The False Face Of Death

Arthur A. Cohen

The False Face Of Death:

The World in Falseface George Jean Nathan, 1972 George Jean Nathan 1882 1958 was formative influence on American letters in the first half of this century and is generally considered the leading drama critic of his era With H L Mencken Nathan edited *The Smart Set* and founded and edited *The American Mercury* journals that shaped opinion in the 1920s and 1930s This series of reprints individually introduced by the distinguished critic and novelist Charles Angoff collects Nathan's penetrating witty and sometimes cynical drama criticism

The Gospel of St. John and Its Relation to the other Gospels Rudolf Steiner, 1982-03-01 Beginning at the turn of the century Rudolf Steiner began to express a passionate interest in Christianity For him the event he called the Mystery of Golgotha is more than the central event of Christianity it is in fact the turning point in time for all human and earthly evolution In his Autobiography Steiner clarified his views on Christianity Some of what I said and wrote during that period 1890s seems to contradict the way I described Christianity later on This is because when I wrote the word Christianity I was referring to the teachings of a world beyond that was active in all Christian doctrines at the time The whole meaning of religious experiences pointed to a world of spirit one that was supposed to be unattainable by human intellect Whatever religion might have to say and whatever precepts for moral life it might offer arise from what is revealed to human beings from outside My own direct inner perception of spirit objected to this it wanted to experience the worlds of both spirit and the physical in perceptions of the human being and nature And my ethical individualism objected to this It rejected the external support of commandments for morality such support came instead as the result of spiritual soul development within the human being where divinity lives That was a trying time for my soul as I looked at Christianity This period lasted from the time I left the Weimar work until I wrote my book *Christianity as Mystical Fact* These kinds of tests are obstacles placed in one's path by destiny or karma and they must be overcome through spiritual development In these talks Rudolf Steiner offers his profound insights into the essential truths behind the Christ event as well as the historic and prehistoric events on Earth and in the spiritual worlds leading up to the turning point in time He shows that the ancient mysteries of the East the Persians the Egyptians the Greeks and the streams behind those impulses going back to Atlantis and Lemuria all lead to the event of Christ's incarnation and the Mystery of Golgotha through which the Earth became the body of Christ Further Steiner talks about what those events mean for the future of humanity and the Earth

The Gospel of St John and Its Relation to the Other Gospels is an essential document in the literature of Christology and for understanding the central place of esoteric Christianity in Anthroposophy

The Fleeing Youth Richard Distasi, 2009-07-17 It is commonly accepted that the mission of Christ was an act that was independent of any corresponding and requisite deed on the part of humanity Though in part this is true this book asserts that the future spiritual evolution of humanity was dependent on human comprehension and understanding of the Event of Golgotha Comprehension and understanding are defined in this work as one's capacity to spiritually follow Christ through His entire

Sampson keeps odd company There s the sun worshipping holy man whom Sampson once gave his very own mountain the fading actress with sidelines in astrology and S M Now one of Sampson s friends may have arranged his kidnapping As Lew Archer follows the clues from the canyon sanctuaries of the megarich to jazz joints where you get beaten up between sets The Moving Target blends sex greed and family hatred into an explosively readable crime novel **The Complete Concordance to Shakspeare** Mary Cowden Clarke,1860 Acts of Theft Arthur A. Cohen,1988-01-26 An astonishing soaring and seizing novel that means no less than to explain human culture A detective story with a real detective and a real thief and yet all the while it is the mind that is being plundered of its own frights Cynthia Ozick Acts of Theft ranges from the lost world of the Austrian aristocracy to a thick walled hacienda in the jungles of Mexico in the 1950s Cohen has resurrected the special man the one for whom experience is a search an an intellectual problem the man who deceives himself grandly and discovers the fact when it may be too late Cohen s writing is as beautiful and complicated as it is possible for writing to be Rarely these days do novelists risk so much so successfully K Deborah Taub Baltimore Sun One of the rare novels that one can begin to reread as soon as the last page is finished By unfolding the drama of an artist obsessed by the authenticity and perfection of his work Arthur A Cohen recalls to us in fact the destiny of all human existence Acts of Theft ranks with the best novels of the post war period Mircea Eliade Acts of Theft is a very elaborate story of cops and robbers but it aspires to much more and its aspirations are largely fulfilled The parallels that spring to mind are Crime and Punishment and Les Mes rables Joseph McLellan Washington Post **The Complete Concordance to Shakspeare** Mary Cowden Clarke,1845 **Beauty and the Abject** Corrado Federici,Leslie Anne Boldt-Irons,Ernesto Virgulti,2007 Original Scholarly Monograph The Complete Concordance to Shakespeare Mary Cowden Clarke,1886
