region's intrinsic heterogeneity for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the region's representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

Coming of Age in the Afro-Latin American Novel Bonnie S. Wasserman, 2022 This book is the first study of recent coming of age novels from Brazil and the Spanish-speaking Caribbean. I investigate the divide in Afro-Latin American research that usually favors either Hispanic America or Brazil but not both. I argue that contemporary novelists have adapted the coming of age novel to explore central themes in the Afro-Latin American experience such as Blackness, African religions, and folkloric traditions, and immigration. While there is no firm consensus on the term Blackness, scholars typically use the term to describe the social, cultural, and historical experience of Afro-descendants in the diaspora. The Afro-Latin American bildungsromans examined in this study include a number of religions such as Catholicism, Spiritism, and syncretic folk religions, as well as Santería and Umbanda, reflecting the variety of beliefs in Latin America. I have found that young people turn to religions and spiritual traditions in time of need. Going on a journey as part of one's personal development is one of the central themes of many bildungsroman, and this pertains too in Afro-Latin American novels. Caribbean characters are depicted as immigrating to the United States, whereas few Brazilians have enough resources to travel to North America and instead move to larger cities within their own country.

Edinburgh Companion to Atlantic Literary Studies Leslie Eckel, 2016-09-20 New and original collection of scholarly essays examining the literary complexities of the Atlantic world system. This Companion offers a critical overview of the diverse and dynamic field of Atlantic literary studies with contributions by distinguished scholars on a series of topics that define the area. The essays focus on literature and culture from first contact to the present, exploring fruitful Atlantic connections across space and time, across national cultures, and embracing literature, culture, and society. This research collection proposes that the analysis of literature and culture does not depend solely upon geographical setting to uncover textual meaning. Instead, it offers Atlantic connections based around migration, race, gender, and sexuality, ecologies, and other significant ideological crossovers in the Atlantic World. The result is an exciting new critical map written by leading international researchers of a lively and expanding field.

Key Features: Offers an introduction to the growing field of Atlantic literary studies by showcasing current work engaged in debate around historical, cultural, and literary issues in the Atlantic World. Includes 26 newly commissioned scholarly essays by leading experts in Atlantic literary studies. Fuses breadth of historical knowledge with depth of literary scholarship. Considers the full range of intercultural encounters around and across the Atlantic Ocean.

Into the Mainstream Jorge Feblé, 2009-03-26 *Into the Mainstream: Essays on Spanish American and Latino Literature and Culture* is a direct outgrowth of Jorge Feblé's involvement with the annual conference of the American

Culture Association and the Popular Culture Association In that sense the compilation expands on a project initiated in 1993 by Helen Ryan Ransom with her book *Imagination Emblems and Expressions Essays on Latin American Caribbean and Continental Culture and Identity* Bowling Green Ohio Bowling Green State University Popular Press 1993 David William Foster who penned a lengthy preface to that collection justified its intent by underscoring The very fact that our approach to culture is dominated by categories based on high academic institutionalized phenomena poses from the very outset the question of how to deal with all those other cultural manifestations that do not comfortably assimilate to the accepted canon Ryan Ransom 3 The past fourteen years however have witnessed a radical transformation of that so called canon due to the widespread acceptance of ideas espoused by cultural theorists like Garc a Canclini Homi Bhabba Said Stuart Hall Benhabib Bourdieu and countless others Therefore the ambivalence regarding what constitutes culture identified by Foster is inoperative nowadays to a substantial degree In fact a fundamental component of the postmodern outlook resides in the ability to blend comfortably the high and the low the elitist and the popular realms of production in a multiplicity of textual artifacts creative as well as critical in nature Hence the essays that conform Into the Mainstream do not question barriers anymore nor do they expound on the need to assign a discursive intellectual space to matters pertaining to popular culture Thus this collection espouses an inclusive approach in which a variety of analytical approaches coalesce to reflect on an equally kaleidoscopic textuality Pursuant to its comprehensive nature Into the Mainstream airs established as well as developing critical voices so as to reflect both ideological continuity and evolving viewpoints Scholars who have compiled strong academic records like Hortensia Morell Raquel Rivas Rojas Elsa Gilmore David Petreman and Benjam n Torres Caballero share a venue with younger critics like Corey Shouse Tourino Roberto Vela C rdova Stacy Hoult Eduardo del R o Bruce Campbell Laura Redruello Dinora Cardoso and April Marshall as well as with two graduate students about to complete their academic preparation Nuria Ib ez Quintana and Mar a Teresa Vera Rojas The result is an eclectic compilation meant to elicit discussion on the basis of its variety Into the Mainstream s primordial objective is to place these provocative essays which are expanded versions of papers presented during the annual gathering of the American Culture Association and the Popular Culture Association in the period 2002 2005 along with the numerous subjects they treat in the academic mainstream where they rightfully belong

Out of Bounds Dara E. Goldman,2008 *Out of Bounds* teases out the intricacies of a territorial conception of nationhood in the context of a global reorganization that ostensibly renders historical boundaries irrelevant Hispanic Caribbean writers have traditionally pointed toward the supposed perfect equivalence of island and nation and have explained local culture as a direct consequence of that equation The major social political and demographic shifts of the twentieth century increasingly call this equation into question yet authors continue to assert its existence and its centrality in the evolution of Caribbean identity The author contends that traditional forms of identification have not been eviscerated by globalization instead they have persisted and in some cases have been intensified by recent geopolitical shifts *Out of Bounds* underscores the ongoing role of the nation as the site of identity formation In this manner the book presents Hispanic Caribbean cultural production as a case study that acutely dramatizes the paradoxical status of traditional demarcations of self definition in an increasingly globalized context
