The Affirming Flame Religion Language Literature:

The Affirming Flame David Patterson, 1988-01-01 *The Shriek of Silence* David Patterson, 2021-12-14 In the Holocaust novel silence is always a character and the word is always its subject matter So writes David Patterson in this profound and original study of more than thirty important writers Contrary to existing views he argues the Holocaust novel is not an attempt to depict an unimaginable reality or an ineffable horror It is rather an endeavor to fetch the word from silence and restore it to meaning to resurrect the human soul to regenerate the relation between the self and God the self and other the self and itself This book is less a critical study in the usual sense than an impassioned meditation on the deeper sources of the Holocaust novel Among the authors examined are Elie Wiesel Arnost Lustig Aharon Appelfeld Katzetnik 135633 Primo Levi Yehuda Amichai Piotr Rawicz A Anatoli Saul Bellow I B Singer Anna Langfus Rachmil Bryks and Ilse Aichinger The Shriek of Silence is a first in several respects the first to examine the Holocaust novels in their original languages the first to articulate a theoretical basis for its approach and the first phenomenological investigation one that attempts to penetrate the process of creation for these novelists Organized along conceptual lines the book examines the word in exile the themes of death of the father and the child transformations of the self and the implications of the reader Its philosophical foundations are Rosenzweig Buber Neher and Levinas Its critical approach is shaped by Bakhtin The novelists of the Holocaust in witnessing through their words regain their voices and in so doing are reborn By probing the depths of their struggle Patterson s study draws us too toward a higher understanding perhaps even our own rebirth **Novel Theology** Darren J. N. Middleton, 2000 Literature and theology constantly de construct each other Suggesting that this de constructive assignment is one that cannot but be in process itself Middleton returns to it throughout his study *A Genealogy of Evil* David Patterson, 2010-10-18 Based on extensive scrutiny of primary sources from Nazi and Jihadist ideologues David Patterson argues that Jihadist anti-Semitism stems from Nazi ideology This book challenges the idea that Jihadist anti-Semitism has medieval roots identifying its distinctively modern characteristics and tracing interconnections that link the Nazis to the Muslim Brotherhood to the PLO Fatah Hamas Islamic Jihad Hezbollah Al Qaeda the Sudan the Iranian Islamic Republic and other groups with an anti-Semitic worldview Based on his close reading of numerous Jihadist texts Patterson critiques their antisemitic teachings and affirms the importance of Jewish teaching concluding that humanity needs the very Jewish teaching and testimony that the Jihadists advocate destroying *Literature And Spirit* David Patterson, 2021-03-17 If Bakhtin is right Wayne C Booth has said a very great deal of what we western critics have spent our time on is mistaken or trivial or both In *Literature and Spirit* David Patterson proceeds from the premise that Bakhtin is right Exploring Bakhtin s notions of spirit responsibility and dialogue Patterson takes his reader from the narrow arena of literary criticism to the larger realm of human living and human loving True to the spirit of Bakhtin he draws the Russian into a vibrant dialogue with other thinkers including Foucault Berdyaev Gide Lacan Levinas and Heidegger But he does not stop there He engages

Bakhtin in his own insightful and unique dialogue meeting the responsibility and taking the risk summoned by dialogue Literature and Spirit therefore is not a typically cool and detached exercise in academic curiosity Instead it is a passionate and penetrating endeavor to respond to literature and spirit as the links in life s attachment to life The author demonstrates that in deciding something about literature we decide something about the substance and meaning of our lives Far from being a question of commentary or explication he argues our relation to literature is a matter of spiritual life and death The reader who comes before a literary text encounters the human voice And Patterson enables his reader to hear that voice in all its spiritual dimensions Unique in its questions and in its quest Literature and Spirit addresses an audience that goes beyond the ordinary academic categories It appeals not only to students of literature philosophy and religion but to anyone who seeks an understanding of spiritual presence and meaning in life Through his affirmation of what is dear Patterson responds to the needful question And in his response he puts the question to his audience Where are you Literature and Spirit thus speaks to those who face the task of answering Here I am

Shakespeare's Romance of the Word Maurice Hunt,1990 This work is a critical study of Pericles Cymbeline The Winter s Tale and The Tempest with a focus on Shakespeare s exploration of language in its destructive potentialities and its redemptive workings

Reading as if for Life David Dickinson,2025-01-01 Creaking open the pages of a heavy hardback or bending the spine of a poetry book over your knee on the train squinting over curled up pages by the light of a candle or scribbling notes in the margins in the corner of a sprawling library There are many who read as if for life many for whom as David Dickinson explores reading does not just feed the mind but also the soul Reading as if for Life takes us beyond the spirituality of sacred texts and into the spiritual possibilities of secular literature the opportunity to find or empty oneself the chance to engage in silent conversation with an absent other the appreciation of beauty and art the possibility of enlightenment From Augustine of Hippo to Thomas

Hardy Iris Murdoch the poetry of R S Thomas Duffy and Donne and many other literary works David Dickinson explores how writers throughout the centuries have understood and experienced their own spirituality of reading For Dickinson these myriad journeys all bring us closer to an encounter with God dreaming ourselves into a world beyond This book invites its readers to see reading as a valuable spiritual exercise Encyclopedia of Life Writing Margaretta Jolly,2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important auto biographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms Rediscovering God with Transcendental Argument David Peter Lawrence,2015-07-29 Rediscovering God with Transcendental Argument provides a comparative philosophical study of the Pratyabhij a system of the medieval Kashmiri aiva thinkers Utpaladeva and Abhinavagupta Beginning with intensive descriptive and prescriptive reflections on the nature of philosophy itself the book examines the special characteristics of the Pratyabhij a discourse as both philosophical apologetics and spiritual exercise Lawrence situates the Pratyabhij a speculation within the larger context of Hindu and Buddhist deliberations about the role of interpretation in experience and gives a groundbreaking exposition of the epistemology and ontology of Shiva s self recognition He observes the similarities and differences of the Pratyabhij a with Christian understandings of the divine logos and argues that the aiva philosophy elucidates a cogent way of demonstrating the reality of God against contemporary relativism deconstructionism and other forms of skepticism
