The Haunting Image :

The Haunting Image Suzanne Clausse, 1978 The King's Living Image Alejandro Canaque, 2013-04-15 To rule their vast new American territories the Spanish monarchs appointed viceroys in an attempt to reproduce the monarchical system of government prevailing at the time in Europe But despite the political significance of the figure of the viceroy little is known about the mechanisms of viceregal power and its relation to ideas of kingship Examining this figure The King's Living Image challenges long held perspectives on the political nature of Spanish colonialism recovering at the same time the complexity of the political discourses and practices of Spanish rule It does so by studying the viceregal political culture that developed in New Spain in the sixteenth and seventeenth centuries and the mechanisms both formal and informal of viceregal rule In so doing The King's Living Image questions the very existence of a colonial state and contends that imperial power was constituted in ritual ceremonies It also emphasizes the viceroys significance in carrying out the civilizing mission of the Spanish monarchy with regard to the indigenous population The King's Living Image will redefine the ways in which scholars have traditionally looked at the viceregal administration in colonial Mexico Terrorizing Images Charles Ivan Armstrong, Unni Langas, 2020-09-07 It is broadly accepted that terrorizing images are often instrumentalized in periods of conflict to serve political interests This volume proposes that paying attention to how images of trauma and conflict are described in literary texts i e to the rhetorical practice known as ekphrasis is crucial to our understanding of how such images work The volume's contributors discuss verbal images of trauma and terror in literary texts both from a contemporary perspective and as historical artefacts in order to illuminate the many different functions of ekphrasis in literature The articles in this volume reflect the vast developments in the field of trauma studies since the 1990s a field that has recently broadened to include genres beyond the memoir and testimony and that lends itself well to new postcolonial feminist and multimedia approaches By expanding the scholarly understanding of how images of trauma are described interpreted and acted out in literary texts this collected volume makes a significant contribution to both trauma and memory studies as well as more broadly to cultural studies Holocaust Images and Picturing Catastrophe Angi Buettner, 2016-12-05 Holocaust Images and Picturing Catastrophe explores the phenomenon of Holocaust transfer analysing the widespread practice of using the Holocaust and its imagery for the representation and recording of other historical events in various media sites It investigates the use of Holocaust imagery in political and legal discourses in critical thinking and philosophy as well as in popular culture to provide a fresh theorisation of the manner in which the Holocaust comes loose from its historical context and is applied to events and campaigns in the contemporary public sphere Richly illustrated with concrete examples including prominent international animal rights activism the Israeli Palestinian conflict and the genocide in Rwanda this book traces the visual rhetoric of Holocaust imagery and its application to events other than the genocide of Jewish people With its discussion of the wide range of issues arising with this form of Holocaust transfer the generalization of

the Holocaust as a metaphor in representations of catastrophe as well as in other cultural locations Holocaust Images and Picturing Catastrophe will appeal to those working in the fields of holocaust studies cultural and visual culture studies sociology and media studies The Adult Attachment Projective Picture System Carol George, Malcolm L. West, 2012-04-10 This book presents cutting edge research on adult attachment together with a complete overview of the Adult Attachment Projective Picture System AAP the authors validated developmental assessment In addition to identifying attachment classification groups the AAP yields important information about dimensions including defensive processes not evaluated by other available measures Detailed case illustrations show what the AAP looks like in action and what it reveals about individuals early experiences sense of self and capacity to engage in close protective relationships The AAP can be used in clinical or research settings the concluding chapter discusses promising applications to studying the neurobiology of attachment *Know Your Soul* Joseph Howell, 2024-11-14 Joseph Howell suffered from excruciating grief over his son s illness and death in 2008 A clinical psychologist and spiritual teacher Howell s pain forced him to search his spirituality An immersion into the ancient wisdom of the Enneagram revealed a pearl of vastly more profound knowledge than personality types It was an Enneagram of nine soul types and their particular soul qualities This discovery of the Enneagram of soul beautifully reconnected Howell to aspects of his soul that he was unaware existed These soul qualities helped heal his overwhelming grief when little else could This transformative experience led to this groundbreaking work Years in preparation this book is unique among those on spirituality and the Enneagram Besides presenting Enneagram teachings Howell tells intimate personal stories of how to recognize our soul type s unique qualities and how the dominant ego becomes transforms into a servant of our soul During the writing of this book Howell and his wife Lark lost their only other child Lauren The Enneagram of soul is a map of truth that sustains their faith and their commitment to this work even in this second great loss People searching for deeper meaning and those who have experienced significant grief of any kind will want to read this book Beginners and advanced students of the Enneagram will also benefit from it because it takes them from Enneagram basics to finer concepts of soul work Marguerite Duras Renate Gunther, 2019-01-25 The first book in English to deal exclusively with Duras cinema including such films as *India Song* *Le Camion* and *Nathalie Granger* Provides a lucid and stimulating introduction to her films which is accessible to a wide readerhip both specialist and non specialist Locates the films in their autobiographical as well as social and historical context making the book broadly interesting to students and teachers in all areas of French Studies The book s emphasis on gender issues widens it s appeal to include those working in Women s Studies Gender Studies and Gay and Lesbian Studies The Films of Werner Herzog Timothy Corrigan, 2013-12-17 Given Herzog s own pronouncement that film is not the art of scholars but of illiterates it is not surprising that his work has aroused ambivalent and contradictory responses Visually and philosophically ambitious and at the same time provocatively eccentric Herzog s films have been greeted equally by extreme adulation and extreme

condemnation Even as Herzog's rebellious images have gained him a reputation as a master of the German New Wave he has been attacked for indulging in a romantic naiveté and wilful self absorption To his hardest critics Herzog's films appear as little more than Hollywood fantasies disguised as high seriousness This book is an attempt to illuminate these contradictions It gathers essays that focus from a variety of angles on Herzog and his work The contributors move beyond the myths of Herzog to investigate the merits of his work and its place in film history A challenging range of films is covered from *Fata Morgana* and *Aguirre the Wrath of God* to more recent features such as *Nosferatu* and *Where the Green Ants Dream* offering the reader ways of understanding why whatever the controversies surrounding Herzog and his films he remains a major and popular international filmmaker Originally published in 1986

Aesthetics of Displacement Ozlem Koksall, 2017-07-27 Displacement does not only have an effect on groups and individuals ways of relating to their identity and their past but the knowledge and experience of it also has an impact on its representation Looking at films that represent the experience of displacement in relation to Turkey's minorities *Aesthetics of Displacement* argues that there is a particular aesthetic continuity among the otherwise unrelated films Ozlem Koksall focuses on films that bring taboo issues concerning the repression of minorities into visibility arguing that the changing political and social conditions determine not only the types of stories told but also the ways in

which these stories are told Focusing on aesthetic and narrative continuities the films discussed include Ararat Waiting for the Clouds and Once Upon a Time in Anatolia among others Each film is examined in light of major historical events and their context political and social as well as the impact these events had on the construction of both minority and Turkish identity
