlike most books on world religions this title dives into the secular humanistic religions The book starts with God s Word as the absolute authority In doing so God becomes our guide to refute false religions Humanistic religions are all around us and we need to be able to spot their tenets and oppose them instead of allowing them to subtly infiltrate our Christianity and undermine us from within We need to know how to refute these humanistic religions We need to know how to effectively present the gospel to people who have been deceived by humanistic religions
