Upanisads ,2008-04-17 The Upanisads are the central scriptures of Hinduism representing some of the most important literary products in the history of Indian culture and religion This is the first major English translation of the ancient Upanisads for over 50 years its up to date introduction and detailed notes make the edition ideal for non specialists as well as students of Indian religions **A Comparative History of World Philosophy** Ben-Ami Scharfstein,1998-01-01 Breaks through the cultural barriers between Western Indian and Chinese philosophy and demonstrates that despite considerable differences between these three great philosophical traditions there are fundamental resemblances in their abstract principles *An Introduction to Swaminarayan Hindu Theology* Swami Paramtattvadas,2017-08-17 Since its inception over two hundred years ago Swaminarayan Hinduism has flourished into a transnational movement described as one of the fastest growing Hindu groups in the world Despite being one of the largest and most visible Hindu traditions both in India and the West surprisingly little is known about what the Swaminarayan fellowship believes An Introduction to Swaminarayan Hindu Theology provides a comprehensive doctrinal account of the Swaminarayan tradition s belief system drawing on its rich corpus of theological literature including the teachings of Swaminarayan himself and classical commentaries on canonical Ved ntic texts Part I delineates the sources and tools of Swaminarayan Hindu theology while Part II systematically expounds upon its distinctive five eternal entities Parabrahman Ak arabrahman m y vara and j va and mukti spiritual liberation In presenting these key themes theologically and lucidly Swami Paramtattvadas makes the Swaminarayan Hindu belief system intelligible to scholars students and serious readers **Respiration and Emotion** Y. Haruki,I. Homma,A. Umezawa,Y. Masaoka,2011-06-28 Gasps sighs and yawns are recognized by even a casual observer as involuntary expressions of emotion through the medium of respiration In recent years scientific observation has focused on sensation and behavior as researchers investigate the relation of emotion and stress in disorders such as asthma hyperventilation and panic disorder Until now however the interplay of psychological factors and physiological responses has not been approached from the interdisciplinary perspective reported in this book Brought together here is the work of physiologists psychologists and researchers in behavioral medicine together with for the first time specialists and practitioners of traditional Japanese arts and culture Knowledge of the art and control of breathing which are essential features of such disciplines as Zen and Noh opens a new and until now unexplored path for scientists seeking to understand the relation between respiration and emotion **Dedicated to the Soul** Emma Jung,2025-01-14 A richly illustrated collection of never before seen writings and drawings from the notebooks portfolios and personal papers of C G Jung s wife and collaborator Emma Jung 1882 1955 was the life and work partner of one of the great intellectual figures of the twentieth century yet she kept most of her creative and personal life private Dedicated to the Soul brings together previously unpublished materials from Jung s private archive introducing her voice into

the literature of the early psychoanalytical movement and revealing a vibrant inner life and a glowing presence that until now was known only to her family and a handful of patients students and friends This fully annotated collection features journal entries dream accounts drawings paintings and lectures It sheds new light on Jung as an early collaborator in the creation of analytical psychology who may have originated the concept of the animus one of C G Jung s central constructs It paints a riveting portrait of a dynamic woman who determined to break free of the conventional world of her upbringing fearlessly interrogated her social environment and developed her own systems of meaning With introductory essays that chart Jung s personal intellectual and psychological development Dedicated to the Soul brings the creative work of this boldly imaginative and irreverent spirit to a wider audience and offers new perspectives on the role of women in the early history of analytical psychology

Rapt in the Name Ramdas Lamb,2012-02-01 In Rapt in the Name Ramdas Lamb provides an intriguing account of the Ram bhakti tradition in India Less well known in the West than the tradition of devotion to Krishna the Ram tradition is an important component of Hinduism Ram is the most worshipped form of the divine in North India today and has long been particularly important to those of the lower castes throughout India Lamb explores both the evolution of the tradition and the rise of lower caste religious movements devoted to Ram specifically the Ramnami Samaj an Untouchable religious movement in Central India Lamb s study of the Ramnamis has spanned nearly three decades first on a personal level as a Hindu monk and later as both a friend and a researcher He discusses the historical origins as well as present day forms and structure of the Samaj including a description of its distinctive ritual dress and practices Among the more innovative aspects of the sect is its adaptation of the story of Lord Ram that is uniquely woven into its devotional repetition of his name Ramnam In addition Lamb shares biographical sketches of six Ramnamis each of which reveals the freedom of individual exploration and expression that is integral to the sect This is a fascinating account of religious life and adaptation on the periphery of society
