The Faces Of South Carolina

James O. Heath

The Faces Of South Carolina:

The Faces of South Carolina Nancy Roberts, Bruce Roberts, 1976 *The Faces of Poverty in North Carolina* Gene R. Nichol, 2021-11-01 More than 15 million North Carolinians today live in poverty More than one in five are children Behind these sobering statistics are the faces of our fellow citizens This book tells their stories Since 2012 Gene R Nichol has traveled the length of North Carolina conducting hundreds of interviews with poor people and those working to alleviate the worst of their circumstances In an afterword to this new edition Nichol draws on fresh data and interviews with those whose voices challenge all of us to see what is too often invisible to look past partisan divides and preconceived notions and to seek change Only with a full commitment as a society Nichol argues will we succeed in truly ending poverty which he calls our greatest challenge

To Face Down Dixie James O. Heath, 2017-12-14 In an era during which the United States Supreme Court handed down some of its most important decisions including *Brown v Board of Education* 1954 *Baker v Carr* 1962 and *Miranda v Arizona* 1966 three senators from South Carolina Olin Johnston Strom Thurmond and Ernest Fritz Hollings waged war on the court's progressive agenda by targeting the federal judicial nominations process *To Face Down Dixie* explores these senators' role in some of the most contentious confirmation battles in recent history including those of Thurgood Marshall Abe Fortas and Clement Haynsworth In scrutinizing Supreme Court nominees and attempting to restrict the power of the nine justices of the court these senators defied not only the leadership of the Democratic Party but also the Senate traditions of hierarchy and seniority Along with South Carolina's conservative segregationist political establishment which maintained ironclad control over the state's legislature Johnston Thurmond and Hollings effectively drowned out the many moderate voices in South Carolina that remained critical of their obstructionism thus advancing their own conservative credentials and boosting their chances of reelection *To Face Down Dixie* examines for the first time the central role that South Carolina played in turning Supreme Court nomination hearings into confrontational and political public events James O Heath argues that the state's war on the court concealed its antipathy to civil rights by using the confirmation process to challenge the court's function as the final arbiter of policy on questions relating to law and order obscenity communist subversion and school prayer Heath's study illustrates that while South Carolina's history of massive resistance is less prominent than that of other states its politicians acted as persistent antagonists in the complex and dramatic debates in the U S Senate during the era of civil rights

Moses of South Carolina Benjamin Ginsberg, 2010-04-12 Franklin Moses Jr is one of the great forgotten figures in American history Scion of a distinguished Jewish family in South Carolina he was a firebrand supporter of secession and an officer in the Confederate army Moses then reversed course As Reconstruction governor of South Carolina he shocked and outraged his white constituents by championing racial equality and socializing freely with former slaves Friends denounced him his family disowned him and enemies ultimately drove him from his home state In Moses of South Carolina Benjamin Ginsberg rescues this protean figure and his fascinating story from obscurity Though Moses was far from a saint he was known as the robber governor for his corrupt ways Ginsberg suggests that Moses nonetheless deserves better treatment in the historical record Despite his moral lapses Moses launched social programs integrated state institutions and made it possible for blacks to attend the state university As a Jew Moses grew up on the fringe of southern plantation society After the Civil War Moses envisioned a culture different from the one in which he had been raised one that included the newly freed slaves From the margins of southern society Franklin Moses built America s first black Jewish alliance a model argues Ginsberg for the coalitions that would help reshape American politics in the decades to come Revisiting the story of the South

s most perfect scalawag Ginsberg contributes to a broader understanding of the essential role southern Jews played during the Civil War and Reconstruction *Report of the Joint Investigating Committee on Public Frauds and Election of Hon. J.J. Patterson to the United States Senate* South Carolina. General Assembly. Joint Investigating Committee on Public Frauds, 1878 *Reports and Resolutions of the General Assembly of the State of South Carolina* South Carolina, 1910 The early years include principally resolutions with few reports
