Beyond the Woods Paula Guran, 2016-07-05 Once upon a time the stories that came to be known as fairy tales were cultivated to entertain adults more than children it was only later that they were tamed and pruned into less thorny versions intended for youngsters But in truth they have continued to prick the imaginations of readers at all ages Over the years authors have often borrowed bits and pieces from these stories grafting them into their own writing creating literature with both new meaning and age old significance In the last few decades or so they ve also intentionally retold and reinvented the
