Pastoral Care and Liberation Theology Stephen Pattison, 1994-03-10 This is the first book to show how Latin American liberation theology can be applied to and can transform pastoral care in countries such as Britain and the USA Hitherto pastoral care has tended to concentrate on looking after individuals Stephen Pattison suggests that much of the suffering endured by individuals is actually socially and politically caused and so is avoidable if the appropriate action is taken The author argues that what we now require is a socio politically aware and committed pastoral care which makes an option for oppressed and poor people and engages in practical struggle against the forces of injustice and oppression Focussing as it does especially on mentally ill people and on women the book will be of interest to all those who want to broaden their vision and knowledge of liberation theology or pastoral care whether theologians pastors students for ministry members of caring professions or users of the services they provide

The Politics of Medical Encounters Howard Waitzkin, 1991-01-01 The complaints that patients bring to their doctors often have roots in social issues that involve work family life gender roles and sexuality aging substance use or other problems of nonmedical origin In this book physician sociologist Howard Waitzkin examines interactions between patients and doctors to show how physicians focus on physical complaints often fails to address patients underlying concerns and also reinforces the societal problems that cause or aggravate these maladies A progressive doctor patient relationship Waitzkin argues fosters social change Waitzkin provides a pathbreaking analysis of medical encounters applying perspectives from structuralism post structuralism and critical literary

theory to transcripts of recorded conversations between doctors and patients He demonstrates how doctors unintentionally maintain dominance in their dealings with patients encourage conforming social behavior and attitudes and marginalize patients concerns with social problems Waitzkin urges physicians to attend to the social as well as the medical problems that emerge from patients narratives and suggests ways to restructure the manner in which patients and doctors communicate with each other Physicians and patients for example should work together to demystify medical discourse should refrain from medicalizing social problems through medications or reassurances that dull socially caused pain and should be prepared to call on advocacy organizations seeking to change the social conditions that create personal distress This book will influence and challenge physicians scholars and students in the social sciences and humanities as well as anyone concerned about the present problems and future direction of medicine
