Shifting Loyalty Emma Grondines, 2024-05-10 Things really couldn't get any worse. The quintuplets have been captured by their enemies, the Kaneshiro clan. Their parents are still missing. And the Kaneshiro clan's psycho mad scientist keeps asking them questions about the North Guardian, which is super annoying because they don't know anything about the North Guardian. Held prisoner in the depths of a Kaneshiro stronghold, the quintuplets are separated from each other and subjected to physical and mental tortures that test not only their mettle but also their bonds with each other. Any attempt at escape is quickly thwarted. As for rescue, that seems hopeless too, given how much their grandparents and most of their clan seem to hate them. The longer they're imprisoned, the more reality and the line between friend and foe blurs. And so the quintuplets start to wonder: Just who can they trust these days anyway?

And his next Physicians Without Borders mission is waiting. But five years later, Gabe comes home to Texas to find Susannah is a single parent of toddler quintuplets. And he wants to be there for all of them. Can he stay in one place long enough to fall for this big family?
