Skepticism Individuality And Freedom The Reluctant Liberalism Of Richard Flathman:

Skepticism, Individuality, and Freedom, 2002 *Richard E. Flathman* P.E. Digeser, 2016-08-25 Richard E Flathman is a ground breaking theorist of key political concepts a fierce defender of individuality a close and original reader of Hobbes and an advocate of a willful conception of liberalism In this volume P E Digeser draws together some of his key works The collection is framed by an introduction and an interview with Flathman where he reflects on his contributions By thinking through and with Wittgenstein s later philosophy of language his work clarifies and refines terms that are central to politics and to the tradition of political thought His work also seeks to cure certain persistent muddles and confusions in our political concepts as well as create and defend a space for the opaque and opalescent features of ourselves Flathman advances a liberalism that is more open to and celebratory of the idiosyncratic as well as to voices not ordinarily associated with the liberal tradition The editor has focused on her work in three key areas The first part focuses on Flathman as a theorist of meaning and presents excerpts from his analyses of quality authority and rights The second part focuses on his contributions to understanding the meaning and value of freedom The final part presents selections that illustrate his conception of liberalism and individuality Helping to highlight how the innovations in Flathman s thought have shaped the field of political theory this collection will be of interest to students and scholars *Liberalism, Nationalism, Citizenship* Ronald Beiner, 2003 Liberals believe that the purpose of politics is to guarantee that individuals do not face unfair impediments in pursuing the lives they choose for themselves Nationalists believe that the purpose of politics is to ensure that a people s sense of authentic nationhood wins full expression in powers of collective sovereignty or self rule Both of these forms of political commitment yield world transforming political philosophies but do either of these visions do adequate justice to a philosophically robust ideal of shared citizenship and civic membership In *Liberalism Nationalism Citizenship* Ronald Beiner engages critically with a wide range of important political thinkers and current debates in light of the Aristotelean idea that shared citizenship is an essential human calling Virtually every aspect of contemporary political experience globalization international migration secessionist movements the politics of multiculturalism pose urgent challenges to modern citizenship Beiner s work on the philosophy of citizenship is essential reading not just for students of politics and political philosophy but for all those who rightly sense that these kinds of recent challenges *Freedom After the Critique of Foundations* A. Kioupkiolis, 2012-07-25 An exploration of the contemporary re conception of freedom after the critique of objective truths and ideas of an unchanging human nature in which modern self determination was grounded This book focuses on the radical theorist Cornelius Castoriadis and the new paradigm of agonistic autonomy is contrasted with Marxian and liberal approaches *Strong Liberalism* Jason A. Scorza, 2008 In this age of total war on terrorism many liberals fail to recognize the dangers of adopting the methods of their enemies of meeting propaganda with propaganda cruelty with cruelty and violence with violence Other liberals reject even modest efforts to teach and regulate good citizenship fearing that in doing

so they will come to resemble their enemies Can liberal democracy be strengthened and secured without either compromising basic liberal principles or emasculating fundamental liberal purposes The great totalitarian regimes of the twentieth century are gone but the need for strong liberalism has never been more urgent Jason A Scorza argues that liberalism can generate an account of citizenship responsive to such pressing contemporary challenges as political fear political apathy and conformist political membership Strong Liberalism is founded on understanding thoroughly the canonical defenders of liberal democracy John Stuart Mill John Rawls and Judith Shklar moving beyond the thinking of prominent contemporary theorists Stephen Macedo William Galston and Thomas Spragens and parrying the arguments of liberalism s critics Benjamin Barber Michael Sandel and Mary Ann Glendon Scorza imparts a sharp theory of strong liberalism that summons liberal philosophy to the battlefield of the inner life of politics and recalls it to its own essential but often overlooked strengths civic friendship political courage political self reliance civic toleration and political irreverence The theory of strong liberalism accepts that civic strength is rooted in civic pluralism Liberal democracy is best served by the cultivation of multiple examples of good citizenship rather than by the insistence that a single ideal civic character can be identified and universally imposed through civic education

The Routledge Guidebook to Hobbes' Leviathan Glen

Newey,2014-04-24 Hobbes is widely regarded as one of the most important figures in the history of ideas and political thought and his seminal text Leviathan is widely recognised as one of the greatest works of political philosophy ever written The Routledge Guidebook to Hobbes Leviathan introduces the major themes in Hobbes great book and acts as a companion for reading this key work examining The context of Hobbes work and the background to his writing Each separate part of the text in relation to its goals meanings and impact The reception the book received when first seen by the world The relevance of Hobbes work to modern philosophy it s legacy and influence With further reading included throughout this text follows Hobbes original work closely making it essential reading for all students of philosophy and politics and all those wishing to get to grips with this classic work

Routledge Philosophy GuideBook to Hobbes and Leviathan Glen

Newey,2008-01-07 Hobbes is one of the most important figures in the history of ideas and political thought and his book Leviathan is widely recognized as one of the greatest works of political philosophy In this GuideBook Glen Newey offers a balanced guide to this key text that explores both its historical and philosophical aspects The author introduces the relevance of Hobbes ideas to modern political thought the major interpretations of Leviathan Hobbes life and the background of Leviathan The Routledge Philosophy GuideBook to Hobbes and Leviathan is the ideal introduction for students who wish to understand more about this important philosopher and this classic work of philosophy

