The Adventures of Menahem-Mendl Sholem Aleichem,1969 Letters between a husband and wife provide another magical glimpse into the world of Sholom Aleichem **American Jewish Year Book 1995** ,1995 The Library owns the volumes of the American Jewish Yearbook from 1899 current *Sholem Aleichem in the Theater* Jacob Weitzner,1994 He never directed any of his plays and was not given the opportunity to perfect them in the theater This was left to subsequent directors who became paramount figures in the realization of his drama on stage **The Centrifugal Novel** Stephen Katz,1999 The study addresses a number of issues among them the importance that manuscripts and text editing have in our comprehension of fiction how Agnon composed some of his short works lending them an indeterminacy and force to serve as comments on the human condition In addition the final chapters demonstrate several approaches to the interpretation of *A Guest for the Night* from thematic linguistic and intratextual perspectives Judaism Since Gender Miriam Peskowitz,Laura Levitt,2014-06-03 *Judaism Since Gender* offers a radically new concept of Jewish Studies staking out new intellectual terrain and redefining the discipline as an intrinsically feminist practice The question of how knowledge is gendered has been discussed by philosophers and feminists for years yet is still new to many scholars of Judaism *Judaism Since Gender* illuminates a crucial debate among intellectuals both within and outside the academy and ultimately overturns the belief that scholars of Judaism are still largely oblivious of recent developments in the study of gender Offering a range of provocations Jewish men as sissies Jesus as transvestite the problem of eroticizing Holocaust narratives this timely collection pits the joys of transgression against desires for cultural wholeness **The Men with the Movie Camera** Philip Cavendish,2013-12-01 Unlike previous studies of the Soviet avant garde during the silent era which have regarded the works of the period as manifestations of directorial vision this study emphasizes the collaborative principle at the heart of avant garde filmmaking units and draws attention to the crucial role of camera operators in creating the visual style of the films especially on the poetics of composition and lighting In the Soviet Union of the 1920s and early 1930s owing to the fetishization of the camera as an embodiment of modern technology the cameraman was an iconic figure whose creative contribution was encouraged and respected Drawing upon the film literature of the period Philip Cavendish describes the culture of the camera operator charts developments in the art of camera operation and studies the mechanics of key director cameraman partnerships He offers detailed analysis of Soviet avant garde films and draws comparisons between the visual aesthetics of these works and the modernist experiments taking place in the other spheres of the visual arts **Rebirth of a Culture** Hillary Hope Herzog,Todd Herzog,Benjamin Lapp,2008 After 1945 Jewish writing in German was almost unimaginable and then only in reference to the Shoah Only in the 1980s after a period of mourning silence and processing of the trauma did a new Jewish

literature evolve in Germany and Austria This volume focuses on the re emergence of a lively Jewish cultural scene in the German speaking countries and the various cultural forms of expression that have developed around it Topics include current debates such as the emergence of a post Waldheim Jewish discourse in Austria and Jewish responses to German unification and the Gulf wars Other significant themes addressed are the memorialization of the Holocaust in Berlin and Vienna the uses of Kafka in contemporary German literature and the German and American Jewish dialogue as representative of both the history of exile and the globalization of postmodern civilization The volume is enhanced by contributions from some of the most significant representatives of German Jewish writing today such as Esther Dischereit Barbara Honigmann Jeanette Lander and Doron Rabinovici The result is a lively dialogue between European and North American scholars and writers that captures the complexity and dynamism of Jewish culture in Germany and Austria at the turn of the twenty first century
