

THE FABRICATION OF LOUIS XIV

Peter Burke

The Fabrication Of Louis XIV

Colin M. Coates

The Fabrication Of Louis Xiv:

The Fabrication of Louis XIV Peter Burke, 1994-01-01 Louis XIV was a man like any other but the money and attention lavished on his public image by the French government transformed him into a godlike figure In this engrossing book an internationally respected historian gives an account of contemporary representations of Louis XIV and shows how the making of the royal image illuminates the relationship between art and power Images of Louis XIV included hundreds of oil paintings and engravings three hundred odd medals struck to commemorate the major events of the reign sculptures and bronzes as well as plays ballets in which the king himself sometimes appeared on stage operas odes sermons official newspapers and histories fireworks fountains and tapestries Drawing on an analysis of these representations as well as on surviving documentary sources Peter Burke shows the conscious attempt to invent the image of the king and reveals how the supervision of the royal image was entrusted to a committee the so called small academy This book is not only a fascinating chronological study of the mechanics of the image making of a king over the course of a seventy year reign but is also an investigation into the genre of cultural construction Burke discusses the element of propaganda implicit in image making the manipulation of seventeenth century media of communication oral visual and textual and their codes literary and artistic and the intended audience and its response He concludes by comparing and contrasting Louis s public image with that of other rulers ranging from Augustus to contemporary American presidents *The Fabrication of Louis XIV*. Peter Burke, 199?

The Fabrication of Louis XIV Peter Burke, 1992-01-01 Louis XIV was a man like any other but the money and attention lavished on his public image by the French government transformed him into a godlike figure In this engrossing book an internationally respected historian gives an account of contemporary representations of Louis XIV and shows how the making of the royal image illuminates the relationship between art and power Images of Louis XIV included hundreds of oil paintings and engravings three hundred odd medals struck to commemorate the major events of the reign sculptures and bronzes as well as plays ballets in which the king himself sometimes appeared on stage operas odes sermons official newspapers and histories fireworks fountains and tapestries Drawing on an analysis of these representations as well as on surviving documentary sources Peter Burke shows the conscious attempt to invent the image of the king and reveals how the supervision of the royal image was entrusted to a committee the so called small academy This book is not only a fascinating chronological study of the mechanics of the image making of a king over the course of a seventy year reign but is also an investigation into the genre of cultural construction Burke discusses the element of propaganda implicit in image making the manipulation of seventeenth century media of communication the channels of communication oral visual and textual and their codes literary and artistic and the intended audience and its response He concludes by comparing and contrasting Louis s public image with that of other rulers ranging from Augustus to contemporary American presidents **Antiquarianism and the Visual Histories of Louis XIV** Robert Wellington, 2017-07-05 Antiquarianism and the Visual Histories of Louis XIV

Artifacts for a Future Past provides a new interpretation of objects and images commissioned by Louis XIV 1638 1715 to document his reign for posterity The Sun King's image makers based their prediction of how future historians would interpret the material remains of their culture on contemporary antiquarian methods creating new works of art as artifacts for a future time The need for such items to function as historical evidence led to many pictorial developments and medals played a central role in this Coin like in form but not currency the medal was the consummate antiquarian object made in imitation of ancient coins used to study the past Yet medals are often elided from the narrative of the arts of ancient France their neglect wholly disproportionate to the cultural status that they once held This revisionary study uncovers a numismatic sensibility throughout the iconography of Louis XIV and in the defining monuments of his age It looks beyond the standard political reading of the works of art made to document Louis XIV's history to argue that they are the results of a creative process wedded to antiquarianism an intellectual culture that provided a model for the production of history in the grand siècle

Louis XIV Richard Wilkinson, 2017-09-19 Louis XIV ruled France for more than half a century and is typically remembered for his absolutism his patronage of the arts and his lavish lifestyle culminating in the building of Versailles This original and lively biography focuses on Louis's personal life while keeping the needs of the history student at the forefront featuring analysis of Louis's wider significance in history and the surrounding historiography This book balances the undeniable cultural achievements of the reign against the realities of Louis's egotism and argues that when viewed critically Louis's rule 1643 1715 personified the disadvantages of absolute monarchy and inexorably led to social and political blunders resulting in the suffering of millions Richard Wilkinson demonstrates that while Louis excelled as a self publicist he fell far short of being a great monarch This second edition includes an up to date and accessible biography further sections on the women at Louis's court France in an international context and new material looking at Louis's involvement in ballet This book is essential reading for all history students and those with a general interest in one of history's most colourful rulers

Orientalism in Louis XIV's France Nicholas Dew, 2009-07-02 Before the Enlightenment and before the imperialism of the later eighteenth century how did European readers find out about the varied cultures of Asia Orientalism in Louis XIV's France presents a history of Oriental studies in seventeenth century France mapping the place within the intellectual culture of the period that was given to studies of Arabic Persian Turkish and Chinese texts as well as writings on Mughal India The Orientalist writers studied here produced books that would become sources used throughout the eighteenth century Nicholas Dew places these scholars in their own context as members of the republic of letters in the age of the scientific revolution and the early Enlightenment

