The Acts Of A Pagan Jew:

Jews, Pagans and Christians in the Roman Empire Jan N. Bremmer ,2025-10-13 **The Acts of a Pagan Jew** Nina Galen,2005-03-28 **Jews, Pagans and Christians in Conflict** D. Rokeah,2022-07-11 *Jews and Christians: Volume 6* Molly Whittaker,1984-11-22 The aim of this book is to give access to sources which illustrate Graeco Roman views on Jews and Christians from 200 BC to AD 200 Passages range from longer extracts written by historians to short incidental references by disparate authors which throw light on attitudes towards beliefs and social customs The pagan religious background especially the Mystery religions is also described and illustrated by selected passages so that the reader may have some idea of the general religious climate during this period Every quotation is prefixed by a brief biography of the author and all passages have been translated into English with explanatory comment when necessary Connecting essays act as summaries and focus the attention on essential issues These together with a chronological chart and maps should enable a student coming fresh to the subject without previous specialized knowledge to see the period in historical perspective

The Literary Construction of the Other in the Acts of the Apostles Mitzi J. Smith,2011-01-01 Too often the negative characterization of others in the biblical text is applied to groups and persons beyond the text whom we wish to define as the Other Otherness is a synthetic and political social construct that allows us to create and maintain boundaries between them and us The other that is too similar to us is most problematic This book demonstrates how proximate characters are constructed as the Other in the Acts of the Apostles Charismatics Jews and women are proximate others who are constructed as the external and internal Other *On Pagans, Jews, and Christians* Arnaldo Momigliano,1987-11 An analysis of the relationships between pagan Greece imperial Rome Judaism and Christianity Hidden Criticism of the Angry Tyrant in Early Judaism and the Acts of the Apostles , Drew J. Strait,2019-07-31 Hidden Criticism of the Angry Tyrant in Early Judaism and the Acts of the Apostles adds to the current literature of imperial critical New Testament readings with an examination of Luke s hidden criticism of imperial Rome in the Acts of the Apostles and in Paul s speech on the Areopagus in Acts 17 Focusing on discursive resistance in the Hellenistic world Drew J Strait examines the relationship between hidden criticism and persuasion and between subordinates and the powerful and he explores the challenge to the dissident voice to communicate criticism while under surveillance Strait argues that Luke confronts the idolatrous power and iconic spectacle of gods and kings with the Gospel of the Lord of all a worldview that is incompatible with the religions of Rome including emperor worship The Jews of Egypt Joseph Modrzejewski,1995 This is the story of the adventures and misadventures of the Jewish people in the land of Egypt The author uses the clear light of scientific analysis and archaeological research to illuminate the reality underlying the images from the Biblical accounts and Jewish and pagan literary texts through the great love affair between Jews and Hellenic culture It ends with the brief but crucial episode when budding Christianity and the Alexandrian Jews parted company *Augustine and the Jews* Paula Fredriksen,2010-10-12 In Augustine and the Jews

Fredriksen draws us into the life times and thought of Augustine of Hippo 396 430 Focusing on the period of astounding creativity that led to his new understanding of Paul and to his great classic The Confessions she shows how Augustine's struggle to read the Bible led him to a new theological vision one that countered the anti Judaism not only of his Manichaean opponents but also of his own church The Christian Empire Augustine held was right to ban paganism and to coerce heretics But the source of ancient Jewish scripture and current Jewish practice he argued was the very same as that of the New Testament and of the church namely God himself Accordingly he urged Jews were to be left alone Conceived as a vividly original way to defend Christian ideas about Jesus and about the Old Testament Augustine's theological innovation survived the collapse of the Western Roman Empire and it ultimately served to protect Jewish lives against the brutality of medieval crusades Augustine and the Jews sheds new light on the origins of Christian anti Semitism and through Augustine opens a path toward better understanding between two of the world's great religions Religious Competition in the Third Century CE: Jews, Christians, and the Greco-Roman World Jordan D. Rosenblum, Lily Vuong, Nathaniel DesRosiers, 2014-10-01 The essays in this work examine issues related to authority identity or change in religious and philosophical traditions of the third century CE This century is of particular interest because of the political and cultural developments and conflicts that occurred during this period which in turn drastically changed the social and religious landscape of the Roman world The specific focus of this volume edited by Jordan D Rosenblum Lily Vuong and Nathaniel DesRosiers is to explore these major creative movements and to examine their strategies for developing and designating orthodoxies and orthopraxies Contributors were encouraged to analyze or construct the intersections between parallel religious and philosophical communities of the third century including points of contact either between or among Jews Christians pagans and philosophers As a result the discussions of the material contained within this volume are both comparative in nature and interdisciplinary in approach engaging participants who work in the fields of Religious Studies Philosophy History and Archaeology The overall goal was to explore dialogues between individuals or groups that illuminate the mutual competition and influence that was extant among them and to put forth a general methodological framework for the study of these ancient dialogues These religious and philosophical dialogues are not only of great interest and import in their own right but they also can help us to understand how later cultural and religious developments unfolded
