The Heavenly City:

The Heavenly City Edwin Wilbur Rice, 2018-01-19 Excerpt from *The Heavenly City Heaven the Way to It Its Inhabitants Employments Enjoyments Glories And Children and Recognition of Friends There* When the beloved apostle John had a vision of heaven he rapturously exclaimed of it The city hath no need of the sun neither of the moon to shine in it for the glory of God did lighten it and the lamb is the light thereof Rev To the scattered and persecuted Hebrew Christians in the first century the writer of the *About the Publisher* Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Glory of the Heavenly City ... Graciously Manifested in a Vision to a Young Lady of Bristol, on the 10th of October, 1781, as Related by Herself. The Second Edition*, 1782 **The Heavenly City** Menaḥem Gets, 1989 [Slaves of God](#) Toni Alimi, 2024-08-06 *Slaves of God* provides the first philosophical explanation of Augustine's reasons for justifying slavery It shows that once we understand why Augustine judged slavery permissible we can appreciate the central role it plays in his broader religious ethical and political thought It demonstrates this by examining the role slavery played in his conceptions of religion worship law and citizenship This monograph also situates Augustine in the Roman intellectual landscape of late antiquity placing him in relation to Cicero Seneca Varro and Lactantius **The Heavenly City** Menaḥem Gets, 1982 *The City Lament* Tamar M. Boyadjian, 2018-12-15 Poetic elegies for lost or fallen cities are seemingly as old as cities themselves In the Judeo Christian tradition this genre finds its purest expression in the book of Lamentations which mourns the destruction of Jerusalem in Arabic this genre is known as the *ritha al mudun* In *The City Lament* Tamar M Boyadjian traces the trajectory of the genre across the Mediterranean world during the period commonly referred to as the early Crusades 1095-1191 focusing on elegies and other expressions of loss that address the spiritual and strategic objective of those wars Jerusalem Through readings of city laments in English French Latin Arabic and Armenian literary traditions Boyadjian challenges hegemonic and entrenched approaches to the study of medieval literature and the Crusades *The City Lament* exposes significant literary intersections between Latin Christendom the Islamic caliphates of the Middle East and the Armenian kingdom of Cilicia arguing for shared poetic and rhetorical modes Reframing our understanding of literary sources produced across the medieval Mediterranean from an antagonistic orientalist model to an analogous one Boyadjian demonstrates how lamentations about the loss of Jerusalem whether to Muslim or Christian forces reveal fascinating parallels and rich cross cultural exchanges **The City of God** St. Augustine, 2022-05-03 16 centuries ago the greatest empire the world had ever seen The Roman Empire symbolically with the

sack of its capitol the eternal city of Rome died It was the end of 1 000 years of civilization by the hands of barbarian hordes from Germania Many Romans argued at the time that the Empire was crumbling because the ancient gods had been displaced by the now official and dominant Christian faith The City of God is a rebuttal of this belief but that is far from all that it is In addition to being an apologetic work of Christian influence is also one the most important theological constructions on theological anthropology esp human depravity political instability and the glory of God of his kingdom his City his righteousness Moreover the book is perhaps the most important and groundbreaking political philosophy the church has yet to produce Second only to Augustine s Confessions in popularity and spreading a wider theological net than Augustine s De Trinitate The City of God is the greatest and most comprehensive of Augustine s works It is impossible to understand his thought or its trajectory without this work Now bound in a reader friendly design and size and printed on straight white and semi gloss pages this edition is excellent for both a straight read of the text or a critical study of it “A”

Critical and Exegetical Commentary on the Revelation of St. John Robert Henry Charles, 1920 *The Essential City of God* Gregory W. Lee, 2025-04-01 Augustine is the most influential thinker of Western Christianity and City of God is arguably his greatest work After the sack of Rome in 410 many Romans despaired about the future of the empire Critics of Christianity blamed the devastation on the empire s conversion to the faith City of God is Augustine s monumental response to these challenges developed through analysis of Roman society engagement with classical philosophy and extended commentary on Scripture These sprawling discussions yield Augustine s theology of the two cities according to which all people are divided into two communities according to their ultimate loves whether of God or of self Christians are called to love eternal goods over temporal goods even as they seek the peace of the earthly city The length and complexity of City of God make its argument difficult to follow even for specialists This resource abridges Augustine s work and makes it accessible for a wide readership The selections focus on his social and political thought while indicating the larger shape of his work They are accompanied by explanatory notes essays on critical and complex topics and an outline of the entire text These aids will enable readers to experience Augustine s work for themselves The Essential City of God retrieves ancient wisdom for the modern world offering an enduring vision for faithfulness and hope in times of social instability **The last vials: being a series of essays upon the subject of the second advent.
