Owen Ward PhD, 2015-11-18 Christianity is one of the most popular subjects of debate in the world today In this book Dr Ward directs the debate to the Bible itself He contends that the core of the biblical revelation of Christ has been overlooked ignored and even dismissed throughout thousands of years of Church history He challenges us to look deeper into the Scripture and discover what it means that Jesus is Christ As many precious gifts come in a small package Christ is identified in the Bible with one small five letter word used in its metaphysical context only four times in only one chapter of the New Testament In the beginning was the Logos and the Logos was with God and the Logos was God and the Logos became flesh and dwelt among us Jn 1 1 14 As Dr Ward demonstrates once we have a grasp of the meaning of this single Word it acts like a secret code unlocking the vision of the Big Picture Grand Design God intended when he inspired John to write his Gospel Unfortunately few Christians today know anything about the Great Conversation of philosophical thought that John adopted at the core of his God Story Dr Ward invites us into our own personal psychological encounter with a here and now renaissance Return to Antiquity joining the Church Fathers who dedicated their lives to the depth of this expansive vision Open your mind to revision and redefine your faith Let the big T Truth transform your mind heal your wounds and open your
