Site Planning and Design for the Elderly Diane Y. Carstens, 1993-02-15 Design for the elderly is at the forefront of architectural topics today Yet while much has been written about the design of indoor spaces little work has been done on planning outdoor spaces to accommodate the needs of the elderly Site Planning and Design for the Elderly specifically addresses this issue drawing from a large body of original research current knowledge and theory to provide the background knowledge and specific information necessary for informed decision making throughout the site planning and

design process More than just a reference on accessibility standards this volume offers key insights into the needs and concerns of older people in the built environment and presents guidelines and alternatives for responsive site planning and design Organized in a clear step by step format for easy reference issues and specific guidelines are provided for each stage of the planning and design process within the context of housing for older people Moreover architects landscape architects urban designers developers and students will find the topics covered applicable to other settings where older people are a part of the user profile such as downtown renewal hospital and park planning projects Numerous illustrations and case studies highlight major points throughout the text The first sections of this volume provide valuable background information on housing options available to seniors and outline design implications of the social and physiological changes associated with advancing age Critical design and management issues are discussed objectives are outlined and implementation strategies are developed including methods for promoting wayfinding enhancing personalization and maximizing opportunities for social interaction The body of this volume provides specific guidelines for each stage of development Site planning areas addressed include site selection the layout of housing units including relationships between facilities offering different levels of care recreational amenities and circulation systems Detailed guidelines for the location spatial configuration detailing and amenities of major site components and recreational facilities are also provided Entryways parking patios rooftop developments and gardening centers are among the specific areas covered A brief outline of the major issues affecting use of each site component is particularly useful for making decisions regarding facility provision and for prioritizing development alternatives Critical detailing and amenity specifications are pinpointed and thoroughly described Paving materials signage lighting site furniture and pedestrian street crossings are among those elements examined A concise overview in tabular form of the major guidelines presented throughout closes this practical volume It is possible to design a site that will not only enhance the lives of elderly residents but will be cost effective and highly marketable as well Site Planning and Design for the Elderly provides practical solutions to the problems of exterior design for one of the fastest growing segments of the U S population today **Zoning News** ,1996 **Westpark Master Plan** ,2007 *Land Use Tools and Techniques* ,2003 *Creating Cohousing* Charles Durrett,Kathryn McCamant,2011-02-01 The cohousing bible by the US originators of the concept A man's home is his castle But demographic and economic changes have turned our castles into islands How can we regain the elements of the traditional village family cooperation community and a sense of belonging within the context of 21st century life *Creating Cohousing Building Sustainable Communities* is an in depth exploration of a uniquely rewarding type of housing which is perfect for anyone who values their independence but longs for more connection with those around them Written by the award winning team that wrote the original cohousing bible and first brought cohousing to North America this fully illustrated manual combines nuts and bolts practical considerations and design ideas with extensive case studies of dozens of diverse communities in Europe and North America Cohousing communities create

unique opportunities for designing more sustainable lifestyles Whether urban suburban or rural senior or intergenerational retrofit or new the authors show how the physical structures of cohousing communities lend themselves to a more efficient use of resources and make everything from gardening to childcare to socializing easier Creating Cohousing puts the neighbor back into neighborhood and is an essential resource for anyone interested in more environmentally and socially sustainable living **Compendium of Research Reports**, 1981 *Encyclopedia of Community* DAVID LEVINSON, KAREN

CHRISTENSEN, 2003-06-30 Click Additional Materials for downloadable materials and samples Incredibly this is the first encyclopedia to focus on community as concept and experience so stands alone in its field as the one title any library must buy to cover this topic Essential for all readerships CHOICEA timely comprehensive and very welcome overview of a rich and rapidly growing field of inquiry Robert D Putnam Professor at Harvard University and author of *Bowling Alone* With every passing minute it becomes more and more apparent that our world is one community The Encyclopedia of Community serves as recognition of this trend and as a needed resource The four volume set not only explains the emerging buzz words of community such as social capital or civic engagement but also tells many stories of community institutions that work such as public libraries Sarah Ann Long Past President 1999 2000 American Library Association As we yearn to connect with our fellow citizens during these uncertain times we have a unique moment to encourage greater participation in our democracy and reinvigorate our communities The Encyclopedia of Community provides a timely diverse array of theories and practices that will help citizens understand the value of engaging together to make the critical choices that enrich the way we live learn work and govern in our local communities The Encyclopedia deserves a prime spot in the libraries homes and offices of all communities that want to invest in a brighter future for their residents and their children Nancy Kranich Past President of the American Library Association whose presidential theme was Libraries The Cornerstone of Democracy 2000 2001 American politicians often pair the word community with the word freedom to describe our basic values Yet though used constantly the word community is defined in widely different and contested ways Most people like the idea of community but some intellectuals worry that it might imply collectivism The great value of this new Encyclopedia is that it gives readers a chance to sample the many uses of the term and gain clarity about the issues at stake It is a major contribution to a more coherent understanding of this fundamental idea Robert Bellah Professor of Sociology Emeritus University of California Berkeley and co author of *Habits of the Heart* SAGE Publications is proud to announce the Encyclopedia of Community a major reference work that summarizes the many fascinating and important concepts of a global topic Community itself is a concept an experience and a central part of being human Whether the reader is a student researcher or professional in the field of psychology sociology or even economics this three volume work will provide the necessary definitions of community beyond traditional views Arranged in an A to Z fashion the Encyclopedia can also be viewed topically via a Reader's Guide This allows for interdisciplinary compare and contrast among topics such as types of communities social capital technology
