Masterpiece Theatre debuted on PBS Fifty years later America's appetite for British drama has never been bigger The classic television program has brought its fans protagonists such as The Dowager Countess and Ross Poldark and series that include Downton Abbey and Prime Suspect In Masterpiece America's 50 Year Old Love Affair with British Television Drama Nancy West provides a fascinating history of the acclaimed program West combines excerpts from original interviews thoughtful commentary and lush photography to deliver a deep exploration of the television drama Vibrant stories and anecdotes about Masterpiece's most colorful shows are peppered throughout such as why Benedict Cumberbatch hates Downton Abbey and how screenwriter Daisy Goodwin created a teenage portrait of Queen Victoria after fighting with her daughter about homework Featuring an array of color photos from Masterpiece's best loved dramas this book offers a penetrating look into the program's influence on television publishing fashion and its millions of fans Israel in History Derek

Penslar,2007-01-24 This collection of essays provide a comparative historical analysis of Israel's history In particular they tackle the often contentious issues of the nature of Zionism whether Israel is a colonial state historiography and antisemitism as well social and cultural developments Beyond Sputnik and the Space Race Hugh R. Slotten,2022-02-08 A fascinating

account of how the United States established the first global satellite communications system to project geopolitical leadership during the Cold War On July 20 1969 the world watched spellbound as NASA astronaut Neil Armstrong stepped off the Apollo 11 lunar module to walk on the moon NASA estimated that 20 percent of the planet's population nearly 650 million people watched the moon landing footage which was made possible by the first global satellite communications system the International Telecommunications Satellite Organization or Intelsat In Beyond Sputnik and the Space Race Hugh R Slotten analyzes the efforts of US officials especially during the Kennedy administration to establish this satellite communication system and open it to all countries of the world Locked in competition with the Soviet Union for both military superiority and international prestige President John F Kennedy overturned the Eisenhower administration's policy of treating satellite communications as simply an extension of traditionally regulated telecommunications Instead of allowing private communications companies to set up separate systems that would likely primarily serve major developed regions the new administration decided to take the lead in establishing a single world system Explaining how the East West Cold War conflict became increasingly influenced by North South tensions during this period Slotten highlights the growing importance of non aligned countries in Asia Latin America and Africa He also underscores the importance of a political economy of total Cold War in which many crucial aspects of US society became tied to imperatives of national security and geopolitical prestige Drawing on detailed archival records to examine the full range of decisionmakers involved in the Intelsat system Beyond Sputnik and the Space Race spotlights mid and lower level agency staff usually ignored by historians One of the few works to analyze the establishment of a major global infrastructure project this book provides an outstanding analytical overview of the history of global electronic communications from the mid nineteenth century to the present
