The Essential Reinhold Niebuhr Selected Essays And Addresses:

The Essential Reinhold Niebuhr Reinhold Niebuhr, 1986-01-01 Theologian ethicist and political analyst Reinhold Niebuhr was a towering figure of twentieth century religious thought Now newly repackaged this important book gathers the best of Niebuhr's essays together in a single volume Selected edited and introduced by Robert McAfee Brown a student and friend of Niebuhr's and himself a distinguished theologian the works included here testify to the brilliant polemics incisive analysis and deep faith that characterized the whole of Niebuhr's life This fine anthology makes available to a new generation the thought of one of the most penetrating and rewarding of twentieth century minds Reinhold Niebuhr remains the great illuminator of the dark conundrums of human nature history and public policy Arthur Schlesinger Jr Sparkling gems brought from the shadows of history into contemporary light Beautifully selected and edited they show that Niebuhr's fiery polemics and gracious assurances still speak with power to us today Roger L Shinn An extremely useful volume David Brion Davis New York Review of Books This collection which brings together Niebuhr's most penetrating and enduring essays on theology and politics should demonstrate for a new generation that his best thought transcends the immediate historical setting in which he wrote Brown's introduction succinctly presents the central features of Niebuhr's life and thought Library Journal **The Essential Reinhold Niebuhr** Reinhold Niebuhr, 1986 *THE ESSENTIAL REINHOLD NIEBUHR* Reinhold Niebuhr, 1968

The essential Reinhold Niebuhr : selected essays and addresses Reinhold Niebuhr, 1986 [The Poetics of Grace: Christian Ethics as Theodicy](#) Jeph Holloway, 2013-04-09 What is God doing about a world marked by conflict and division What about a world in which our technologies promise great good but also threaten our existence What is God doing in a world where the demands for accumulation and acquisition create division and despair Can Christians hope to be of positive influence in a world that does not always support reflect or even understand Christian commitments Christian ethics often raises such questions as these and the possible answers vary widely Paul's Letter to the Ephesians is a tremendous resource for exploring a faithful response to perhaps the toughest question of all what is God doing about evil The role of Christian ethics is to take seriously the challenge that whatever God is doing God calls us to participate in a distinctive task that embraces our own commitments and labors within the divine purpose Ephesians says that God has taken the initiative to pursue that purpose and remarkably offers that we ourselves are part of the answer to the question what is God doing about evil **A Commonwealth of Hope** Michael Lamb, 2024-11-26 A bold new interpretation of Augustine's virtue of hope and its place in political life When it comes to politics Augustine of Hippo is renowned as one of history's great pessimists with his sights set firmly on the heavenly city rather than the public square Many have enlisted him to chasten political hopes highlighting the realities of evil and encouraging citizens instead to cast their hopes on heaven A Commonwealth of Hope challenges prevailing interpretations of Augustinian pessimism offering a new vision of his political thought that can also help today's citizens sustain hope in the face of despair Amid rising inequality injustice and political division many citizens

wonder what to hope for in politics and whether it is possible to forge common hopes in a deeply polarized society Michael Lamb takes up this challenge offering the first in depth analysis of Augustine's virtue of hope and its profound implications for political life He draws on a wide range of Augustine's writings including neglected sermons letters and treatises and integrates insights from political theory religious studies theology and philosophy Lamb shows how diverse citizens both religious and secular can unite around common hopes for the commonwealth Recovering this understudied virtue and situating Augustine within his political rhetorical and religious contexts A Commonwealth of Hope reveals how Augustine's virtue of hope can help us resist the politics of presumption and despair and confront the challenges of our time Realist Strategies of Republican Peace V. Tjalve, 2008-03-31 This book's central claim is that Niebuhr and Morgenthau may be read as heirs to a particularly American republicanism whose ideal of patriotism as embedded dissent is a powerful and much needed corrective to contemporary vocabularies of international justice legitimacy and restraint on both the left and the right

Progressivism and US Foreign Policy between the World Wars Molly Cochran, Cornelia Navari, 2017-10-14 This book considers eleven key thinkers on American foreign policy during the inter war period All put forward systematic proposals for the direction aims and instruments of American foreign policy all were listened to in varying degrees by the policy makers of the day all were influential in policy terms as well as setting the terms of contemporary debate The focus of the volume is the progressive agenda as it was formulated by Herbert Croly and The New Republic in the run up to the First World War An interest in the inter war period has been sparked by America's part in international politics since 9 11 The neo conservative ideology behind recent US foreign policy its democratic idealism backed with force is likened to a new Wilsonianism However the progressives were more wary of the use of force than contemporary neo conservatives The unique focus of this volume and its contextual Skinnerian approach provides a more nuanced understanding of US foreign policy debates of the long Progressive era than we presently have and provides an important intellectual background to current debates *Spirits of the Cold War* Ned O'Gorman, 2011-11-01 In spring of 1953 newly elected President Eisenhower sat down with his staff to discuss the state of American strategy in the cold war America he insisted needed a new approach to an urgent situation From this meeting emerged Eisenhower's teams of bright young fellows charged with developing competing policies each of which would come to shape global politics In *Spirits of the Cold War* Ned O'Gorman argues that the early Cold War was a crucible not only for contesting political strategies but also for competing conceptions of America and its place in the world Drawing on extensive archival research and wide reading in intellectual and rhetorical histories this comprehensive account shows cold warriors debating worldviews in addition to more strictly instrumental tactical aims *Spirits of the Cold War* is a rigorous scholarly account of the strategic debate of the early Cold War a cultural diagnostic of American security discourse and an examination of its origins *Religion and the Realist Tradition* Jodok Troy, 2013-09-11 This volume picks up a rather uninvested field of international relations theory the influence of religion on Realism as well as

the power of Realism to address religious issues in world politics Although classical scholars of Realism rarely mention religion explicitly in their well known work this volume suggests that Realism offers serious ground for taking religion and faith into account as well as evaluating the impact of religion on its theoretical framework how religion and religious worldviews influence and affect the theoretical framework of Realism and how Realism approach religious issues in international relations as a relatively new field of international studies Although international relations scholars now widely deal with issues of religion large portions of the theoretical underpinning are missing In addressing this lack the volume illustrates the possibility of reform and change in Realism Furthermore the chapters reach out to normative statements The contributors offer a theoretical view on religion in international relations in the context of Realism but always connect this with actual real world related political problems The volume takes into account not only classical thinkers and approaches of Realism but also present day authors dealing with ethical and normative questions of international relations in the aftermath of 9 11 Offering a fresh perspective on the influence of religion on international relations theory this work will be of great interest to scholars of religion and international relations international relations theory and political philosophy

Thank you unquestionably much for downloading **The Essential Reinhold Niebuhr Selected Essays And Addresses**. Maybe you have knowledge that, people have seen numerous times for their favorite books like this The Essential Reinhold Niebuhr Selected Essays And Addresses, but end going on in harmful downloads.
