Peter Wallensteen: A Pioneer in Making Peace Researchable Peter Wallensteen, 2021-05-28 This book provides a broad overview of what peace research is all about by an author who has been involved in the field for more than half a century Among other things it gives a unique review of how peace research emerged in Sweden as the author was a key actor in the most crucial events during this formative period The book also portrays how the discipline has grown from an initial focus on alternatives to war to the comprehensive study of the many dimensions of a lasting and positive peace The author s own work covers causes of war sanctions conflict resolution conflict data mediation and quality peace They demonstrate the range of topics that have to be understood for a peace with

quality This is exemplified by some of the author's writings specifically selected for this volume plus a few ones original to it Some accounts of the author's involvements in actual peace processes in the 1990s are also included This publication offers a substantial contribution to understanding the evolution of peace research as a field and is an important reading for scholars policy makers journalists students and any aspiring peace researcher as well as for the public at large Peter Wallensteen is a global pioneer of peace research due to his involvement in the creation of the Department of Peace and Conflict Research at Uppsala University a major center in the field He served as Head of Department from 1972 to 1999 Peter Wallensteen set up and directed the well known Uppsala Conflict Data Program UCDP the global resource for the study of armed conflicts and peace negotiations 1978 2015 Peter Wallensteen was the first holder of the Dag Hammarskjöld Chair in Peace and Conflict Research at Uppsala University 1985 2012 He was also the first holder of the position as the Richard G Starmann Sr Research Professor of Peace Studies at the Kroc Institute for International Peace Studies University of Notre Dame USA 2006 2018

The Treaty on Conventional Armed Forces in Europe Mark Wilcox, 2024-03-04 This work examines the CFE Treaty as a factor in Russia's foreign and security policy Moscow showed amazing persistence in their relationship with the cornerstone of European security Their approach to the treaty was a genuine attempt to shape the security environment in Europe and the former USSR The treaty also enabled the dismantling of large conventional forces as they returned from Eastern Europe and transitioned into the armies of the newly independent states of the former USSR The CFE Treaty though proved ineffective at constraining the enlargement of NATO Simultaneously Moscow's foreign and security policy evolved from one that focused on the domestic development of the country to that of a more confident state reasserting itself as a great power Drawing extensively on primary sources and analyses by Russian authors this book employs two historical narratives case studies and a conceptual framework to show that while Moscow remained engaged with the CFE Treaty undesired effects on Russia's national interests gradually accrued at the expense of desired ones leading Vladimir Putin to withdraw Russia from the treaty as an act of decoupling from the collective West This book is relevant to scholars and policymakers who want to understand Russia's approach to arms control as an element of military security

World in Transition 4 German Advisory Council On Global Change (Wbgu),2013-09-13 At the start of the 21st century fighting poverty and protecting the environment are two of the most urgent challenges facing the international community Environmental changes will jeopardize people s survival to an even greater extent in the future and will hit the poor hardest To meet these challenges it will be essential to breathe new life into the partnership between industrialized and developing countries It will be equally essential to combine poverty reduction with environmental protection in an integrated policy structure spanning all levels from local to global In this report the German Advisory Council on Global Change WBGU shows that global environmental policy is a prerequisite for global poverty reduction WBGU analyses the relevant policy processes and delivers recommendations charting the way forward With its interdisciplinary approach providing a complex and systematic analysis of the poverty environment nexus WBGU s latest report breaks new ground Indira Gandhi s old convenient maxim was Poverty is the biggest polluter Put forward at the 1972 UN Conference on the Human Environment in Stockholm it has been sorely misused ever since to override environmental precaution and prioritize economic development strategies instead The new WBGU report maps out a way to shape a coherent environment and development policy This report revitalizes the Rio spirit and gives it a robust scientific base Prof Dr Ernst Ulrich von Weizsäcker Member of the German Bundestag MdB **Reporting Dangerously** Simon Cottle,Richard Sambrook,Nick Mosdell,2016-05-16 More journalists are being killed attacked and intimidated than at any time in history Reporting Dangerously Journalist Killings Intimidation and Security examines the statistics and looks at the trends in journalist killings and intimidation around the