Political Culture in Louis XIV's Canada Colin M. Coates, 2024-09-10 In Louis XIV's New France colonial authorities attempted to reproduce French regal authority in novel ways often by performing typical metropolitan political rituals When these practices were transposed into the St Lawrence Valley settlements where a small French population lived alongside a substantial Indigenous presence they took on new meanings The colony of Canada

replicated many features of the developing French absolutist state Yet while the king likely knew more about his colony than he did about most parts of metropolitan France this transatlantic setting imposed new constraints on absolutist authority from the challenges of distance to an Indigenous population that largely lived outside European norms Political Culture in Louis XIV s Canada examines royal power as it was represented in ritual ceremonial entrances Te Deums processions in rhetoric political disputes over cabals and factions and in objects portraits royal busts currency buildings maps and censuses Colin Coates describes the successes and failures the French authorities experienced in exporting their political practices He reveals how those authorities understandings of Indigenous political culture shaped ideas of the proper relation between rulers and the ruled This book traces the establishment of a colonial political culture that continued to shape the lives of the French in Canada long after the Sun King s death in 1715

The Dream of Absolutism Hall Bjørnstad,2021-10-15 The Dream of Absolutism examines the political aesthetics of power under Louis XIV What was absolutism and how did it work What was the function of the ostentatious display surrounding Louis XIV at Versailles What is gained and what is lost by approaching such expressions of absolutism as propaganda as present day scholars tend to do In this sweeping reconsideration of absolutist culture Hall Bjørnstad argues that the exuberance of Louis XIV s reign was not top down propaganda in any modern sense but rather a dream dreamt collectively by king court image makers and nation alike Bjørnstad explores this dream through a sustained close analysis of a corpus of absolutist artifacts ranging from Charles Le Brun s famous paintings in the Hall of Mirrors at Versailles via the king s secret M moires to two little known particularly extravagant verbal and textual celebrations of the king The dream of absolutism Bjørnstad concludes lives at the intersection of politics and aesthetics It is the carrier of a force that emerges as a glorious image a participatory emotional reality that requires reality to conform to it It is a dream finally that still shapes our collective political imaginary today

Tracing the Heroic Through Gender Carolin Hauck,Monika Mommertz,Andreas Schlüter,Thomas Seedorf,2018-10-09 In nahezu allen Gesellschaften und Epochen ist das Heroische vielfach gegendert Die soziale und kulturelle Produktion des Heroischen ist jedoch nicht ausschließlich mit dem Instrumentarium der Männlichkeitsforschung zu fassen und ebenso wenig scheint es sinnvoll Frauen bzw Weiblichkeit in diesem Zusammenhang lediglich als Ausnahmen zu verstehen Vielmehr gilt es den relationalen Charakter ernst zu nehmen Der vorliegende Band unternimmt erstmals den Versuch Geschlecht als analytische Kategorie für die Heroismusforschung fruchtbar zu machen Auf der Basis vielfältiger geisteswissenschaftlicher Ansätze dient diese Kategorie als Spurensucherin tracer des Heroischen und als Instrument zur Untersuchung der historischen Bedingungen medialen und performativen Erscheinungsformen sowie zeitlich umlichen Konjunkturen und Transformationen Diese gilt es mit Hilfe der Kategorie Geschlecht und unter Nutzung der zugehörigen Eigenschaften neu auszumessen

Performative Polemic Kathrina Ann LaPorta,2021-06-21 Performative Polemic is the first literary historical study to analyze the war of words unleashed in the pamphlets denouncing Louis XIV s absolute monarchy between 1667 and 1715 As

conflict erupted between the French ruler and his political enemies pamphlet writers across Europe penned scathing assaults on the Sun King's bellicose impulses and expansionist policies This book investigates how pamphlet writers challenged the monarchy's monopoly over the performance of sovereignty by contesting the very mechanisms through which the crown legitimized its authority at home and abroad Author Kathrina LaPorta offers a new conceptual framework for reading pamphlets as political interventions asserting that an analysis of the pamphlet's form is crucial to understanding how pamphleteers seduced readers by capitalizing on existing markets in literature legal writing and journalism Pamphlet writers appeal to the theater going public that would have been attending plays by Molière and Racine as well as to readers of historical novels and periodicals Pamphleteers entertained readers as they attacked the performative circuitry behind the curtain of monarchy

Whispering the Secrets of Language: An Psychological Quest through **The Fabrication Of Louis Xiv**

In a digitally-driven world wherever monitors reign great and instant interaction drowns out the subtleties of language, the profound secrets and psychological nuances concealed within phrases frequently move unheard. Yet, situated within the pages of **The Fabrication Of Louis Xiv** a interesting literary prize blinking with natural feelings, lies an extraordinary journey waiting to be undertaken. Published by a talented wordsmith, that wonderful opus invites readers on an introspective trip, softly unraveling the veiled truths and profound influence resonating within ab muscles material of each and every word. Within the psychological depths of this emotional review, we can embark upon a heartfelt exploration of the book is core subjects, dissect their captivating writing design, and fail to the strong resonance it evokes serious within the recesses of readers hearts.
