The Era Of Trujillo Dominican Dictator:

La era de Trujillo Jesús de Galíndez, 1973 **The era of Trujillo (La era de Trujillo, engl.) Dominican dictator** Jesús de Galíndez, 1973 **Trujillo: The Life and Times of a Caribbean Dictator** Robert D. Crassweller, 2023-01-28 This is the most satisfactory study of Rafael Trujillo 1891 1961 yet published Mr Crassweller has used printed materials and interviews to reconstruct the life of the Caribbean strongman and his book is not the typical sycophantic panegyric published during Trujillo's rule or a recapitulation of the worst excesses of his dictatorship It is a surprisingly well balanced attempt to understand the man his motives and his regime Trujillo was the product of the United States occupation between 1916 and 1924 Born in humble circumstances in 1891 his career had been inauspicious until he discovered that he might be able to obtain a commission in a new constabulary being formed by the occupation forces within ten years he was in charge of the nation's armed forces and by 1930 he was President From that time until his death he ruled his country with an iron hand and the author lucidly shows how he converted it into his own personal estate through political and economic manipulation A vain man Trujillo used the vanity of others to achieve his goals He thought everyone had his price and all too often he was right Not only would Dominicans debase themselves in order to receive the dictator's largesse but there is evidence as the author shows that United States Congressmen and even the Vatican accepted favours from Trujillo But in his quest for power he made more enemies than friends and the account of his decline is both informative and dramatic International Journal Crassweller has produced a superb volume about the man in Caribbean politics from the early 1930s until the rise of Fidel Castro This portrait of Dominican politics and the ascendancy of Trujillo is chilling in its implications and far surpasses what the average critic of Trujillo imagined The former dictator is portrayed as a tyrant in the absolute sense operating through a series of clever tactics to intimidate those around him this volume must stand as an achievement The Review of Politics Here we have a small miracle Crassweller has produced the best work on Trujillo the man and the Dominican Republic the country that we have or are likely to get in the years immediately ahead In scope the book is both expansive and intimate paying careful attention to the changing historical circumstances as it concentrates on the personal characteristics and activities The New York Times Book Review This book deserves to be read no comparable picture of the Caribbean saga exists in English a devastating history This biography of Trujillo may be read as a super detective story or as colorful history or as a commentary on our times No one starting the book is likely to put it down and he will be left at the end with a pressing question of how sane clean and healthy forces can be made to triumph in this area so vital to the safety of the United States The New York Herald Tribune's Book Week This is a remarkable account of a remarkable period in Caribbean history well planned and well written Chicago Tribune Mr Crassweller's account of this power crazy dictator and his times is a monumental job of historical and biographical research and writing Christian Science Monitor This biography of Trujillo is by far the best available In a vivid very readable style it presents a mass of information much of it hardly known most of it of

historical interest highly recommended as a lively portrait of a fascinating character Caribbean Studies I suppose everyone has told you what a subtle elegant and penetrating account you have written of Trujillo But let me also add my word This combination of artistry and craftsmanship happens only about once every five years John Kenneth Galbraith The Dictator's Seduction Lauren Hutchinson Derby,2009 The Dominican Belle poque 1922 San Zenon and the making of Ciudad Trujillo The master of ceremonies Compatriotas el jefe calls Clothes make the man Trujillo s two bodies Papa Liborio and the morality of rule Charisma and the gift of recognition **Dictatorship and Development** Howard J. Wiarda,1968 This book examines the dictatorship of Rafael Le nidas Trujillo who ruled the Dominican Republic from 1930 1961 **God and Trujillo** Ignacio López-Calvo,2005 Rafael Trujillo dictator of the Dominican Republic from 1930 until his assassination in 1961 is still heavily mythologized among Dominicans to this day God and Trujillo the first book length study of works about the Dominican dictator seeks to explain how some of those myths were created by analyzing novels and testimonials about Trujillo from Dominican writers to canonical Latin American authors including Mario Vargas Llosa and Gabriel Garc a M rquez Trujillo s quasi mythological figure created a compelling corpus of literary works Ignacio L pez Calvo s study offers a vigorous analysis of 36 narrative texts He analyzes the representation of the dictator as a mythological figure his legacy the role of his doubles his favorite courtiers and acolytes and the role of women during the so called Era of Trujillo He also traces the evolution and significance of these narratives from a theoretical perspective that falls within the cultural studies framework The study of the Dominican testimonio and the unveiling of the Taino myth in the Trujillato narratives are particularly innovative In addition he describes class antagonism and the demythification of the leftist militant in the Trujillato narratives He also offers an illuminating account of the Dominican left and of the anti Trujillo resistance as contained in Dominican literature **A History of Political Murder in Latin America** W. John Green,2015-04-27 A sweeping study of political murder in Latin America This sweeping history depicts Latin America s pan regional culture of political murder Unlike typical studies of the region which often focus on the issues or trends of individual countries this work focuses thematically on the nature of political murder itself comparing and contrasting its uses and practices throughout the region W John Green examines the entire system of political murder the methods and justifications the perpetrators employ the victims and the consequences for Latin American societies Green demonstrates that elite and state actors have been responsible for most political murders assassinating the leaders of popular movements and other messengers of change Latin American elites have also often targeted the potential audience for these messages through the region s various dirty wars In spite of regional differences elites across the region have displayed considerable uniformity in justifying their use of murder imagining themselves in a class war with democratic forces While the United States has often been complicit in such violence Green notes that this has not been universally true with US support waxing and waning A detailed appendix exploring political murder country by country provides an additional resource for readers *William D.*

Pawley Anthony R. Carrozza, 2012-03 The amazing true story of a businessman adventurer who changed the world *The Era of Trujillo, Late Dictator of the Dominican Republic* Robert Alan Bannan, 1972 Forms of Dictatorship Jennifer Harford Vargas, 2018 An intra ethnic study of Latina o fiction written in the United States from the early 1990s to the present *Forms of Dictatorship* examines novels that depict the historical reality of dictatorship and exploit dictatorship as a literary trope This literature constitutes a new sub genre of Latina o fiction which the author calls the Latina o dictatorship novel The book illuminates Latina os central contributions to the literary history of the dictatorship novel by analyzing how Latina o writers with national origin roots in the Caribbean Mexico and Central and South America imaginatively represent authoritarianism The novels collectively generate what Harford Vargas terms a Latina o counter dictatorial imaginary that positions authoritarianism on a continuum of domination alongside imperialism white supremacy heteropatriarchy neoliberalism and border militarization Focusing on novels by writers such as Junot Diaz Hector Tobar Cristina Garcia Salvador Plascencia and Francisco Goldman the book reveals how Latina o dictatorship novels foreground more ubiquitous modes of oppression to indict Latin American dictatorships U S imperialism and structural discrimination in the U S as well as repressive hierarchies of power in general Harford Vargas simultaneously utilizes formalist analysis to investigate how Latina o writers mobilize the genre of the novel and formal techniques such as footnotes focalization emplotment and metafiction to depict dictatorial structures and relations In building on narrative theories of character plot temporality and perspective Harford Vargas explores how the Latina o dictatorship novel stages power dynamics *Forms of Dictatorship* thus queries the relationship between different forms of power and the power of narrative form that is between various instantiations of repressive power structures and the ways in which different narrative structures can reproduce and resist repressive power
