Consuming Instinct Gad Saad,2011-06-21 For anyone interested in the biological basis of human behavior or simply in what makes consumers tick marketing professionals advertisers psychology mavens and consumers themselves this is a fascinating read What do all successful fast food restaurants have in common Why are women more likely to become compulsive shoppers and men more likely to become addicted to pornography How does the fashion industry play on our innate need to belong Why do men s testosterone levels rise when they drive a Ferrari or a Porsche The answer to all of these intriguing questions is the consuming instinct the underlying evolutionary basis for most of our consumer behavior In this highly informative and entertaining book the founder of the vibrant new field of evolutionary consumption illuminates the relevance of our biological heritage to our daily lives as consumers While culture is important the author shows that innate evolutionary forces deeply influence the foods we eat the gifts we offer the cosmetics and clothing styles we choose to make ourselves more attractive to potential mates and even the cultural products that stimulate our imaginations such as art music and religion This book demonstrates that most acts of consumption can be mapped onto four key Darwinian drives namely survival we prefer foods high in calories reproduction we use products as sexual signals kin selection we naturally exchange gifts with family members and reciprocal altruism we enjoy offering gifts to close friends The author further highlights the analogous behaviors that exist between human consumers and a wide range of animals **Straight Science?**

Homosexuality, Evolution and Adaptation Jim McKnight,2003-09-02 A genetic basis for homosexuality has been all but proved yet Darwinism the most widely accepted evolutionary theory emphasises successful reproduction How do we explain a lifetime preference for non reproductive sex Whilst social constructionism offers explanations in terms of social learning and cultural preferences the body of evidence for a genetic predisposition to homosexuality grows Social learning argues that homosexual sex is merely misdirected and therefore futile but far from dying out it continues through the ages and is found in different cultures What if there was an evolutionary advantage to homosexuality Straight Science Homosexuality Evolution and Adaptation dares to ask such questions **The Ursuline manual; or, A collection of prayers, spiritual exercises, &c** Ursuline manual,1830 **The Pall Mall Magazine** ,1913 **How Safe Is Your Soul?** Brother Boy

Deiparine,2011-12-20 How Safe Is Your Soul will help you know and understand that our greatest purpose in this life is to answer the calling of God to be like Him Be holy and be perfect for God is Nobody is perfect is a deceitful cliché and a pathetic excuse discouraging many not to respond to this glorious calling to become God in God Wide indeed is the path to perdition because of our diminishing desire to become a saint Narrow is the way to God and heaven because many have their

own priority and personal agenda contrarious to Gods This book is for everyone reminding us that we have a greater purpose more than our own The SOS MIssionaries is inviting you to join us in the mission of serving and saving souls We have a formation program suited for everyone who desire to participate in the mission of the church saving all souls **If You're So Smart, Why Aren't You Happy?** Raj Raghunathan, 2016-04-26 The first book by the creator of COURSERA s most popular online course in 2015 A Life of Happiness and Fulfillment Could the same traits that drive your career success also be keeping you from being happier Fifteen years after getting his MBA Raj Raghunathan spent some time with his old classmates He noticed that though they d all done well there didn t appear to be much correlation between their academic success and career success What Raj found even more curious was the even smaller correlation between career success and what he calls life success The greater the career success the more unhappy out of shape harried and distracted his friends were If intelligence helps with decision making smart people should naturally make better life choices So why are so many of the smartest brightest most successful people profoundly unhappy Raj set out to find an answer to this problem and extensively researched happiness not just of students and business people but also stay at home parents lawyers and artists among others If You re So Smart Why Aren t You Happy takes readers on a fun and meaningful tour of the best research available on how some of the very determinants of success may also come to deflate happiness Raghunathan explores the seven most common inclinations that successful people need to overcome and the seven habits they should adopt instead Among his surprising findings The correlation between wealth and happiness is much smaller than you d expect it to be Generosity is not only a key to happiness but a determining factor of long term success Appreciating uncertainty rather than seeking full control of outcomes is necessary for happiness If You re So Smart Why Aren t You Happy will give you a powerful new perspective on your work personal goals and relationships whether you re already successful or just starting out
