The American Heritage History of the Twenties and Thirties Edmund Stillman,1970-08-01 American Heritage History of the 1920s and 1930s ,1970 *The American Heritage History of the 20's & 30's* Ralph K. Andrist,1970 the story of the changes that came to America in the years between the two World Wars At first as the 1920 s dawn there is the ultraconservatism that rejects Wilson s League of Nations amends the Constitution to prohibit the sale of alcoholic beverages suspects every immigrant of being a Red and places TWK meaning Trade With the Klan stickers in merchant members shop windows Then Henry Ford mass produces flivvers that cost as little as 290 women get the vote girls get a new concept of morality and a freewheeling flask toting citizenry begins its surge to hedonism They have plenty of examples to emulate public officials get rich on purloined Navy oil while the President whom they betray dallies in the Little White House on H Street or with his paramour in a little White House closet the high jinks of high society and Hollywood are amply reported by a sensation seeking press the advertising fraternity urges everyone to keep up with the Joneses and endows them with everything The great euphoria reaches its climax with the stock market crash Here you see what America was like when factories lay idle and old newspapers become Hoover blankets for evicted families when angry farmers gathered at foreclosure sales with pitchforks and shotguns to fight for their land when the International Apple Shippers Association offered apples on credit to the jobless to sell for five cents apiece on city streets when Franklin Roosevelt said This nation asks for action and action now and started the kind of action that kept him in the White House for the rest of the Thirties and beyond To be sure there were many during those decades who did not drink bathtub gin and hanker for the sinful ways of the city who were not wiped out by the economic downturn did not hate that man in the White House These people are here too some baffled some belligerent all caught in the crosscurrents of a nation in transition Jacket flaps American Heritage History of the American People Bernard A. Weisberger,2015-08-20 The American people have been and are a constantly changing mixture of cultures from other countries China England France Germany Holland Hungary India Ireland Italy Poland Russia and Spain The people that found new homes in America have not truly melted into each other yet they have created a new culture of their own Historian Bruce W Weisberger shares the story of a woman sitting on her front stoop in New York City boasting about the ethnic variety of her neighborhood We re a regular United Nations here That accommodating nature Weisberger points out has not always been the case Each wave of immigrants met resistance from the reigning establishment Still America changed them and they changed America This book is the compelling story of how the American this new man as French American writer Cr vecoeur called the young country s citizens has remained new for more than three centuries **America in the Twenties** Ronald Allen Goldberg,2003-10-01 This is the first book to offer a comprehensive look at American life in the 1920s as framed by the aspirations scandals and attitudes of the Wilson Harding Coolidge and Hoover presidencies In fascinating detail Goldberg examines how Victorian values were transformed into the

freewheeling lifestyle of the Jazz Age and explores the effects of such far reaching issues as isolationism vs internationalism massive immigration labor management relations and the prevalence of big business Even as he pierces the era s claim to being a time of wonderful nonsense Goldberg balances its giddy fads and foibles with a stinging critique of darker and or significant social issues From the rise of the Ku Klux Klan to black protests to the Scopes Monkey Trial from bootlegging and Prohibition to the Red Scare Goldberg shows how the temper of the 1920s shaped the nation s future Finally he poses provocative questions about how mistakes might have been avoided and what consequences ensued *American Heritage History of the 20's and 30's* American Heritage (Periodical),1970 **Aviation in the U.S. Army, 1919-1939** Maurer Maurer,1987 **Aviation in the U.S. Army, 1919-1939** , The American Heritage of the 20's & 30's ,1970 The purpose of this history is to tell the whole story of these two singular decades and not the romanticized version that has become popular It also aims to explain the place of the Twenties and Thirties in the long sweep of American history Why for instance did so many Americans cast aside long standing moral and ethical restraints in the Twenties Why did the seeming prosperity of the Jazz Age collapse into the most bitter hard times in our history *American Heritage History of Flight* Arthur Gordon,2015-05-14 People dreamed of flight for thousands of years When we finally took to the skies a new world opened up This sweeping superbly researched history from American Heritage details how various pioneers and innovators from the Wright Brothers to Chuck Yeager helped lift us into the sky