Wittgenstein and Modernist

Fiction Greg Chase,2022-02-08 The early decades of the twentieth century were a period of major economic and cultural upheaval across Europe and America Scholars have typically held that novelists responded to these shifts by questioning language s capacity to picture the world accurately But even as modernist novels move away from a view of language as a

means of gaining knowledge they also underscore its capacity to grant acknowledgment they treat words as tools for recognizing and responding to the inner lives of others This book brings out this crucial feature of modernism by engaging with the philosophy of Ludwig Wittgenstein and with Stanley Cavell's pioneering interpretation of Wittgenstein's thought The book shows how Wittgenstein's interest in acknowledgment emerges over the course of his career long effort to grapple with the same disorienting conditions of modern life that the experimental fiction of this period registers including world wars industrialization and new conceptions of sexuality It then argues that modernist novels by E M Forster Virginia Woolf Nella Larsen William Faulkner and others exhibit a similar interest in language's capacity to grant acknowledgment These novels offer readers a way of hearing what Wittgenstein calls the silent soliloquy of others giving us words by which we might acknowledge the otherwise unvoiced inner lives of socially marginalized figures

Bound by Recognition Patchen Markell, 2009-01-10 In an era of heightened concern about injustice in relations of identity and difference political theorists often prescribe equal recognition as a remedy for the ills of subordination Drawing on the philosophy of Hegel they envision a system of reciprocal knowledge and esteem in which the affirming glance of others lets everyone be who they really are This book challenges the equation of recognition with justice Patchen Markell mines neglected strands of the concept's genealogy and reconstructs an unorthodox interpretation of Hegel who in the unexpected company of Sophocles Aristotle Arendt and others reveals why recognition's promised satisfactions are bound to disappoint and even to stifle Written with exceptional clarity the book develops an alternative account of the nature and sources of identity based injustice in which the pursuit of recognition is part of the problem rather than the solution And it articulates an alternative conception of justice rooted not in the recognition of identity of the other but in the acknowledgment of our own finitude in the face of a future thick with surprise Moving deftly among contemporary political philosophers including Taylor and Kymlicka the close interpretation of ancient and modern texts Hegel's Phenomenology Aristotle's Poetics and more and the exploration of rich case studies drawn from literature Antigone history Jewish emancipation in nineteenth century Prussia and modern politics official multiculturalism Bound by Recognition is at once a sustained treatment of the problem of recognition and a sequence of virtuoso studies

Contesting Conformity Jennie Choi Ikuta, 2020 Non conformity in American public life Countering conformity through intellectual freedom in Tocqueville's Democracy in America Contesting conformity through individuality in Mill's On liberty Refusing conformity through creativity in Nietzsche

D.W. Winnicott and Political Theory Matthew H. Bowker, Amy Buzby, 2017-01-31 In this volume the work of British psychoanalyst D W Winnicott is set in conversation with some of today's most talented psychodynamically sensitive political thinkers The editors and contributors demonstrate that Winnicott's thought contains underappreciated political insights discoverable in his reflections on the nature of the maturational process and useful in working through difficult impasses confronting contemporary political theorists Specifically Winnicott's psychoanalytic theory and practice offer a framework by which the political subject destabilized and

disrupted in much postmodern and contemporary thinking may be recentered Each chapter in this volume in its own way grapples with this central theme the potential for authentic subjectivity and inter subjectivity to arise within a nexus of autonomy and dependence aggression and civility destructiveness and care This volume is unique in its contribution to the growing field of object relations oriented political and social theory It will be of interest to political scientists psychologists and scholars of related subjects in the humanities and social sciences Lessons from a Materialist Thinker Samantha Frost,2008 Carefully elaborating Hobbes materialist ontology Samantha Frost challenges both our implicit Cartesian assumptions about the self the commonplace Hobbes that so readily figures in our political imagination Dialogues with Contemporary Political Theorists G. Browning,R. Prokhovnik,M. Dimova-Cookson,2012-11-16 A lively and engaging collection which explains the various strands of political theory identifies key futures trends and explores the foundations of contemporary debate Features interviews with pre eminent theorists including Quentin Skinner Carole Pateman and Alex Honneth **Democratic Statecraft** J. S. Maloy,2013-03-25 The theory of statecraft explores practical politics through the strategies and manoeuvres of privileged agents whereas the theory of democracy dwells among abstract and lofty ideals Can these two ways of thinking somehow be reconciled and combined Or is statecraft destined to remain the preserve of powerful elites leaving democracy to ineffectual idealists J S Maloy demonstrates that the Western tradition of statecraft usually considered the tool of tyrants and oligarchs has in fact been integral to the development of democratic thought Five case studies of political debate ranging from ancient Greece to the late nineteenth century United States illustrate how democratic ideas can be relevant to the real world of politics instead of reinforcing the idealistic delusions of conventional wisdom and academic theory alike The tradition highlighted by these cases still offers resources for reconstructing our idea of popular government in a realistic spirit skeptical pragmatic and relentlessly focused on power **Michael Oakeshott, the Ancient Greeks, and the Philosophical Study of Politics** Eric Steven Kos,2016-07-20 This book addresses a question fundamental for Oakeshott throughout his life which is what we are doing when we read and discuss some memorable work in the history of political thought The approach the book takes to Oakeshott s response to this question is of particular interest in that it explores in detail extensive notes he made on the beginnings of political philosophy in ancient Greece in an unpublished set of notebooks in which he recorded his thoughts on many different subjects throughout his life In addition the book gives contemporary significance to Oakeshott s interpretation of the history of political thought by using it to confront a series of contemporary challenges to the study of the history of political thought and to the study of the great books In particular Oakeshott s distinction between various kinds or levels of political thought is carefully analyzed as is also the extent of his agreement and disagreement with Quentin Skinner In the concluding chapter the author relates Oakeshott s view of the nature of the history of political thought to his well known description of philosophy as conversation describing it as an introduction to that conversation **Another Cosmopolitanism** Seyla Benhabib,2008-07-15 In these two important

