both sides key strategic objectives and Interests and eventually cost considerable lives Alaska's role as battlefield lend lease transfer station and North Pacific stronghold was often overlooked by historians in the post war decades but in recent years awareness has been growing of Alaska's wartime past Six months after the attack on Pearl Harbor the Japanese bombed the U S Dutch Harbor Naval Operating Base and U S Army Fort Mears near Unalaska Island and occupied the Aleutian islands of Attu and Kiska For many decades following the War the prevailing understanding about the Japanese Aleutian operation was that it served as a mere diversionary measure from their Midway operation Recent research however concludes that the Japanese had a broader and longer term strategy to establish and expand an eastern defensive perimeter In response U S military strategists knew that they could not risk leaving the Aleutians open as stepping stones for Japanese attacks on the United States mainland In addition the occupation was a significant propaganda victory for the Japanese the affront could not go unanswered Aleutian Campaign Because planes departing from Kodiak and Dutch Harbor did not have the nearly 1 400 mile range to engage the Japanese at Attu and Kiska U S forces built bases on other Aleutian islands as refueling and maintenance stops allowing them to strike further west Pilots and ground troops soon realized they were facing a second enemy Mother Nature Weather along the Aleutian chain is some of the worst in the world with dense fogs violent seas and fierce wind storms called williwaws Aircraft lacking accurate navigational devices or consistent radio contact crashed into mountains each other the sea simply finding the enemy was a life and death struggle For soldiers in the Aleutians contact with the enemy was infrequent and fleeting but the weather was a perpetual adversary *The Aleutians 1942-43* Brian Lane Herder,2019-03-21 A highly illustrated study of the Japanese conquest and American reconquest of the Aleutian Islands off the coast of Alaska one of the most inhospitable theatres of World War II It is often forgotten that during World War II the Japanese managed to successfully invade and conquer a precious part of American home soil the first time this had happened since 1815 Capturing the Aleutian Islands located in Alaska territory was seen by the Japanese as vital in order to shore up their northern defensive perimeter Fighting in the Aleutians was uniquely brutal It is a barren rugged archipelago of icy mountains and thick bogs with a climate of constant snow freezing rains and windstorms These geographic conditions tended to neutralize traditional American strengths such as air power radar naval bombardment and logistics The campaign to recapture the islands required extensive combined ops planning and inflicted on the United States its second highest casualty rate in the Pacific Theatre Featuring the largest Japanese banzai charge of the war first use of pre battle battleship bombardment in the Pacific and the battle at the Komandorski Islands this is the full story of the forgotten battle to liberate American soil from the Japanese **The Sicilian Campaign, 10 July-17 August 1943** John L.
