psychedelic therapy not only for psychological reasons but also for personal growth creative problem solving improved brain function and heightened spiritual awareness Our psychedelic future is on the horizon a future that harnesses the full potential of mind and spirit and Thomas Roberts outlines a path to reach it **Spirit-empowered Christianity in the Twenty-first Century** Vinson Synan,2011 What does a re vision of the Charismatic Pentecostal Spirit empowered movement look like in the coming years of this millennium The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths but the perpetuators of them as well If any generation ceases to accentuate this emphasis the movement likely will forfeit the right to be recognized as such When the Pentecostal message is preached published and proclaimed through triumphant song an atmosphere is sustained for people to experience anew and again the reality of salvation holiness charismata wholeness and hope Such a revival will be biblically based rationally sound traditionally accurate and experientially real Spirit Empowered Christianity in the 21st Century is an authoritative compilation of the presentations from thirty leaders in the Charismatic Pentecostal movement given at the Empowered 21 Conference in Tulsa OK in April 2010 These chapters share emerging insights on how the next generation will handle the profound issues facing Christians within the Charismatic Pentecostal movement in the 21st century For example one portion covers the topic of the 21st century renewal while another discusses how we can protect our Charismatic distinctive Another portion will highlight Charismatic adaptations for reaching this present age discussing issues of social and economic justice prosperity and suffering challenges to urban ministry the future of the next generation Oneness Pentecostalism and missiological aims in North America *The Globalisation of Charismatic Christianity* Simon Coleman,2000-10-02 This 2000 book analyses the revival of charismatic Protestant Christianity as an example of globalization Simon Coleman shows that along with many social movements these religious conservatives are negotiating their own interpretations of global and postmodern processes They are constructing an evangelical arena of action and meaning within the liminal chaotic space of the global The book examines globalization not only as a social process but also as an embodied practice involving forms of language and ritualized movement Charismatic Christianity is presented through its material culture art architecture and consumer products as well as its rhetoric and theology The book provides an account of the incorporation of electronic media such as television videos and the Internet into Christian worship Issues relating to the conduct of fieldwork in contexts of globalization are raised in an account which is also a major ethnography of a Faith ministry **New Ways of Being Pentecostal in Latin America** Martin Lindhardt,2016-03-23 The explosive growth of Pentecostalism has radically transformed Latin America s religious landscape within the last half century or so In a region where Catholicism reigned hegemonic for centuries the expansion of Pentecostalism has now resulted in a situation of religious pluralism and competition bearing much more resemblance to the United States than to the Iberian motherlands Furthermore the fierce competition from Pentecostal churches has inspired significant renewals of Latin American

Catholicism most notably the growth of a Catholic Charismatic movement However another and more recent source of religious pluralism and diversity in Latin America is an increasing pluralization and diversification of Pentecostalism itself and of the ways in which individual Pentecostals exercise their faith By carefully exploring this diversification the book at hand breaks new ground in the literature on Latin American Christianity Particular attention is focused on new ways of being Pentecostal and on the consequences of recent transformations of Christianity for individuals faith communities and societies More specifically the chapters of the book look into certain transformations of Pentecostalism such as theological renewals and new kinds of religious competition between Pentecostal churches a growing political and civic engagement of Pentecostals an observed de institutionalization of Pentecostal religious life and the negotiation individual Pentecostal identities composed of multiple intra and extra ecclesial points of identification and the emergence of new generations of Pentecostals children of Pentecostal parents many of whom have higher levels of education and higher incomes than the previous generations within their churches In addition Catholic responses to Pentecostal competition are also addressed in several chapters of the book

Power and the Church Martyn Percy, 1998-03-01 Employing insights from theology sociology and political science this text considers the question of power within the Church which is thought to provide the key to unlocking core dilemmas in the Church s self understanding and to point towards a relevant ecclesiology for the 21st century The book shows how different denominations handle power in different ways exposes the misuse of power in fundamentalist and new religious movements and argues that these movements highlight problems of power elsewhere within the Church

The Challenges of the Pentecostal, Charismatic and Messianic Jewish Movements Peter Hocken, 2016-04-01 This book explores the Pentecostal and charismatic movements tracing their development and their variety Hocken shows how these movements of the Holy Spirit both outside the mainline churches and as renewal currents within the churches can be understood as mutually challenging and as complementary The similarities and the differences are significant The Messianic Jewish movement possesses elements of both the new and the old Addressing the issues of modernity and globalization this book explores major phenomena in contemporary Christianity including the relationship between the new churches and entrepreneurial capitalism

Notes from a Wayward Son Andrew G. Walker, 2019-11-08 This miscellany puts readers around the table with a teacher who has provided the church with wisdom and passion and introduces a new voice to the ongoing conversation about the relationship between the gospel and culture Andrew Walker s ecclesial intelligence and broad interdisciplinary approach to theology and sociology will undoubtedly capture the imagination of many who are curious about the church s mission in the modern West Notes from a Wayward Son represents a broad sampling of Walker s writings from a distinguished forty five year career from explorations of Pentecostalism and Charismatic Renewal to Eastern Orthodoxy C S Lewis and Deep Church from the impact of modernity on the ecclesia to mission and ecumenism in the West today In a world and a church often driven by the latest fashions Walker s is a voice to which we will want to listen
