The Albers Collection Of Precolumbian Art:

The Albers Collection of Pre-Columbian Art Karl A. Taube, 1988 Shows and describes pottery carvings and textiles produced by the Indians of Mexico ALBERS COLLECTION OF PRE-COLUMBIAN ART, 1988 *Small-great Objects* Jennifer Reynolds-Kaye, Yale University. Art Gallery, 2017-01-01 Small Great Objects presents a remarkable look into the art collecting practices of two of modern art's most widely influential figures Anni 1899 1994 and Josef 1888 1976 Albers Their impressive collection of over 1 400 objects from Latin America namely Mexico and Peru represents a conscious endeavor that goes well beyond that of a casual hobby displaying a deep appreciation for the art textiles and overall ingenuity of the ancient American world This insightful book draws on primary source materials such as the couple's letters personal papers and archival photographs many never before published and demonstrates their conviction that these Prehispanic objects displayed a formal sophistication and bold abstraction that defy the prevalent conception of the works as primitive Moreover it shows how the Alberses spread their appreciation of the ancient world to others through their teachings their writings and their own art practices **Olmec Art at Dumbarton Oaks** Karl A. Taube, Dumbarton Oaks, 2004 Olmec Art at Dumbarton Oaks presents the Olmec portion of the Robert Woods Bliss Collection of Pre-Columbian Art It illustrates all thirty-nine Olmec art objects in color plates and includes many complementary and comparative black and white illustrations and drawings The body of Pre-Columbian art that Robert Bliss carefully assembled over a half century between 1912 and 1963 amplified only slightly since his death is a remarkably significant collection In addition to their aesthetic quality and artistic significance the objects hold much information regarding the social worlds and religious and symbolic views of the people who made and used them before the arrival of Europeans in the New World This volume is the second in a series of catalogues that will treat objects in the Bliss Pre-Columbian Collection The majority of the Olmec objects in the collection are made of jade the most precious material for the peoples of ancient Mesoamerica from early times through the sixteenth century Various items such as masks statuettes jewelry and replicas of weapons and tools were used for ceremonial purposes and served as offerings Karl Taube brings his expertise on the lifeways and beliefs of ancient Mesoamerican peoples to his study of the Olmec objects in the Bliss collection His understanding of jade covers a broad range of knowledge from chemical compositions to geological sources to craft technology to the symbolic power of the green stone Throughout the book the author emphasizes the role of jade as a powerful symbol of water fertility and particularly of the maize plant which was the fundamental source of life and sustenance for the Olmec The shiny green of the stone was analogous to the green growth of maize This fundamental concept was elaborated in specific religious beliefs many of which were continued and elaborated by later Mesoamerican peoples such as the Maya Karl Taube employs his substantial knowledge of Pre-Columbian cultures to explore and explicate Olmec symbolism in this catalogue Pre-Columbian Mexican Miniatures Anni Albers, 1970 In selecting the objects to include in this book Anni Albers was guided by her belief that all art is an act of condensation that the small pre-Columbian images

shown here are truly a lesson in economy of artistic articulation that neither small size nor a modest material such as clay nor even the specific idiom of a period will keep true art from emanating its timeless meaning book jacket **Concise Dictionary of Women Artists** Delia Gaze, 2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume *Dictionary of Women Artists: Introductory surveys ; Artists, A-I* Delia Gaze, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company Red Brick, Black Mountain, White Clay Christopher Benfey, 2012-03-15 New York Times 100 Notable Books of 2012 Beautiful haunted evocative and so open to where memory takes you I kept thinking that this is the book that I have waited for where objects and poetry intertwine Just wonderful and completely sui generis Edmund de Waal author of The Hare with Amber Eyes An unforgettable voyage across the reaches of America and the depths of memory Red Brick Black Mountain White Clay follows one incredible family to discover a unique craft tradition grounded in America's vast natural landscape Looking back through the generations renowned critic Christopher Benfey unearths an ancestry and an aesthetic that is quintessentially American His mother descends from colonial explorers and Quaker craftsmen who carved new arts from the trackless wilds of the frontier Benfey's father escaped from Nazi Europe along with his aunt and uncle the famed Bauhaus artists Josef and Anni Albers by fleeing across the Atlantic and finding an eventual haven in the American South Bricks form the backbone of life in North Carolina's rural Piedmont where Benfey's mother was raised among centuries old folk potteries tobacco farms and clay pits Her father like his father before him believed in the deep honesty of brick that men might build good lives with the bricks they laid Nurtured in this red clay world of ancient craft and Quaker radicalism Benfey's mother was poised to set out from home when a tragic romance cracked her young life in two Salvaging the broken shards of his mother's past and exploring the revitalized folk arts resisting industrialization Benfey discovers a world brimming with possibility and creativity Benfey's father had no such foundation in his young life nor did his aunt and uncle Exiled artists from Berlin's Bauhaus school Josef and Anni Albers were offered sanctuary not far from the Piedmont at Black Mountain College A radical experiment in unifying education and art Black Mountain made a monumental impact on American culture under Josef's leadership counting Robert Rauschenberg John Cage and Buckminster Fuller among its influential students and teachers Focusing on the natural world innovative craftsmanship and the physical reality of materials Black Mountain became a home and symbol for an emerging vision of American art Threading these stories together into a radiant and mesmerizing harmony Red Brick Black Mountain White Clay is an extraordinary quest to the heart of America and the origins of its art **Non-literary Fiction** Esther Gabara, 2022-12-06 Explores a new form of fiction that emerged in late twentieth century visual art across the Americas With Non literary Fiction Esther Gabara examines how contemporary art produced across the Americas has reacted to the rising tide of neoliberal regimes focusing on the crucial role of fiction in daily politics Gabara argues that these fictions depart from familiar literary narrative structures and emerge in the new

mediums and practices that have revolutionized contemporary art Each chapter details how fiction is created through visual art forms in performance and body art posters mail art found objects and installations For Gabara these fictions comprise a type of art that asks viewers to collaborate in the creation of the work and helps them to withstand the brutal restrictions imposed by dominant neoliberal regimes During repressive regimes of the 1960s and 1970s and free trade agreements of the 1990s artists and critics consistently said no to economic privatization political deregulation and reactionary social logic as they rejected inherited notions of visual literary and political representation Through close analyses of artworks and writings by leading figures of these two generations including Indigenous thinkers Gabara shows how negation allows for the creation of fiction outside textual forms of literature Guide to the Arts of the Americas Harmer Johnson, 1992
