Marianne Fedunkiwiw,2005-04-28 Fedunkiwiw focuses on three recipients the University of Toronto the leading Ontario medical school McGill University Canada s medical school and Dalhousie University the struggling Maritime school to demonstrate how the money made possible the introduction of full time clinical teaching and encouraged greater public and private support for medical education The shift to full time although advocated by progressive educators also led to a backlash in Toronto resulting in a provincial inquiry in Ontario that threatened to return the University of Toronto to government control Her book not only provides a history of Canadian medical education and large scale philanthropy in North America but also analyses the effects of philanthropic giving the practice of matching fund gifts and accountability The Force of Culture

Karen Finlay,2004-12-15 A misunderstood and sometimes maligned figure Vincent Massey was one of Canada s most influential cultural policy makers and art patrons Best known as Canada s first native born Governor General he chaired the landmark Royal Commission on National Development in the Arts Letters and Sciences that led to the creation of the Canada Council The Force of Culture examines Massey s notion of culture its conflicted roots in late nineteenth century and early twentieth century Canadian Protestant thought and Massey s transformation into a champion of culture as a bastion of Canadian sovereignty Karen Finlay s study goes beyond existing literature by examining the role of Massey s Methodist upbringing in instilling an education gospel as the bedrock of culture and the foundation of a national citizenry The study also reassesses Massey s reputation as a supporter of the fine arts Steeped in Methodism his attitudes towards the arts were ambiguous He never adopted a purely art for art s sake doctrine but came to understand that the arts without being moralizing could serve a moral and cultural purpose the expression and affirmation of national character and sovereignty As well as charting Massey s evolving attitudes towards culture and the arts Finlay attempts to redress the common charges of sexism elitism and anglophonism levelled against him Finlay stresses Massey s contradictory views on issues relating to gender race and class outweighed by the ongoing legacy of his belief in Canadian cultural diversity Above all Massey valorized the principles of excellence and diversity as twin antidotes to the anathema of conformity and cultural homogenization The tenet Massey sought to honour pertaining deeply to the collective and moral nature of humanism in Canada Finlay argues was community without uniformity The Force of Culture shows that Massey was in certain respects a democratizer and even a populist who believed that difference need not divide Electronic Format Disclaimer Images removed at the request of the rights holder Notes to the University of Toronto

**Long Eclipse** Catherine Gidney, 2004-11-09 Taking a social and cultural history approach Gidney argues that for much of the twentieth century a liberal Protestant establishment imparted its own particular vision of moral and intellectual purpose to denominational and non denominational campuses alike Examining administrators pronouncements the moral regulation of campus life and student religious clubs she demonstrates that Protestant ideals and values were successfully challenged only in the post World War II period when a number of factors including a loosening of social mores a more religiously diverse student body and the ascent of the multiversity finally eroded Protestant hegemony Only in the late 1960s however can one begin to speak of a university whose public voice was predominantly secular and where the voice of liberal Protestantism had been reduced to one among many

Hendley, 2012-02-27 Patriotic organizations in prewar Britain are often blamed for the public's enthusiastic response to the outbreak of World War One The wartime experience of these same organizations is insufficiently understood In Organized Patriotism and the Crucible of War Matthew Hendley examines how the stresses and strains of the Great War radically reshaped popular patriotism and imperialism in Britain after 1918 Using insights from gender history and recent accounts of associational life in early twentieth century Britain Hendley compares the wartime and postwar histories of three major patriotic organizations founded between 1901 and 1902

the National Service League the League of the Empire and the Victoria League He shows how the National Service League strongly masculinist and supportive of militaristic aims floundered in wartime Conversely the League of the Empire and the Victoria League with strong female memberships goals related to education and hospitality and a language emphasizing metaphors of family home and kinship prospered in wartime and beyond into the 1920s Organized Patriotism and the Crucible of War is a richly detailed study of women's roles in Britain during the height of popular imperialism as well as a major contribution to our understanding of the continuities in Britain before and after the First World War **The**