lectures distinguished political philosopher Seyla Benhabib argues that since the UN Declaration of Human Rights in 1948 we have entered a phase of global civil society which is governed by cosmopolitan norms of universal justice norms which are difficult for some to accept as legitimate since they are in conflict with democratic ideals In her first lecture Benhabib argues that this tension can never be fully resolved but it can be mitigated through the renegotiation of the dual commitments to human rights and sovereign self determination Her second lecture develops this idea in detail with special reference to recent developments in Europe for example the banning of Muslim head scarves in France The EU has seen the replacement of the traditional unitary model of citizenship with a new model that disaggregates the components of traditional citizenship making it possible to be a citizen of multiple entities at the same time The volume also contains a substantive introduction by Robert Post the volume editor and contributions by Bonnie Honig Northwestern University Will Kymlicka Queens University and Jeremy Waldron Columbia School of Law

Toward a Feminist Ethics of Nonviolence Adriana Cavarero, Judith Butler, Bonnie Honig, 2021-01-26 *Toward a Feminist Ethics of Nonviolence* brings together major feminist thinkers to debate Cavarero's call for a postural ethics of nonviolence and a sociality rooted in bodily interdependence *Toward a Feminist Ethics of Nonviolence* brings together three major feminist thinkers Adriana Cavarero Judith Butler and Bonnie Honig to debate Cavarero's call for a postural ethics of nonviolence The book consists of three longer essays by Cavarero Butler and Honig followed by shorter responses by a range of scholars that widen the dialogue drawing on post Marxism Italian feminism queer theory and lesbian and gay politics Together the authors contest the boundaries of their common project for a pluralistic heterogeneous but urgent feminist ethics of nonviolence

The Morality of Conflict Samantha Besson, 2005-11-25 This book explores the relationship between the law and pervasive and persistent reasonable disagreement about justice It reveals the central moral function and creative force of reasonable disagreement in and about the law and shows why and how lawyers and legal philosophers should take reasonable conflict more seriously Even though the law should be regarded as the primary mode of settlement of our moral conflicts it can and should also be the object and the forum of further moral conflicts There is more to the rule of law than convergence and determinacy and it is important therefore to question the importance of agreement in law and politics By addressing in detail issues pertaining to the nature and sources of disagreement its extent and significance as well as the procedural institutional and substantive responses to disagreement in the law and their legitimacy this book suggests the value of a comprehensive approach to thinking about conflict which until recently has been analysed in a compartmentalized way It aims to provide a fully fledged political morality of conflict by drawing on the analysis of topical jurisprudential questions in the new light of disagreement Developing such a global theory of disagreement in the law should be read in the context of the broader effort of reconstructing a complete account of democratic law making in pluralistic societies The book will be of value not only to legal philosophers and constitutional theorists but also to political and democratic theorists as well as to all those interested in

public decision making in conditions of conflict **The Conditions of Hospitality** Thomas Claviez,2013-04 A collection of essays devoted to the concept of hospitality from different disciplinary perspectives such as philosophy politics anthropology aesthetics ethics and translation studies *How To Do Things With Tears* Paul Delnero,2020-08-10 In contrast to other traditions cultic laments in Mesopotamia were not performed in response to a tragic event such as a death or a disaster but instead as a preemptive ritual to avert possible catastrophes Mesopotamian laments provide a unique insight into the relationship between humankind and the gods and their study sheds light on the nature of collective rituals within a crosscultural context Cultic laments were performed in Mesopotamia for nearly 3000 years This book provides a comprehensive overview of this important ritual practice in the early 2nd millennium BCE the period during which Sumerian laments were first put in writing It also includes a new translation and critical edition of Uruamairabi That city which has been plundered one of the most widely performed compositions of its genre

Thank you extremely much for downloading **Skepticism Individuality And Freedom The Reluctant Liberalism Of Richard Flathman**. Maybe you have knowledge that, people have see numerous times for their favorite books gone this Skepticism Individuality And Freedom The Reluctant Liberalism Of Richard Flathman, but stop taking place in harmful downloads.
