Okihiro, 2005-03-30 Offering a rich and insightful road map of Asian American history as it has evolved over more than 200 years this book marks the first systematic attempt to take stock of this field of study It examines comments and questions the changing assumptions and contexts underlying the experiences and contributions of an incredibly diverse population of Americans Arriving and settling in this nation as early as the 1790s with American born generations stretching back more than a century Asian Americans have become an integral part of the American experience this cleverly organized book marks the trajectory of that journey offering researchers invaluable information and interpretation Part 1 offers a synoptic narrative

history a chronology and a set of periodizations that reflect different ways of constructing the Asian American past Part 2 presents lucid discussions of historical debates such as interpreting the anti Chinese movement of the late 1800s and the underlying causes of Japanese American internment during World War II and such emerging themes as transnationalism and women and gender issues Part 3 contains a historiographical essay and a wide ranging compilation of book film and electronic resources for further study of core themes and groups including Chinese Japanese Filipino Hmong Indian Korean Vietnamese and others *Asian American Poets* Guiyou Huang,2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet s major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet s critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography **Korean and Korean American Life Writing in Hawai'i** Heui-Yung Park,2015-12-16 Korean and Korean American Life Writing in Hawai i examines such self representing genres as lyric poems oral history autobiography and memoirs written by Korean and Korean Americans from the early twentieth century to the present in order to explore how these people have shaped their individual or collective identities Their representations produced in different periods by successive generations reveal how Koreans in their diaspora to Hawai i came to terms with their ethnic and local selves and also how the sense of who and what they are changed over the years both within and beyond the initial generation Looking into their individual and collective identities in lyric poems oral history autobiography and memoirs reveals how the earliest arrivals their children and their grandchildren have come to terms with their national ethnic and local selves and how their sense of identity changes over the course of time both within and beyond the initial generation In the lyric poems found in Korean language periodicals of the native born generation we can trace the significance of the motherland and Hawai i for these writers sense of identity The oral histories of first generation women most of whom arrived as picture brides also represent another us often vulnerable Koreans who define themselves in relation to both the present
