The Adventures Of Laura And Jack A Little House Chapter:

The Adventures of Laura & Jack Laura Ingalls Wilder, 1997-01-31 Laura Ingalls Wilder's nine original Little House books have been read and cherished by millions of readers. Gentle adaptations of these celebrated stories have been gathered together here in a brand new series of Little House Chapter Books. With simple captivating text and Renée Graef's breathtaking artwork created in the style of Garth Williams, Little House Chapter Books are the perfect way to introduce beginning chapter book readers to the exciting world of Little House.

Children and Cultural Memory in Texts of Childhood Heather Snell, Lorna Hutchison, 2013-11-07 The essays in this collection address the relationship between children and cultural memory in texts both for and about young people. The collection overall is concerned with how cultural memory is shaped, contested, forgotten, recovered, and re-circulated, sometimes in opposition to dominant national narratives and often for the benefit of young readers who are assumed not to possess any prior cultural memory. From the innovative development of school libraries in the 1920s to the role of utopianism in fixing cultural memory for teen readers, it provides a critical look into children and ideologies of childhood as they are represented in a broad spectrum of texts including film, poetry, literature, and architecture from Canada, the United States, Japan, Germany, Britain, India, and Spain. These cultural forms collaborate to shape ideas and values in turn contributing to dominant discourses about national and global citizenship. The essays included in the collection imply that childhood is an oft imagined idealist construction based in large part on participation, identity, and perception; childhood is invisible and tangible, exciting and intriguing, and at times elusive even as cultural and literary artifacts recreate it. **Children and Cultural Memory in Texts of Childhood** is a valuable resource for scholars of children's literature and culture, readers interested in childhood and ideology, and those working in the fields of diaspora and postcolonial studies.

The Adventures of Laura and Jack Laura Ingalls Wilder, 2017 Laura and her bulldog Jack shared one exciting adventure after another growing up together on the wild frontier. Cover of print edition.
