The Aims Of Jesus Princeton Theological Monograph Series 48:

What Jesus Intended Todd D. Hunter, 2023-07-18 Many of us feel disoriented and unsteady after an endless string of church scandals After forty years of ministry Todd Hunter is no stranger to betrayal and pain in the church But by unpacking the purposes of Jesus we can expose twisted toxic religion for what it is and embrace the healing and goodness we've always longed for On the Resurrection, Volume 1 Gary Habermas, 2024-01-15 The first volume of Gary Habermas's magnum opus *On the Resurrection* *Evidences* represents the culmination of fifty years of research on the probability of Jesus's resurrection Using his minimal facts argument Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection This book is a must read for pastors students and scholars interested in the historical evidence for the resurrection of Jesus Christ *A Quest for the Historical Christ* Anthony Giambrone, 2022-02-18 *A Quest for the Historical Christ* brings together a collection of interrelated essays on the historical Jesus and primitive Christology Sensitive to the diverse but traditionally Protestant assumptions and perspectives of the Quest as well as to the widely lamented disconnect between New Testament exegesis and classical dogmatic theology an alternative approach is proposed in these pages Ecumenical and conciliar reference points along with non-confessional historical methods e.g. archeology shape the basic project which nevertheless assumes some distinctive and important Catholic contours The book is divided into three sections Historical Foundations Theological Perspectives and Jesus and the Scriptures While the individual chapters represent independent probes the cumulative argument and arc of the study drives in clear and concerted directions After a first approach to the Gospel data attentive at once to historiographical and historical questions a series of interventions reorienting the present scholarly discussion are suggested These various foundational essays lead finally to a sustained meditation on the mind of Christ considered as a unique reader of the Scriptures a meditation having its proper reflex and reflection in the way Christians themselves as readers of the Gospels participate in the Lord's own encounter with the living Word **A Critical Introduction to the New Testament** Carl R. Holladay, 2011-07-01 This book introduces the New Testament in two senses it not only provides basic literary and historical information on each of the twenty-seven writings but also orients readers to the religious theological and ethical issues related to the message and meaning of Jesus Christ The overall goal is to help interested readers of the New Testament become informed responsible interpreters of these writings and thereby enrich their personal faith and understanding By giving special emphasis to how the New Testament has helped shape the church's identity and theological outlook throughout the centuries as well as the role it has played within the broader cultures of both East and West this introduction also seeks to assist readers in exercising creative informed leadership within their own communities of faith and in bringing a deeper understanding of early Christianity to their conversations with the wider public Along with separate chapters devoted to each New Testament writing there are chapters explaining how this collection of texts emerged as uniquely authoritative witnesses to the church's faith why they

were recognized as canonical whereas other early Christian writings were not how the four canonical Gospels are related to one another including a discussion of the Synoptic Problem how the Jesus tradition his teachings stories from his ministry and the accounts of his suffering death and resurrection originated and developed into Gospels written in narrative form and how the Gospels relate to Jesus Christ as he was and is Also included is a chapter on the writings of Paul and how they emerged as a collection of authoritative texts for the church This chapter includes a discussion of ancient letter writing special considerations for interpreting the Pauline writings and Paul s decisive influence within the history of the church and western culture

A Narrative Theology of the New Testament Timo Eskola,2015-07-21 Focusing on the metanarrative of exile and restoration Timo Eskola claims that a post liberal narrative New Testament theology is both consistent and explanative Combining a post New Quest perspective on Jesus with an eschatological reading of Paul the author states that Jesus temple criticism aims at restoration eschatology Jesus starts a priestly community that expects God s jubilee to begin with Jesus work and proceed with the preaching of the new gospel The reception of this message in the post Easter church results in resurrection Christology that proclaims Jesus Davidic kingship on God s throne of glory Both Paul and Jewish Christian teachers later present Christ s community as a new temple where believers serve the Lord as priests of the new covenant Furthermore restoration eschatology provides a new basis for understanding Paul s contrast with the words of the law and his teaching of justification

Understanding the Gospels Vicente Balaguer,2017-03-31 The last two hundred years show the emergence of an enormous growth industry in the field of Biblical analysis particularly on the evidence presented in the Gospel accounts of the life of Jesus Christ But most often the exhaustive analysis brought to bear on the Gospels is dominated by a biased point of view against their authenticity Authors who have taken the position of liberal criticism claim that the Gospels do not show the true Jesus but one who has been idealized and mythologized by his followers Written by faculty from the University of Navarre this book takes the approach of a careful study of the texts and their surrounding circumstances to show that the Gospels are both a reflection of the Apostles preaching about Jesus as well as trustworthy historical testimonies to his life and work

