The Revolutions in Europe, 1848-1849 Hartmut Pogge von Strandmann, Robert John Weston Evans, 2000

These essays arose out of lectures given in Oxford to commemorate the 150th anniversary of the 1848 revolutions in Europe. Authoritative yet readable and colourful, they comprise judicious summaries of the existing state of knowledge as well as new insights and unfamiliar information. The book also seeks to place the revolutionary events in their wider context, apart from chapters covering the main centres of disturbance in France, Germany, Italy, and the Habsburg lands, there are discussions of the situation in Britain and Russia, which were affected but not convulsed by the disorders elsewhere, of reactions in the United States of America, of the symbolism of 1848 for the later democratic radical and socialist movements. 1848 marked the first breakdown of traditional authority across much of the continent and as such is of profound significance in the development of modern European politics as a whole.

A Social History of France 1780-1914 Peter McPhee, 2017-03-03

This volume provides a lively and authoritative synthesis of recent work on the social history of France and is now thoroughly updated to cover the long nineteenth century from 1789 to 1914. Peter McPhee offers both a readable narrative and a distinctive coherent argument about this remarkable century and explores key themes such as Peasant interaction with the environment, The changing experience of work and leisure, The nature of crime and protest, Changing demographic patterns and family structures, The religious practices of workers and peasants, The ideology and internal repercussions of colonisation. At the core of this social history is the exercise and experience of social relations of power, not only because in these years there were four periods of protracted upheaval but also because the history of the workplace, of relations between women and men, adults and children, is all about human interaction. Stimulating and enjoyable to read, this indispensable introduction to nineteenth-century France will help readers to make sense of the often bewildering story of these years while giving them a better understanding of what it meant to be an inhabitant of France during that turbulent time.

Revolutionary Europe 1780-1850 Jonathan Sperber, 2017-04-21

Jonathan Sperber's *Revolutionary Europe 1780-1850* is a history of Europe in the age of the French Revolution, from the end of the old regime to the outcome of the revolutions of 1848. Fully revised and updated, this second edition provides a continent-wide history of the key political events and social transformation that took place within this turbulent period, extending as far as their effects within the European colonial society of the Caribbean. Key features include analyses of the movement from society's old regime of orders to a civil society of property owners, the varied consequences of rapid population increase and the spread of market relations in the economy, and the upshot of these changes for political life, from violent revolutions and warfare to dramatic reforms and peaceful mass movements. A lively account of the events of the period and a thorough analysis of the political, cultural, and socioeconomic

transformations that shaped them a look into the lives of ordinary people amidst the social and economic developments of the time a range of maps depicting the developments in Europe s geographic scope between 1789 and 1848 including for the 1820 1830 and 1848 revolutions Revolutionary Europe 1780 1850 is the perfect introduction for students of the history of the French Revolution and the history of Europe more broadly **The Republican Experiment, 1848-1852** Maurice Agulhon,1983-09 A distinguished French historian traces the history of France under the Second Republic His approach emphasizes the relationship between the political history of the period and the history of popular culture and thought *The Second French Republic 1848-1852* Christopher Guyver,2016-06-09 This book follows the story of the Second French Republic from its idealistic beginnings in February 1848 to its formal replacement in December 1852 by the Second Empire Based on original archival research The Second French Republic gives a detailed account of the internal tensions that irrevocably weakened France s shortest republic During this short period French political life was buffeted by strong and often contrary forces universal manhood suffrage fear of socialism the President Louis Napoleon Bonaparte and the political ambitions of the military high command for the restoration of the monarchy **Murder in Parisian Streets** Thomas Cragin,2006 In Murder in Parisian Streets Thomas Cragin provides an in depth study of the production sale and content of the canards He demonstrates their significance to nineteenth century culture even their role in determining the emerging tabloid s success Cragin explores the incremental creation of textual meaning in the canards authorship production distribution and consumption He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature The canards challenge our assumptions about the nineteenth century s revolution in print and reorient our understanding of cultural creation through textual construction Jacket [The 1848 Revolutions and European Political Thought](#) Douglas Moggach,Gareth Stedman Jones,2018-02-22 The 1848 Revolutions in Europe that marked a turning point in the history of political thought are examined here in a pan European perspective [Routledge Revivals: French Cities in the Nineteenth Century \(1981\)](#) John Merriman,2018-02-01 Originally published in 1981 French Cities in the Nineteenth Century analyses large scale processes of social change and looks at how this affected the growth of towns and cities of nineteenth century France The book addresses how this change affected the politics of life in France during the nineteenth century as well as how the city was organised Urbanization created new uses of space and new concerns for the people that lived among them and the book looks at how social change was a collective experience for the people of France and how this transformed the societies in which they lived
