The Age Of Faith Part 1 Of 3:

The Pilgrim's Progress ... The Forty Ninth Edition. [pt. 1-3.] John Bunyan,1760 *The Diaries of Anthony Ashley-Cooper, the Seventh Earl of Shaftesbury* David Brown,2023-05-25 The Diaries of Anthony Ashley Cooper Seventh Earl of Shaftesbury 1801 85 Vol 1 Part One demonstrates the emergence of Lord Ashley the Poor Man s Earl as a passionate evangelical reformer and determined advocate for a range of domestic and international issues and causes God on the Grounds Harry Y. Gamble,2020-05-21 Free thinking Thomas Jefferson established the University of Virginia as a secular institution and stipulated that the University should not provide any instruction in religion Yet over the course of the nineteenth century and into the early twentieth religion came to have a prominent place in the University which today maintains the largest department of religious studies of any public university in America Given his intentions how did Jefferson s university undergo such remarkable transformations In *God on the Grounds* esteemed religious studies scholar Harry Gamble offers the first history of religion s remarkably large role both in practice and in study at UVA Jefferson s own reputation as a religious skeptic and infidel was a heavy liability to the University which was widely regarded as injurious to the faith and morals of its students Consequently the faculty and Board of Visitors were eager throughout the nineteenth century to make the University more religious Gamble narrates the early rapid and ongoing introduction of religion into the University s life through the piety of professors the creation of the chaplaincy the growth of the YMCA the multiplication of religious services and meetings the building of a chapel and the establishment of a Bible lectureship and a School of Biblical History and Literature He then looks at how only in the mid twentieth century the University began to retreat from its religious entanglements and reclaim its secular character as a public institution A vital contribution to the institutional history of UVA *God on the Grounds* sheds light on the history of higher education in the United States American religious history and the development of religious studies as an academic discipline **Life and Gabriella: The Story of a Woman's Courage**

Ellen Anderson Gholson Glasgow,2024-09-21 Immerse yourself in the inspiring tale of resilience and determination with *Life and Gabriella The Story of a Woman s Courage* by Ellen Glasgow a poignant story about a woman s struggle to build a life on her own terms in a rapidly changing world Follow Gabriella as she navigates the challenges of a male dominated society fighting to claim her independence and carve out a successful life in the face of social and economic adversity With a deep exploration of themes such as self reliance personal growth and societal pressures this novel portrays the strength of the human spirit Through richly developed characters and vivid descriptions Glasgow captures the complexities of early 20th century life offering a compelling narrative that resonates with readers of all backgrounds The courage and perseverance of Gabriella make this a timeless story of empowerment and determination inspiring readers to overcome their own challenges With its intricate character development relatable themes and Glasgow s keen understanding of human nature *Life and Gabriella* stands as a tribute to the enduring power of a woman s will This book is a must read for anyone seeking inspiration

and insight into the complexities of life and personal triumph The Learned Practice of Religion in the Modern University Donald Wiebe, 2019-11-14 In these essays Donald Wiebe unveils a significant problem in the academic study of religion in colleges and universities in North America and Europe that studies almost always exhibit a religious bias To explore this issue Wiebe looks at the religious and moral agendas behind the study of religion showing that the boundaries between the objective study of religion and religious education as a tool for bettering society have become blurred As a result he argues religious studies departments have fostered an environment where religion has become a learned or scholarly practice rather than the object of academic scrutiny This book provides a critical history of the failure of 20th and 21st century scholars to follow through on the 19th century ideal of an objective scientific study of religious thought and behaviour Although emancipated from direct ecclesiastical control and to some extent from sectarian theologizing Wiebe argues that research and scholarship in the academic department of religious studies has failed to break free from religious constraints He shows that an objective scientific study of religious thought and practice is not only possible but the only appropriate approach to the study of religious phenomena **The Pilgrim's Progress ... A New Edition, Etc. Pt. 1-3. With Plates** John Bunyan, 1805 **The History of a Modern Millennial Movement** Jane Shaw, Philip Lockley, 2017-05-30 A feverish expectation of the end of the world seems an unlikely accompaniment to middle class respectability But it was precisely her interest in millennial thinking that led Jane Shaw to a group of genteel terraced townhouses in the English county town of Bedford Inside their unassuming grey brick exteriors Shaw found something extraordinary For here within the Ark lived two members of the Panacea Society last survivors of the remaining Southcottian prophetic communities in Britain And these individuals were the heirs to a rich archive charting not just their own apocalyptic sect but also the histories of the many groups and their leaders who from the early nineteenth century onwards had followed the beliefs of the self styled prophetess and prospective mother of the Messiah Shiloh Joanna Southcott who died in 1814 Placing its subjects in a global context this is the first book to explore the religious thinking of all the Southcottians It reveals a transnational movement with striking and innovative ideas not just about prophecy and the coming apocalypse but also about politics gender class and authority The volume will sell to scholars and students of religion and cultural studies as well as social history **Us Versus Us** Andrew Marin, 2016 Would you believe that 86 percent of LGBT people from the proud marcher at the Pride Parade to the quiet closeted teen spent their childhood in church More than half of them left those religious communities as adults three out of four would be happy to come back For decades now we have found our selves caught up in a culture war us versus them Good news there is no them Our culture war has been a civil war Us versus Us And there is a path toward meaningful peace Andrew Marin brings the startling findings of his largest ever scientific survey of the religious history practices and beliefs of the LGBT community Marin s findings offer clear direction for both sides of a long cultural battle to meet in the middle sacrificing neither conviction nor integrity as they rediscover the things they have in common and the
