Mary Slessor - Everybody's Mother Jeanette Hardage,2010-03-25 This is the story of Mary Slessor a petite redhead from the slums of Dundee who became one of the most influencing people in the land known to her compatriots as the white man's grave. Despite her eccentricities this woman truly understood and connected with the Africans among whom she lived so much so that the British government appointed her their first woman magistrate anywhere in the world and later awarded her the highest honor then bestowed on a woman commoner. Examining both the era and the influence of this extraordinary woman the book reveals aspects of her public and private life that has previously been unanswered. **Lives of Scottish**

Women William Knox,2006-03-06 This book tells the remarkable stories of ten women whose inspirational lives and struggles exemplify the concerns and problems that other women have faced throughout the last two centuries. Each is the subject of a chapter devoted to her particular story and the times in which she lived. The nineteenth and twentieth centuries witnessed great changes in women's position in Scotland and yet little is known about the achievements of the Scottish women who were the main agents of these changes. In presenting the life stories of ten women William Knox provides evidence of the huge contribution made by women to the shaping of modern Scotland. At the same time he shows how the life histories of individuals can reveal previously dark corners of historical understanding and allow a more nuanced picture of Scottish society as a whole. Subjects include Jane Welsh Carlyle brilliantly gifted but married to the wayward and demanding Thomas; Sophia Jex Blake Scotland's first female doctor and Mary Slessor. **From Jerusalem to Irian Jaya** Ruth A.

Tucker,2011-01-04 This is history at its best. *From Jerusalem to Irian Jaya* is readable, informative, gripping and above all honest. *From Jerusalem to Irian Jaya* helps readers understand the life and role of a missionary through real life examples of missionaries throughout history. We see these men and women as fallible and human in their failures as well as their successes. These great leaders of missions are presented as real people and not super saints. This second edition covers all 2000 years of mission history with a special emphasis on the modern era including chapters focused on the Muslim world, Third World missions and a comparison of missions in Korea and Japan. It also contains both a general and an illustration index where readers can easily locate particular missionaries' stories or incidents. New design, graphics, photographs and maps help make this a compelling book. *From Jerusalem to Irian Jaya* is as informative and intriguing as it is inspiring, an invaluable resource for missionaries, mission agencies, students and all who are concerned about the spreading of the gospel throughout the world. **Joyfully Single in a Couples' World** Harold J. Sala,2013-02-01 Many facets of our world appear biased toward the couples lifestyle; there's often an insinuation in advertisements, private conversations and public gatherings that being alone means being unfulfilled; that singleness is a second class status. How could that be true? In *Joyfully Single in a Couples World* Bible teacher Harold J. Sala clearly states: "What I want to accomplish is to help singles understand that they

can find contentment and peace where they are right now that they don't have to be married to be happy I want to help them come to grips with who they are and to help them to discover where God wants them to go with their lives and futures Finding God's help to meet the present need is the key to peace and fulfillment Chapters on making peace with your dreams handling other people's expectations the beauty of friendships and God's will guide readers to great joy in the here and now

Extraordinary Women of Christian History Ruth A. Tucker, 2016-02-09 Christianity has long been criticized as a patriarchal religion But during its two thousand year history the faith has been influenced and passed down by faithful women Martyrs and nuns mystics and scholars writers and reformers preachers and missionaries abolitionists and evangelists these women are examples to us of faith perseverance forgiveness and fortitude With gracious irreverence Ruth Tucker offers engaging and candid profiles of some of the most fascinating women of Christian history From the famous to the infamous to the obscure women like Perpetua Joan of Arc Teresa of Avila Anne Hutchinson Susanna Wesley Ann Judson Harriet Tubman Fanny Crosby Hannah Whitehall Smith Corrie ten Boom and Mother Teresa along with dozens of others come to vivid life Perfect for small groups these portraits of women who changed the world in their own significant way will spark lively discussion and inspire today's Christians to lives of faithful witness *Concise Dictionary of Scottish Quotations*

Being Single in the Church Today Philip Wilson, 2005-11-01 The model of the nuclear family unit once the norm is now only one of many different forms of family Fifty percent of the population in the US right now is single In this original and readable book Philip Watson examines the phenomenon of singleness in contemporary society and its implications for ministry Wilson traces the history of the church's attitudes towards marriage and sexuality from the early Church Fathers through the Reformation In a series of direct interviews he probes how single people today feel within their church communities His findings reveal that the vast majority of those questioned feel they are something of

an embarrassing anomaly in communities that continue to prize marriage Finally Wilson begins to develop a framework for a more nuanced approach to the subject of sexuality and relationships and suggests ways in which the church as primarily a community of love can become the best forum in which single life can be discussed articulated assisted and faithfully lived out
