Sir John Franklin:

The Life of Sir John Franklin, R.N. H D Traill, 2022-08-10 In *The Life of Sir John Franklin R N H D Traill* offers a meticulously researched biography that captures the adventurous spirit and tragic fate of one of Britain's most renowned Arctic explorers. Spanning the most critical junctures of Franklin's life from his early naval career to his ill-fated expedition in search of the Northwest Passage, Traill employs a narrative style that deftly intertwines meticulous historical detail with vivid storytelling. Written during the late 19th century, the text reflects a growing public fascination with exploration and the heroic ideals of Victorian society, all while engaging with themes of ambition, perseverance, and the unknown. H D Traill, a distinguished writer and literary critic, cultivated his interest in exploration through personal experiences with travel and journalism. His background inspired a profound understanding of the human spirit's resilience against nature's formidable challenges. Traill's scholarship showcases both admiration and a critical lens toward the imperialist undertones inherent in narratives of exploration, not shying away from acknowledging Franklin's flaws alongside his achievements. This book is an essential read for history enthusiasts and anyone captivated by the tales of exploration and adventure. Traill's nuanced portrayal offers a balanced perspective that not only honors Franklin's legacy but also encourages readers to contemplate the complex moral landscapes navigated by historical figures in the name of discovery.

Deadly Winter Martyn Beardsley, 2002 A significant part of the book is also devoted to Franklin the sailor and the man. He was present at two of Nelson's most famous battles, Copenhagen and Trafalgar, and sailed with the great navigator Matthew Flinders on the first circumnavigation of Australia. The book covers his governorship of Tasmania and gives an insight into the corruption and political chicanery which finally drove him out. Franklin was married to two exceptional women, and through surviving letters and diaries, we catch a glimpse of his relationship with the precocious but frail Eleanor Anne Porden, who died tragically young while he was away on an expedition. He subsequently married the strong-willed Jane Griffin, who won great admiration in her attempts to pressure the Admiralty to step up their efforts to find her missing husband.

North-west Passage Sir Albert Hastings Markham, 1891 The Gates of Hell Andrew D. Lambert, 2014-05-14 From one of our foremost naval historians the compelling story of the doomed Arctic voyage of the HMS Erebus and the HMS Terror commanded by Captain Sir John Franklin Andrew Lambert a leading authority on naval history reexamines the life of Sir John Franklin and his final doomed Arctic voyage Franklin was a man of his time fascinated even obsessed with the need to explore the world he had already mapped nearly two thirds of the northern coastline of North America when he undertook his third Arctic voyage in 1845 at the age of fifty nine His two ships were fitted with the latest equipment steam engines enabled them to navigate the pack ice and he and his crew had a three year supply of preserved and tinned food and more than one thousand books Despite these preparations the voyage ended in catastrophe the ships became imprisoned in the ice and the men were wracked by disease and ultimately wiped out by hypothermia scurvy and cannibalism Franklin's mission was ostensibly to find the elusive North West Passage a viable sea route between Europe and Asia reputed to lie north of the American continent Lambert shows for the first time that there were other scientific goals for the voyage and that the disaster can only be understood by reconsidering the original objectives of the mission Franklin commonly dismissed as a bumbling fool emerges as a more important and impressive figure in fact a hero of navigational science