world It identifies what factors have led to this rise and positions these in historical and global contexts This important study also provides case studies and first hand accounts from journalists working in some of the most dangerous places in the world today and seeks to understand the different pressures they must confront It also examines industry and political responses to these trends and pressures as well as the latest international initiatives aimed at challenging cultures of impunity and keeping journalists safe Throughout the authors argue that journalism contributes a vital if often neglected role in the formation and conduct of civil societies This is why reporting from uncivil places matters and this is why journalists are often positioned in harm s way The responsibility to report in a globalizing world of crises and human insecurity and the responsibility to try and keep journalists safe while they do so it is argued belongs to us all *Developing a Normative Framework for the Protection of Internally Displaced Persons* Simon Bagshaw,2021-10-01 The author presents a systematic review of the role of treaties in international law and seeks to demonstrate that their importance is today somewhat overstated given the extent to which States and other organizations tend to resort to more flexible means of standard setting in order to promote respect for human rights As this text demonstrates the collaboration of various governmental intergovernmental and non governmental representatives can result in an instrument which may be broader in scope and more progressive in content If reinforced by suitable implementation measures it can be even more effective than a treaty in regulating States activities Published under the Transnational Publishers imprint *The Modern Defense Industry* Richard A. Bitzinger,2009-10-15 Whether it s guns and ammunition or multidimensional anti terrorism systems the defense industry is dynamic complex and ubiquitous It is also mysterious powerful and controversial involving thousands of players worldwide from suppliers and producers to government and military procurers to shadowy figures that trade in the black market This comprehensive two volume reference will explore on a global scale the various issues concepts problems and controversies surrounding the rise of the modern defense industry Unparalleled in its scope and insight The Modern Defense Industry will prove invaluable to the industry s critics and champions alike The phenomenon of a more or less permanent defense industry especially one so wide in scale breadth air sea land and space technology and geography is still relatively new Until now its implications for politics economics and technology have not been adequately discussed in an authoritative accessible format for scholars and researchers business people journalists policymakers and interested laymen The Modern Defense Industry addresses the period from 1945 to the present covering the United States Europe Russia China Israel and other important arms producing and arms procuring countries Including essays by experts from around the world a glossary data on firms and governments laws and policies primary documents case studies and a host of other elements this set will be a unique resource for anyone interested in the arms industry It will also offer penetrating insights into topics like international relations and diplomacy arms proliferation and contemporary politics Volume I comprises chapters by experts in the field on topics like the relationship between the industry military and government how new modes of warfare are changing the

industry the implications of globalization on the industry the black and gray areas of the arms trade and much more Volume II features an extensive A Z glossary of terms lists of defense firms and government agencies annotated primary documents lists of leading defense contractors and key weapons systems an analysis of key legislation and professional organizations The Modern Defense Industry sets the standard for state of the art overviews of an industry that has for better or worse come to infuse nearly every aspect of world affairs in the early twenty first century **America: The New Imperialism** Victor G. Kiernan, 2020-05-05 The invasion and occupation of Iraq have sparked considerable discussion about the nature of American imperialism but most of it is focused on the short term The classical historical approach of this book provides a convincing and compelling analysis of the different phases of American imperialism which have now led to America becoming a global hegemon without any serious rivals Victor Kiernan one of the world s most respected historians has used his nuanced knowledge of history literature and politics to trace the evolution of the American Empire he includes accounts of relations between Indians and white settlers readings of the work of Melville and Whitman and an analysis of the way that money and politics became so closely intertwined Eric Hobsbawm s preface provides an insight into his own thoughts on American imperialism and a valuable introduction to Victor Kiernan s work Together they shed useful light on today s urgent debates about the uses and misuses of seemingly unlimited military power a lack of respect for international agreements and the right to pre emptive defense *Globalisation and Defence in the Asia-Pacific* Geoffrey Till, Emrys Chew, Joshua Ho, 2009

Building Democracy in the Yugoslav Successor States Sabrina P. Ramet, Christine Hassenstab, Ola Listhaug, 2017-05-15 A comprehensive analysis of how the Yugoslav successor states have coped with the challenges of building democracy since 1990 **The Twenty-First Century: The World Without Russia** Олег Арин/Алекс Бэттлер, In this book Alex Battler questions the assertion of Russia s status as a great power in the acuminate form The author reveals the contradictions between Russia s real modern potential and its foreign policy objectives formulated by official Moscow The author has formulated laws on the Pole the Center of Power and Force Battler introduces some new concepts of the Theory of International Relations The Foreign Policy Potential of the State and The Law on the Optimal Balance Between the Costs of Domestic and Foreign Policy On almost all problems raised by the author his views do not coincide with generally accepted interpretations and approaches The second extended edition of the book The Twenty First Century The World Without Russia includes updated copyright and newly added parts and paragraphs *Natural Allies?: Regional Security in Asia and Prospects for Indo-American Strategic Cooperation*, 2005 Indo American relations increasingly comprise expanded strategic and economic ties India s government led by Prime Minister Mamonhan Singh has stated it intention to intensify these ties with America Clearly the Bush administration agrees For example President Bush has indicated his intention to sustain the gains achieved since 2001 as a priority Prime Minister Singh has invited the President to India President Bush has indicated his intention to go there leading Indian analysts to expect that What we are going to see is a consolidation of Indo U S ties on

a range of strategic issues We may see a greater emphasis on economic ones as well The Bush administration is prepared to make a major offer of arms sales to India This deal has many repercussions across the entire range of Indo American relationships and of India's relationships with a host of important foreign governments like Russia China Pakistan and Israel Undoubtedly a reinforcement of the economic foundations of bilateral amity would be desirable for many reasons This book length monograph seeks to illuminate India's rising power and capabilities with regard to the key regions on its periphery the Persian Gulf Central Asia and South East Asia The author also considers the major issues pertaining to India's bilateral defense agenda with the United States By revealing the dimensions of India's growing capabilities and interests he provides a strategic rationale developing the U S India partnership further

Sipri Yearbook 2004 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sipri Yearbook 2004 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sipri Yearbook 2004 has opened up a world of possibilities. Downloading Sipri Yearbook 2004 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sipri Yearbook 2004 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sipri Yearbook 2004. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sipri Yearbook 2004. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sipri Yearbook 2004, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sipri Yearbook 2004 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
