McCurdy, 2011-03 People dreamed of cosmic exploration winged spaceships and lunar voyages space stations and robot astronauts long before it actually happened *Space and the American Imagination* traces the emergence of space travel in the popular mind its expression in science fiction and its influence on national space programs Space exploration dramatically illustrates the power of imagination Howard E. McCurdy shows how that power inspired people to attempt what they once deemed impossible In a mere half century since the launch of the first Earth-orbiting satellite in 1957 humans achieved much of what they had once only read about in the fiction of Jules Verne and H.G. Wells and the nonfiction of Willy Ley Reaching these goals however required broad-based support and McCurdy examines how advocates employed familiar metaphors to excite interest promising for example that space exploration would recreate the American frontier experience and prepare the public for daring missions into space When

unexpected realities and harsh obstacles threatened their progress the space community intensified efforts to make their wildest dreams come true This lively and important work remains relevant given contemporary questions about future plans at NASA Fully revised and updated since its original publication in 1997 Space and the American Imagination includes a reworked introduction and conclusion and new chapters on robotics and space commerce **Amelia Earhart** Kathleen C. Winters,2010-11-23 When Amelia Earhart disappeared over the Pacific in 1937 she was at the height of her fame Fascination with Earhart remains just as strong today as her mysterious disappearance continues to inspire speculation In this nuanced and often surprising biography acclaimed aviation historian Kathleen C Winters moves beyond the caricature of the spunky precocious pilot to offer a more complex portrait Drawing on a wealth of contemporary accounts airline records and other original research this book reveals a flawed heroine who was frequently reckless and lacked basic navigation skills but who was also a canny manipulator of mass media Winters details how Earhart and her husband publisher George Putnam worked to establish her as an international icon even as other spectacular pilots went unnoticed Sympathetic yet unsentimental this biography helps us to see Amelia Earhart with fresh eyes **The Infinite Air** Fiona Kidman,2025-01-21 LONGLISTED FOR THE IMPAC DUBLIN AWARD The tale of the glamorous and pioneering woman known as the Garbo of the Skies 1909 In Rotorua New Zealand Nellie Batten pins a picture of legendary pilot Louis Blriot above the cot of her newborn daughter Jean 1934 Jean Batten climbs into the cockpit of her Gipsy Moth aiming to beat Amy Johnson s solo flight record from England to Australia Spurred on by her mother in the face of this huge challenge Miss Batten joins the ranks of the great early aviators thanks to her superb navigation skills persuasive character and unerring instinct for self promotion But it is a life that will know both triumph and tragedy as her glittering success and exhilarating flights cannot last forever Flying Down to Rio Rosalie Schwartz,2004-10-11 In this book author Rosalie Schwartz uses the 1933 RKORadio Pictures production Flying Down to Rio to examine the interplay of technology and popular culture that shaped a distinctive twentiethcentury sensibility The musical comedy connected airplanes movies and tourism ending spectacularly with chorus girls dancing on the wings of airplanes high above Rio de Janeiro Brazil The Hollywood fantasy capped three decades during which airplanes and movies engendered new expectations and redefined peoples sense of wellbeing their personal satisfactions and their interpersonal relations Wilbur and Orville Wright flew their airplane in 1903 at the same time that filmmakers began to project edited filmed stories onto large screens Spectators found entertainment value in both airplane competitions and motion pictures and movie producers brought the thrill of aviators antics to a rapidly expanding audience Meanwhile air shows and competitions attracted large crowds of tourists Mass tourism grew as a leisuretime activity stimulated in part by travelogues and feature films By 1930 the businessmen who envisioned transporting tourists to their destinations by airplane struggled to overcome the movieexaggerated association of flight with danger Schwartz weaves these threads into a story of human daring and persistence political intrigue and international competition From Wilbur and Orville to Fred and Ginger

Schwartzs narrative follows the fortunes of aviation and movie pioneers and the foundations and growth of Pan American Airways and RKORadio Pictures the two companies that came together in *Flying Down to Rio* By the end of the twentieth century aviation movies and mass tourism had become powerful global industries contributing to an internationally connected entertainmentoriented culture What was once unthinkable had now become expected *The Quotable Amelia Earhart* Michele Wehrwein Albion,2015-09-15 Adventure is worth while in itself Amelia Earhart 1932 A fearless pioneer and a record breaking pilot Amelia Earhart engaged the nation and the world when she became the first woman to fly solo across the Atlantic Today people remember her most for her disappearance on the last leg of her round the world flight in 1937 But more than a record breaker or a ghost lost over the Pacific Earhart was ambitious driven and strong at a time when all three of these traits were considered unfeminine Earhart s words and her example encouraged women to step beyond the narrow confines of their traditional roles The Quotable Amelia Earhart brings together statements from a variety of sources and covers a wide range of topics including Earhart s flights and her opinions on politics work religion and gender equality This definitive resource provides a concise documented collection of Earhart s quotations so that her words as well as her achievements may inspire a new generation PCAS Newsletter ,1991 *The Wilson Chronology of Women's Achievements* Irene M.
