The Hand And The Horoscope:

The Hand and the Horoscope Fred Gettings,1973 *The Hand-book of Astrology* Zadkiel,1861 **The Hand-Book of Astrology; by which Every Question of the Future, on which the Mind is Anxious, May be Truly Answered** ,1861

The Hand Reveals Dylan Warren-Davis,2021-04-26 A practical guide to the fascinating art of reading hands Cheiromancy is the art of handreading in which all aspects of a person s hand are considered in order to gain an accurate picture of their inner nature distinct from the fortune telling of palmistry What has come down to us as palmistry today is a rather degenerate and effete form of the ancient discipline of chiromancy The word cheiromancy comes from the Greek chir meaning hand and manteia meaning divination literally meaning divination through the hand The Hand Reveals is not merely theoretical at various points throughout the book readers are encouraged to try and apply this knowledge at every opportunity to find confirmation of the ideas There is a considerable amount of knowledge and information compressed into these pages and even the most diligent student would have difficulty in digesting it in one reading It is recommended that you refer back as often as necessary to go the material you have read to allow your understanding of cheiromancy to grow gradually Originally published in 1993 this edition has been revised and updated with new material **Your Destiny and Scientific Hand Analysis** Yaschpaule,1996 This book is designed to convince the healthy and scientific minded sceptic that hand analysis is a science worthy of serious consideration The laws of scientific hand analysis are presented here in a very simple manner and are amply illustrated by diagrams This book is also intended for those who do not have the faintest concept of what hand analysis or astrology is all about so that no previous knowledge is required for its understanding At the same time the subject of hand analysis has been comprehensively emphasized As such this book will be of interest to professional astrologers In many Eastern countries leading astrologers have a good knowledge of hand analysis Where the horoscope does not give clear guidance on a particular aspect they consult the palms in order to obtain clarification The ideas put forward in this book are based on the Indian Western and Egyptian schools of hand analysis although the Indian system has been used the most The scientific rationale behind the wearing of particular gems in order to ward off evil planetary influences is also succinctly described Above all this is meant to be an eminently straightforward and practical work The sceptic has only to study his own palms to be pleasantly surprised at how accurately hand analysis reveals his own particular case **Words of Destiny** Caterina Guenzi,2021-03-01 Astrologers play an important role in Indian society but there are very few studies on their social identity and professional practices Based on extensive fieldwork carried out in the city of Banaras Words of Destiny shows how the Brahmanical scholarly tradition of astral sciences jyoti sha described in Sanskrit literature and taught at universities has been adapted and reformulated to meet the needs and questions of educated middle and upper classes in urban India How to get a career promotion How to choose the most suitable field of study for children When is the best moment to move into a new house The study of astrology challenges ready made

assumptions about the boundaries between science and superstition rationality and magic Rather than judging the validity of astrology as a knowledge system Caterina Guenzi explores astrological counseling as a social practice and how it works from within for both astrologers and their clients She examines the points of view of those who use astrology either as a way of earning their living or as a means through which to solve problems and make decisions concluding that because astrology combines mathematical calculations and astronomical observations with ritual practices it provides educated urban families with an idiom through which modern science and devotional Hinduism can be subsumed *Decoding the Hand* Alison Bashford,2025-12-23 The astonishing history of palmistry and biometrics from occult physicians to the very foundations of modern science and medicine Why did Isaac Newton read books on chiromancy the occult science of hand reading that revealed the secrets of the soul Why did Charles Darwin claim that the hand gave humans dominion over all other species Why did psychoanalyst Charlotte Wolff climb into the primate cages of the London Zoo taking hundreds of delicate palm prints Why did Francis Galton the father of fingerprinting take palm prints too And why did world leading geneticists study the geometry of palm lines in their search for the secrets of chromosomal syndromes Decoding the Hand is an astounding history of magic medicine and science of an enduring search for how our bodily surfaces might reveal an inner self a soul a character an identity From sixteenth century occult physicians influenced by the Kabbalah to twentieth century geneticists and from criminologists to eugenicists award winning historian Alison Bashford takes us on a remarkable journey into the strange world of hand readers revealing how signs on the hand its shape lines marks and patterns have been elaborately decoded over the centuries Sometimes learned sometimes outrageously deceptive sometimes earnest and more often than we ever expected medically and scientifically trained these palm readers of the past prove to be essential links in the human quest to peer into bodies souls minds and selves Not only for fortune telling palmists were the future and the past health and character laid bare in the hand but for other experts in bodies and minds as well anatomists psychiatrists embryologists primatologists evolutionary biologists geneticists and more Drawing telling parallels between the divination promised by palmistry and the appeal to self knowledge offered by modern genetic testing Decoding the Hand also makes clear that palm reading is far from a relic or simple charlatanism Bashford s sagacious history of human hands touching and connecting opens wide the essential human pursuit of what lies within and beyond **Occult Line on the hand** Pt. V.K. Sharma,2005

Shape of the Hand , **The Hand-book of Astrology, by which Every Question of the Future, on which the Mind is Anxious, May be Truly Answered** Zadkiel,1862
