The American Conservative Movement The Philosophical Founders

M Lipman

The American Conservative Movement The Philosophical Founders:

The American Conservative Movement John P. East, 1986 In the post World War II era several great thinkers became prompted with the idea to record their personal philosophical principles The question remains how does one discover the paths between intellectual and political beliefs and distinguish their intersection It is here in these works where seven great scholars Russel Kirk Richard Weaver Frank S Meyer Willmore Kendall Leo Strauss Eric Voegelin and Ludwig von Mises provide the distinction Each of these men although very different from the other shared a philosophical core which bonded them together It is in these last works which describe the men who were part of a nucleus which set the wheels of the American Conservative Movement into motion Jacket Debating the American Conservative Movement Donald T. Critchlow, Nancy MacLean, 2009 Debating the American Conservative Movement chronicles one of the most dramatic stories of modern American political history The authors describe how a small band of conservatives in the immediate aftermath of the Second World War launched a revolution that shifted American politics to the right challenged the New Deal order transformed the Republican party into a voice of conservatism and set the terms of debate in American politics as the country entered the new millennium Historians Donald T Critchlow and Nancy MacLean frame two opposing perspectives of how the history of conservatism in modern America can be understood but readers are encouraged to reach their own conclusions through reading engaging primary documents **History of American Political Thought** Bryan-Paul Frost, Jeffrey Sikkenga, 2003-01-01 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection **The Conservative Intellectual Movement in America Since 1945** George H. Nash, 2014-04-08 First published in 1976 and revised in 1996 George H Nash s celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the volume s thirtieth anniversary includes a new preface by Nash and will continue to instruct anyone interested in how today s conservative movement was born **Russell Kirk** John M. Pafford, 2013-08-01 Volume 12 in the Major Conservative and Libertarian Thinkers series focuses on Russell Kirk s conservative philosophy The Conservative Ascendancy Donald T. Critchlow, 2011-09-07 Hailed as perhaps the best scholarly overview of the conservative movement in print American Conservative Donald Critchlow s The Conservative Ascendancy has depicted as no other book has the wild ride of the Republican Right Newly updated and available for the first time in paperback it continues to offer the best account of the

conservative struggle to reverse the momentum of the New Deal In tracing the conservative revival Critchlow chronicles how conservative beliefs were translated into political power He shows how conservatives from think tank theorists to grassroots mobilizers gained control of the Republican party by defeating its liberal eastern wing only to find that the welfare state was not so easily dismantled Looking back at the 1964 Goldwater debacle and the scandal plagued Nixon years he then revisits the triumph of the Reagan presidency and describes how George W Bush injected into American politics a level of partisanship not seen since the nineteenth century Critchlow recounts the conflict between purity of principle and political practice for conservatives and the dilemma of maintaining an anti statist ideology in an era of mass democracy and Cold War hostilities Throughout he delineates the intellectual foundations of the Right s positions including the ongoing schism that separates social conservatives from libertarians while plumbing America s increasing ideological divide This updated edition not only features a new preface and conclusion but also boasts an entirely new chapter covering the 2008 presidential election the 2008 financial meltdown the first two years of Obama s presidency the emergence of the Tea Party the 2010 midterms and ongoing economic problems Here Critchlow foresees a new epoch in which the old conservative progressive divide is unable to address the problems caused by national debt entitlement deficits and a new global economy a new reality sure to transform both parties As conservatives continue to wave the banners of limited government individual responsibility and free enterprise Critchlow s book provides a clear guide to the country s most dynamic political movement and is essential reading for students and citizens alike as the political center continues to tack to the right

The Oxford Companion to United States History Paul S. Boyer, 2001-07-04 Here is a volume that is as big and as varied as the nation it portrays With over 1 400 entries written by some 900 historians and other scholars it illuminates not only America s political diplomatic and military history but also social cultural and intellectual trends science technology and medicine the arts and religion Here are the familiar political heroes from George Washington and Benjamin Franklin to Abraham Lincoln Woodrow Wilson and Franklin D Roosevelt But here too are scientists writers radicals sports figures and religious leaders with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney Babe Ruth and Muhammed Ali Black Elk and Crazy Horse Margaret Fuller Emma Goldman and Marian Anderson even Al Capone and Jesse James The Companion illuminates events that have shaped the nation the Great Awakening Bunker Hill Wounded Knee the Vietnam War major Supreme Court decisions Marbury v Madison Roe v Wade landmark legislation the Fugitive Slave Law the Pure Food and Drug Act social movements Suffrage Civil Rights influential books The Jungle Uncle Tom s Cabin ideologies conservatism liberalism Social Darwinism even natural disasters and iconic sites the Chicago Fire the Johnstown Flood Niagara Falls the Lincoln Memorial Here too is the nation s social and cultural history from Films Football and the 4 H Club to Immigration Courtship and Dating Marriage and Divorce and Death and Dying Extensive multi part entries cover such key topics as the Civil War Indian History and Culture Slavery and the Federal Government A new volume for a new century The Oxford Companion to United States

History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet from Columbus to Clinton Written in clear graceful prose for researchers browsers and general readers alike this is the volume that addresses the totality of the American experience its triumphs and heroes as well as its tragedies and darker moments

American Conservatism Bruce Frohnen,Jeremy Beer,Nelson O. Jeffrey,2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive entries on those persons events organizations and concepts of major importance to postwar American conservatism Its contributors include iconic patriarchs of the conservative and libertarian movements celebrated scholars well known authors and influential movement activists and leaders Ranging from abortion to Zoll Donald Atwell and written from viewpoints as various as those which have informed the postwar conservative movement itself the encyclopedia s more than 600 entries will orient readers of all kinds to the people and ideas that have given shape to contemporary American conservatism This long awaited volume is not to be missed *The Vision of Richard Weaver* Joseph A. Scotchie,2018-04-27 Richard M Weaver was one of the founders of modern conservatism He is an enduring intellectual figure of twentieth century America Weaver was dedicated to examining the dual nature of human beings and the quest for civilized communities in a corrupted age that believed in the religion of science and in the natural goodness of man The Vision of Richard Weaver is the first collection of essays about this seminal thinker Thirty years after his untimely death Richard Weaver remains a heroic figure to many conservatives and traditionalists concerned about the state of American culture Now a new generation of readers can understand the importance of this pioneer of thought The Vision of Richard Weaver will be of significant value to political theorists philosophers and students of American civilization **The Eisenhower Years** Michael S. Mayer,2009 The 34th U S president to hold office Dwight D Eisenhower won America over with his irresistible I like Ike slogan Bringing to the presidency his prestige as a commanding general during World War II he worked incessantly during his two terms to ease the tensions of the cold war Pursuing the moderate policies of Modern Republicanism he left a legacy of a stronger and more powerful nation From his crucial role in support of Brown v Board of Education to the National Defense Education Act The Eisenhower Years provides a well balanced study of these politically charged years Biographical entries on key figures of the Eisenhower era such as Allen W Dulles Joseph R McCarthy and Rosa Parks combine with speeches such as the Military Industrial Complex speech the Open Skies proposal the disturbance at Little Rock address Eisenhower Doctrine and his speech after the Soviet launch of Sputnik to give an in depth look at the executive actions of this administration
