A Wild Idea Brad Edmondson, 2021-05-15 A Wild Idea shares the complete story of the difficult birth of the Adirondack Park Agency APA The Adirondack region of New York s rural North Country forms the nation s largest State Park with a territory as large as Vermont Planning experts view the APA as a triumph of sustainability that balances human activity with the preservation of wild ecosystems The truth isn t as pretty The story of the APA told here for the first time is a complex troubled tale of political dueling and communities pushed to the brink of violence The North Country s environmental movement started among a small group of hunters and hikers rose on a huge wave of public concern about pollution that crested in the early 1970s and overcame multiple obstacles to save the Adirondacks Edmondson shows how the movement s leaders persuaded a powerful Governor to recruit planners naturalists and advisors and assign a task that had never been attempted before The team and the politicians who supported them worked around the clock to draft two visionary land use plans and turn them into law But they also made mistakes and their strict regulations were met with determined opposition from local landowners who insisted that private property is private A Wild Idea is based on in depth interviews with five dozen insiders who are central to the story Their observations contain many surprising and shocking revelations This is a rich exciting narrative about state power and how it was imposed on rural residents It shows how the Adirondacks were saved and also why that campaign sparked a passionate rebellion

Perspectives on the Adirondacks Barbara McMartin, 2007-06-04 Barbara McMartin narrates the history of Adirondack environmental policy in depth beginning with the 1970 formation of the Adirondack Park Agency set up to regulate private development and to oversee the planning of public terrain Although hailed as the most innovative land use legislation of its time it ignited a wildfire of controversy creating a landscape of conflict Park residents protested Government stood firm Over the decades disparate groups have sought to shape an effective program to protect Adirondack wildland but cannot seem to work together This is the first

comprehensive account of that ongoing drama a stirring story of the environmental movement public action and government failure and success
