**Student Companion to Ernest Hemingway** Lisa Tyler, 2001-09-30 The fully lived yet tragically ended life of Ernest Hemingway has attracted nearly as much attention as his extensive canon of writings This critical study introduces students to both the man and his fiction exploring how Hemingway confronted in his own life the same moral issues that would later create thematic conflicts for the characters in his novels In addition to the biographical chapter which focuses on the pivotal events in Hemingway's personal life a literary heritage chapter overviews his professional developments relating his distinctive style to his early years as a journalist With clear concise analysis students are guided through all of Hemingway's major works including *The Sun Also Rises* 1926 *A Farewell to Arms* 1929 *For Whom the Bell Tolls* 1940 and *The Old Man and the Sea* 1952 Full chapters are also devoted to examining his collections of short fiction the *African Stories* and the posthumous works Each chapter carefully examines the major literary components of Hemingway's fiction with plot synopsis analysis of character development themes settings historical context and stylistic features Alternate critical readings are also given for each of the full length works An extensive bibliography citing all of Hemingway's writings as well as biographical sources general criticism and contemporary reviews will help students understand the scope of Hemingway's contributions to American Literature

**The Ernest Hemingway Companion** Somdatta Mandal, 2014-02-03 Ernest Hemingway 1899-1961 American novelist contributed articles some previously published

**A Companion to Hemingway's Death in the Afternoon** Miriam B. Mandel, 2009 New carefully focused essays providing a thorough examination of Hemingway's groundbreaking non-fictional work Published in 1932 *Death in the Afternoon* reveals its author at the height of his intellectual and stylistic powers By that time Hemingway had already won critical and popular acclaim for his short stories and novels of the late twenties A mature and self-confident artist he now risked his career by switching from fiction to nonfiction from American characters to Spanish bullfighters from exotic and romantic settings to the tough world of the Spanish bullring a world that might seem frightening and even repellant to those who do not understand it Hemingway's nonfiction has been denied the attention that his novels and short stories have enjoyed a state of affairs this Companion seeks to remedy breaking new ground by applying theoretical and critical approaches to a work of nonfiction It does so in original essays that offer a thorough balanced

examination of a complex boundary breaking and hitherto neglected text The volume is broken into sections dealing with the composition reception and sources of *Death in the Afternoon* cultural translation cultural criticism semiotics and paratextual matters and the issues of art authorship audience and the literary legacy of *Death in the Afternoon* The contributors to the volume four men and seven women lay to rest the stereotype of Hemingway as a macho writer whom women do not read and their nationalities British Spanish American and Israeli indicate that *Death in the Afternoon* even as it focuses on a particular national art discusses matters of universal concern Contributors Miriam B Mandel Robert W Trogdon Lisa Tyler Linda Wagner Martin Peter Messent Beatriz Penas Ib ez Anthony Brand Nancy Bredendick Hilary Justice Amy Vondrak and Keneth Kinnamon MiriamB Mandel teaches in the English Department of Tel Aviv University

**The Cambridge Companion to F. Scott Fitzgerald** Ruth Prigozy,2002 Eleven specially commissioned essays by major Fitzgerald scholars present a clearly written and comprehensive assessment of F Scott Fitzgerald as a writer and as a public and private figure No aspect of his career is overlooked from his first novel published in 1920 through his more than 170 short stories to his last unfinished Hollywood novel Contributions present the reader with a full and accessible picture of the background of American social and cultural change in the early decades of the twentieth century The introduction traces Fitzgerald s career as a literary and public figure and examines the extent to which public recognition has affected his reputation among scholars critics and general readers over the past sixty years This volume offers undergraduates graduates and general readers a full account of Fitzgerald s work as well as suggestions for further exploration of his work

*Ernest Hemingway* Verna Kale,2016-04-15 Ernest Hemingway has enjoyed a rich legacy as the progenitor of modern fiction as an outsized character in literary lore who wrote some of the most honest and moving accounts of the twentieth century set against such grand backdrops as the bullrings of Spain the savannahs of Africa and the rivers and lakes of the American Midwest In this portrait of the Nobel prize winner Verna Kale challenges many of the long standing assumptions Hemingway s legacy has created Drawing on numerous sources she reexamines him offering a real life portrait of the historical figure as he really was a writer a sportsman and a celebrity with a long and turbulent career Kale follows Hemingway around the world and through his many roles as a young Red Cross volunteer in World War I as an expatriate poet in 1920s Paris as a career novelist navigating the burgeoning middlebrow fiction market and as a seasoned but struggling writer still trying to draft his masterpiece She takes readers through his four marriages his joyous big game expeditions in Africa and his struggles with celebrity and craft especially his decades long attempt at a novel that was supposed to blow open the boundaries of American fiction and upset the very conventions he helped to create It is this final aspect of Hemingway s life Kale shows that wreaked the greatest havoc on him taking a steep physical and mental toll that was likely exacerbated by a medical condition that science is only beginning to understand Concise but insightful this book

offers an acute portrait of one of the most important figures of American arts and letters      **The Cambridge Companion to Edward Albee** Stephen Bottoms, 2005-07-21 Edward Albee perhaps best known for his acclaimed and infamous 1960s drama *Who's Afraid of Virginia Woolf* is one of America's greatest living playwrights. Now in his seventies he is still writing challenging award-winning dramas. This collection of essays on Albee which includes contributions from the leading commentators on Albee's work brings fresh critical insights to bear by exploring the full scope of the playwright's career from his 1959 breakthrough with *The Zoo Story* to his recent Broadway success *The Goat or Who is Sylvia* 2002. The contributors include scholars of both theatre and English literature and the essays thus consider the plays both as literary texts and as performed drama. The collection considers a number of Albee's lesser-known and neglected works, provides a comprehensive introduction and overview and includes an exclusive original interview with Mr Albee on topics spanning his whole career.

*Critical Companion to Ernest Hemingway* Charles M. Oliver, 2007 A guide to the author's life and work presents a brief biography, offers synopses of his writings, explores his major and minor characters and discusses important people, places and topics in his life.
