Burrow, 2019-06-30 Originally published in 1965 A Reading of Sir Gawain and the Green Knight is an interpretation of the most important poem in Middle English literature the only fourteenth century work which can stand beside Chaucer The book examines the poem's conventions and purposes in a critical analysis and provides a useful and insightful introduction to Sir Gawain It will be of interest to students and academics studying the poem of Sir Gawain and the Green Knight *Sir Gawain and the Green Knight* Elisabeth Brewer, 1992 Sir Gawain and the Green Knight is a great poem that gives some powerful twists to traditional materials The story combines two ancient elements beheading and seduction in a fresh and remarkable way it takes familiar medieval themes the feast the seasons the arming of the warrior the hunt and gives them a new glamor The intertextuality of this brilliant poem can be most clearly seen through Elisabeth Brewer's modern English versions of other related medieval

writings Her book is a delightful and unusual small anthology of medieval literature but its greatest success lies in providing a context for a fuller understanding of Sir Gawain through its presentation of extracts and poems including translations from Celtic and French originals illustrating the tradition in which the Gawain poet wrote underscoring his own great achievement