Inventing Christic Jesuses: Rules and Warrants for Theology Charles A. Wilson,2018-11-01 In the first comprehensive proposal for revisionist theology s deployment of historical Jesus research Inventing Christic Jesuses rejects positions that insulate theology from Jesus research By setting out theological methods warrants and rules in dialogue with an analysis of the Jesus historians of the Third Quest c 1980 2010 the study charts a path toward a quested christology positioned between categorical rejection and uncritical acceptance of historical results on Jesus Volume 1 Method analyzes the methods and values of historical research on Jesus and identifies the retrojective activity of value production when historians in conversation with historical sources invent images of Jesus Volume 2 Christological Recommendations gathers potential contributions of Jesus research for revisionist theology according to the cataphatic apophatic and eminent pattern of classical theology By attending to the limits and opportunities afforded by historical

research both negative and positive the argument retrieves for theology the complex way that historians shape same and different association and dissociation in the production of their Jesuses Then it analyzes how values shape Jesuses in a pervasive Narcissus project to invent a self and a community through imaging Jesus Proposing that the disciplined invention of Jesuses is highly useful for theology the book ends with recommendations for a quested christology

Judaizing Jesus Robert M. Price, 2021-10-12 Was Jesus a mainstream or sectarian Jew as the scholarly consensus tells us This view that we must automatically adopt Second Temple Judaism as the paradigm in which to interpret or reconstruct the historical Jesus is often presented as self evident unquestionable and beyond dispute However the promotion of the Jewish Jesus raises serious questions specifically whether this consensus is the product of theological and ecumenical agendas In *Judaizing Jesus* noted scholar Robert M Price challenges this trend and offers a menu of alternative ways of seeing Jesus Sacred King Cynic Philosopher Gnostic Redeemer and the Buddha He concludes by proposing a new theory of Christian origins to explain how and why the first Christians themselves Judaized Jesus

Christ Alone---The Uniqueness of Jesus as Savior Stephen Wellum, 2017-04-18 Professor of theology Stephen Wellum considers Christ s singular uniqueness and significance biblically historically and today in our pluralistic and postmodern age *Christ Alone* is a much needed study and defense of the doctrine that provides coherency to the Christian faith If the church is to proclaim the same Christ as the Reformers we must understand and embrace solus Christus with the same clarity conviction urgency and abundance of joy as the Reformers To that end Wellum Recovers the Reformers basic insights by focusing first on two teachings the exclusive identity of Christ and his sufficient work Follows the historical roots of the doctrine and its developments to show how the uniqueness of Christ has come under specific attack today Retraces the storyline of Scripture from Christ s unique identity and work as prophet priest and king to the application of his work to believers and our covenantal union with him *Christ Alone* seeks to recover a robust biblical and theological doctrine of Christ s person and work and a renewed understanding that apart from Christ there is no salvation in the face of today s challenges unpacking why a fresh appraisal of the Reformation understanding of Christ alone is so important today

THE FIVE SOLAS Historians and theologians have long recognized that at the heart of the sixteenth century Protestant Reformation were five declarations often referred to as the solas These five statements summarize much of what the Reformation was about and they distinguish Protestantism from other expressions of the Christian faith that they place ultimate and final authority in the Scriptures acknowledge the work of Christ alone as sufficient for redemption recognize that salvation is by grace alone through faith alone and seek to do all things for God s glory The Five Solas Series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them leading to a more profound theological vision of our lives and callings as Christians and churches

Theologian of the Resurrection E. J. David Kramer, 2024-12-02 In this study N T Wright s exceptional work on the resurrection is shown to form the centre of his eschatology and mission theology Wright s emphasis on the historicity of Jesus resurrection for the gospel s missional

encounter with the West is highlighted By drawing out the significance of the resurrection for Wright s eschatological narrative the author sets the stage for Wright s mission theology focusing on the church evangelism political theology and eschatological ethics Wright s emphasis on doing history is explained in terms of the theological conviction that since God acted in history historical study has become a sphere of missional engagement
