ADOLESCENCE EDUCATION CHOUDHARY, GIRISH BALA, 2014-07-18 The young and adolescents are an epitome of change hope and progress The lives of adolescents are subject to global challenges faced by information and technological revolution changing markets and globalization and specific changes taking place in family dynamics cultural traditions religious beliefs and other socialization practices This book on Adolescence Education assumes importance in view of the likely impact of acquired skills and behaviours during this period on an individual's prospects in adulthood This book is an attempt to understand the broader context in which adolescent lives are embedded The theoretical perspective presents a multi disciplinary view of adolescence that helps to understand the evolution of the concept of adolescence Presenting an elaborate account of adolescence as experienced by young in India and highlighting the challenges that emerge as a result of dynamic changes in society the attempt is made to identify the emerging issues and concerns that impact the lives of adolescents and provide a perspective to adolescence education The historical account presented helps to build an understanding of the various socio cultural forces that led to the emergence of the existing Adolescence Education Programme AEP The text presents the key features of the present AEP that are imperative for its successful implementation The UN and civil society initiatives are mapped with a view to locate the characteristic features and thrust of various interventions The text gives some gleanings insights from available evidences regarding execution of various existing adolescent programmes and existential realities of adolescents lives The book is intended for the undergraduate and postgraduate students of Education Psychology and Sociology Besides the book is equally beneficial for the students opting for Psychology at their 2 level

Children Who Murder Robert V. Heckel, David M. Shumaker, 2001-02-28 Due to the extensive changes in family structure such as the increase of single parent families a high divorce rate and the decline of the extended family support systems for young children are in decline This decline disrupts the support systems ability to shape children's prosocial values Because of the fear of lawsuits and limited financial resources community services and schools no longer provide the framework needed to balance changes in the contemporary family structure This book provides insight into voids that have created social skills affecting this young population using an integrative approach to examine the causal factors of violent behavior in preteens It offers suggestions for alleviating some of the causative factors that have created this nationwide problem Changes in family structure the role of the community the educational philosophy of schools and the juvenile justice system are discussed as examples of causal factors of violent behavior in preteens This timely book uses an

integrative approach to examine these factors as well as to discuss the changes in the juvenile justice system in terms of punishment treatment and rehabilitation A direct response to current events such as the Columbine shooting and recent elementary school shootings IChildren Who Murder R will be of interest to practitioners educators guidance and educational counselors lawyers and parents
