The Executives:

The Executives Guide to Insurance and Risk Management Graeme Berwick, 2007 Parliamentary Oversight of the Executives Elena Griglio, 2020-10-01 Oversight of executives has always been a key function of parliaments and one that is central to developing the relationship between the executive and legislative branches of government. However, in reality, governments are taking a more pronounced role in controlling legislation, diluting the influence of parliament. This book plots this trend in parliaments across Europe to illustrate points of convergence and divergence. In so doing, it suggests tools and methods that parliaments can develop to bolster their crucial oversight role. *The Executive Handbook on Compensation* Charles H. Fay, 2001 For more than fifty years, human resources departments have turned to HayGroup for concrete practical advice on how to structure compensation programs. Also the authority behind leading books on compensation, HayGroup renders all others obsolete with this publication, the new last word on compensation. *The Executive Handbook on Compensation* speaks directly to businesses' most important concerns, highlighting dramatic changes in the world of business over the past decade: changes caused by the globalization of the economy, the diversification of the workforce, new work habits including flexible time and telecommuting, and organizational shifts that require that compensation packages maximize employee-employer partnerships like never before. *The Executive Handbook on Compensation* shows managers how to reward and retain key people, determine affordable appropriate pay scales, evaluate employee expectations and boost morale, develop nontraditional and contingency-based compensation, use the latest electronic media to improve the way businesses document, evaluate price and plan jobs. *The Executive Way* Calvin Morrill, 1995-06-15 List of Figures and Tables, List of Cases, Preface and Acknowledgments, 1 Introduction, 2 Setting the Scene, 3 Patterns of Conflict Management in Thirteen Executive Contexts, 4 Modern Times: Authoritative Conflict Management in a Mechanistic Bureaucracy, 5 Silent Hives: Minimalistic Conflict Management in an Atomistic Organization, 6 Brave New World: Reciprocal Conflict Management in a Matrix System, 7 Conclusion: Orthodoxy, Change and Identity, Appendix A: Anatomy of an Ethnography of Business Elites, Appendix B: Aggregate Comparative Data, Appendix C: Glossary of Native Terms at Play, Conclusions, References, Index. Weiss, Vince Molinaro, 2010-03-02 Studies consistently show that quality leadership development programs pay off for companies in the form of shareholder returns, market share growth, and sales. However, many companies have inadequate leadership development programs. This book challenges traditional views of leadership development with a perspective that focuses on recognizing leadership as a source of competitive advantage. If you're a manager or an HR leader, *The Leadership Gap* offers the practical, effective strategies you need to close the leadership gap in your organizations, unleashing leadership potential for better business results and a sustainable competitive advantage. *Establish a Commission on the Organization and Management of the Executive Branch* United
