The Afghan Campaigns of 1878-1880 Shadbolt, 1882 *Afghan Campaigns of 1878, 1880: Historical Division* Sidney H. Shadbolt, 2012-10-23 The Historical Division or volume of a two volume history of the 1878-1880 Afghan War. The war was fought as part of Britain's Great Game with Russia for influence in the traditionally turbulent wilds of Afghanistan. This volume describes the two expeditions sent to Kabul to enforce the submission of the Afghan Emir. It is a handsome production with excellent maps, descriptions of the main operations and movements, and accounts prepared from both official and private sources.

War and Society in Afghanistan Kaushik Roy, 2015-02-12 This monograph analyses the rhythms of war and the geopolitical significance of Afghanistan with a focus on the interrelated concepts of weak rentier state, great power rivalry, and counter insurgency. It analyses why the Mughals, the British, the Soviets, and the Americans won the conventional wars in Afghanistan but were defeated in the unconventional ones. It takes a comprehensive view of the history of the region and provides a political and military narrative of conventional and unconventional war in Afghanistan during the last five centuries. It therefore covers wide-ranging aspects such as empire building and military operations in Afghanistan in the pre-modern period, regular and irregular warfare in Afghanistan during the British era, the Russian intervention, and the emergence of the fragile rentier state after the world war, and the American and NATO activities, and the nature of on-going war in light of the recent debates on the changing character of war in the twenty-first century. With a special emphasis on ecology, terrain, and logistics, this book explores the trajectory of state building and contextualizes the Afghan problem as part of the wider struggle among the great powers for controlling the heart of Eurasia.

Into the Jaws of Death Mike Snook, 2008-02-28 A study of British military defeats and disasters in the late nineteenth century. An enthralling look at the Victorian army in adversity. BBC History Magazine. Between the Crimean War and the dawn of the twentieth century, the British Army was almost continuously engaged in one corner of the globe or another in military operations famously characterized by Kipling as the savage wars of peace. In his new work on the most dramatic Victorian campaigns, Mike Snook brings the most dramatic clashes of the age of empire back to life. Here he focuses closely on defeat and disaster, the occasions when things went badly awry for the British. The names of these great battles—Isandlwana, Majuba Hill, Khartoum, Colenso, Spion Kop, and Magersfontein—still resonate down through the ages. In a

meticulously researched military history the author exposes the true and sometimes embarrassing causes of defeat Overstretch political meddling military incompetence and petty jealousy all played their part Above all else however these are dramatic and perceptive accounts of mere mortal men struggling to deal with the often overpowering dynamics and horrors of nineteenth century warfare on the fringes of Empire
