The Hidden History Of The Human Race:

The Hidden History of the Human Race Michael A. Cremo, Richard L. Thompson, 1999 Over the centuries researchers have found bones and artefacts proving that modern humans have existed for millions of years Mainstream science however has suppressed these facts Prejudices based on current scientific theory act as a knowledge filter giving us a picture of prehistory that is largely inaccurate This book reveals this hidden history *The Hidden History of the Human Race* Michael A. Cremo, 1999 *The Hidden History of the Human Race* Michael A. Cremo, Richard L. Thompson, 1994 Over the past two centuries researchers have been finding bones and artifacts indicating that humans existed on earth millions of years ago Mainstream science has acted as what Cremo and Thompson call a knowledge filter to suppress these facts that stubbornly refuse to jibe with accepted archeological theory The authors have divided their material into two parts Accepted Evidence and I Anomalous Evidence systematically reviewing the data for everything from Java man and the Pilt down hoax to anomalous human skeletal remains and indications of ancient advanced cultures Compelling and controversial

Forbidden Archeology Michael A. Cremo, 1998 Anunnaki to AI: The Hidden History of Mankind Rick Giernoth, The Giza Death Star Destroyed Joseph P. Farrell, 2005 Final volume in a trilogy the first of which is the author s The Giza death star and the second of which is his The Giza death star deployed **Forbidden Archeology's Impact** Michael A. Cremo, 1998 Examines the impact of the author s controversial 1993 book Forbidden Archaeology on the scientific community **Hidden History of the Human Race** Michael Cremo, 2014-10-07 But according to other scientists such as physical anthropologist R H Tuttle of the University of Chicago fossil foot bones of the known australopithecines of 3 6 million years ago show they had feet that were distinctly apelike Hence they were incompatible with the Laetoli prints In an article in the March 1990 issue of Natural History Tuttle confessed that we are left with somewhat of a mystery It seems permissible therefore to consider a possibility neither Tuttle nor Leakey mentioned that creatures with anatomically modern human bodies to match their anatomically modern human feet existed some 3 6 million years ago in East Africa Perhaps as suggested in the illustration on the opposite page they coexisted with more apelike creatures As intriguing as this archeological possibility may be current ideas about human evolution forbid it *The Hidden History of Big Brother in America* Thom Hartmann, 2022-03-08 The radio host and New York Times bestselling author reveals how government and corporations misuse our personal data and how we can reclaim our privacy Many Americans worry about how companies like Facebook invade their privacy and harvest their data but few fully understand the details of how their information is used and misused In this thought provoking book Thom Hartmann reveals exactly how the government and corporations are tracking our every online move and using our data for purposes ranging from buying elections to monetizing our lives Hartmann uses extensive vivid examples to highlight the consequences of Big Data on all aspects of our lives and traces the history of surveillance As he explains the goal of those who violate privacy and use surveillance is almost always social

control and behavior modification Along with covering the history Hartmann shows how we got to where we are today how China with its new Social Credit System serves as a warning and how we can and must avoid a similarly dystopian future By delving into the Constitutional right to privacy Hartmann reminds us of our civil right and shows how we can restore it Expertly chronicles how Big Data coercively shapes our lives to profit off us Hartmann s urgent warning about the rise of the corporate police state couldn t be timelier Maya Schenwar coauthor of Prison by Any Other Name Praise for Thom Hartmann Solid research Publishers Weekly Brilliant ideas and eloquent writing John Perkins author of Confessions of an Economic Hit Man
