The Acadians:

The Acadians James Laxer, 2010-05-14 An evocative and beautifully written history of some of Canada's earliest settlers and their search for a definitive home In 1604 a small group of migrants fled political turmoil and famine in France to start a new colony on Canada's east coast Their roughly demarcated territory included what are now Canada's Maritime provinces land that was fought over by the British and French empires until the Acadians were finally expelled in 1755 Their diaspora persists to this day The Acadians is the definitive history of a little known part of the North American past and the quintessential story of a people in search of their identity In the absence of a state what defines an Acadian is elusive and while today's Acadian community centred in New Brunswick is more confident than ever it is entering a contentious debate about its future James Laxer's compelling book brilliantly explores one of Canada's oldest and most distinct cultural groups and shows how their complex often tragic history reflects the larger problems facing Canada and the world today

Maillet, 2000-09-01 In 1708 an orphanage in Paris France is visited by a government official seeking male volunteers 12 years old and up to join the French army and be sent to Port Royal Nova Scotia to help defend the fort against a threatened British invasion Thirteen year old Jacques Maillet protagonist of this true adventure story immediately joins up He and his orphaned friends are given military training and then sent off on ships for the New World At the fort he is sent to live with a French family the Heberts who grow to like him and teach him ways to help with their farm labors At the fort Jacques meets Paul a Native American boy his age The Micmac Indian boy was named Paul by the Roman Catholic missionaries after evangelizing and baptizing him keeping with the traditions of naming boys after Roman Catholic saints Paul and Jacques became best of friends after Jacques interest in the ways of Paul's tribe the Micmacs who spend the warm months of the year by the Annapolis River near the fort In the fall when the harvest is in Jacques is given permission to live with Paul and his family in their winter quarters deep in the woods He learns their language beliefs and skills In the spring he returns to his duties in the fort and the Hebert home There his fondness for one of the Hebert daughters Magdelaine begins He spends another winter with the Micmacs learning everything he can about survival in the wilderness The next summer he is back soldiering in the undermanned fort at Port Royal when the British launch a massive attack The boy soldiers fight valiantly but after a week of naval bombardment the fort surrenders Conditions of surrender call for the return of the French soldiers including

the boys to France By this time Jacques has fallen in love with his new life and does not want to leave Disguised as an Indian he slips away Years pass and Jacques slowly grows toward manhood On a fishing expedition on the Bay of Fundy his party of a dozen Micmacs is attacked by Kennebec Indians and only he and Paul survive When they return to tell the story the Micmacs seek revenge They pillage a Kennebec village and Jacques is rewarded with many animal pelts which he brings back to Port Royal and trades for British goods that are highly desired by the Micmacs He prospers and winds up one of the wealthiest men in the area Hanging over everyones head is the uncertain fate of the French settlers in Nova Scotia which has now become British The British know the French will never make good English subjects and they would like to expel them and take their lands but they also need the skills and produce of these hardy and experience settlers in order for their colony to exist A large problem is the Indians the Micmac hate the British and do not want the Acadians their old French friends to leave The Acadians are caught in a vice and the pressure mounts In spite of this Jacques courts and marries Magdelaine and builds her a fine house on ten acres of land obtained from her father She becomes interested in his Indian skills and wants to meet the Micmacs The following spring the young couple goes to live with Pauls family in their teepee in the woods where Jacques learns from Pauls mother the reason his wife is feeling ill every morning Refusing to sign an oath of allegiance to the Crown of England the French settlers are hounded and persecuted In spite of the tensions between the French and English Jacques and Magdelaine bring thirteen children into the world Compounding the problems with the English the Roman Catholic missionaries goad the Indians into bloody attacks on the British The British have had enough and opt to remove the French settlers from Nov
