Donovan, Clement Tsehloane Keto, 1980 The Aftermath of the Jameson Raid and American Decision Making in Foreign Affairs, 1896 C. Tsehloane Keto, 1980 Held at Philadelphia for promoting useful knowledge Transactions of the American Philosophical Society ,1771 *The Farther Frontier* Lysle E. Meyer, 1992 A surprising number of Americans were involved with the so called Dark Continent during the period when Western penetration led to conquest and colonial rule The six Americans discussed are Thomas Jefferson Bowen who established the first American mission posts in Yorubaland writer explorer Paul du Chaillu soldier explorer Charles Chaille Long diplomat Henry Shelton Sanford mining engineer John Hays Hammond and taxidermist Carl Akeley Illustrated Appeasing Bankers Jonathan Kirshner, 2018-06-05 In Appeasing Bankers Jonathan Kirshner shows that bankers dread war an aversion rooted in pragmatism not idealism Sound money not war is hardly a pacifist rallying cry The financial world values economic stability above all else and crises and war threaten that stability States that pursue appeasement when assertiveness or even conflict is warranted Kirshner demonstrates are often appeasing their own bankers And these realities are increasingly shaping state strategy in a world of global financial markets Yet the role of these financial preferences in world politics has been widely misunderstood and underappreciated Liberal scholars have tended to lump finance together with other commercial groups theorists of imperialism including most famously Lenin have misunderstood the preferences of finance and realist scholars have failed to appreciate how the national interest and proposals to advance it are debated and contested by actors within societies Finance s interest in peace is both pronounced and predictable regardless of time or place Bankers Kirshner shows have even opposed assertive foreign policies when caution seems to go against their nation s interest as in interwar France or their own long term political interest as during the Falklands crisis when British bankers failed to support their ally Margaret Thatcher Examining these and other cases including the Spanish American War interwar Japan and the United States during the Cold War Appeasing Bankers shows that when faced with the prospect of war or international political crisis national financial communities favor caution and demonstrate a marked aversion to war *The International Journal of African Historical Studies* ,1983 **United States Relations with South Africa** Y. G.-M. Lulat, 2008 Relations between the United States and South Africa or the parts of the world these nations now occupy go nearly as far back as the very beginning of their inception as permanent European colonial intrusions This book is a critical overview of these relations from the late seventeenth century to the present Unprecedented in its scope and supported by substantive and detailed notes together with an extensive bibliography chronology glossary and appendices the book distinguishes itself from extant works in a number of other ways Set against the backdrop of a wider interdisciplinary

exploration of both ideational and structural issues of historical context it not only gives attention to the importance of contributions from nonofficial actors in shaping official relations but also considers the impact of the geo political location of South Africa within southern Africa where the presence of other nations particularly Angola Mozambique Namibia and Zimbabwe looms large Methodologically written from the perspectives of both traditional narrative history and Khaldunian interpretive historical analysis the book consequently sits at the interdisciplinary interstice of political economy and sociology where the aim is to advance our understanding of the Braudelian interconnectedness of world history as an important diachronic determinant of the diplomacy of foreign relations Written for both scholars and policy analysts this book s examination of the agency of the marginalized should also be of interest to activists and the reading public *American Foreign Relations Since 1600* Robert L. Beisner, 2003 A thorough update of the standard bibliography of American foreign relations literature from colonial times to the present day America has formed alliances exchanged diplomats traded goods and services and fought wars with nations on every continent but Antarctica And people have written books articles reports and papers by the thousands on these subjects In *American Foreign Relations since 1600* the 2002 president of the Society for Historians of American Foreign Relations Robert Beisner has worked with members of SHAFR to compile the most exhaustive survey of writing on American foreign relations ever published Covering 400 years of American history his team of editors all top experts in the field have referenced and annotated nearly 20 000 published and nonpublished works It s all here from the Mayflower Compact to the My Lai massacre from the War of 1812 to the war on terrorism from the pre Revolutionary era to the post Cold War world Nearly 20 000 fully annotated bibliographical entries on topics such as the Mexican Revolution pan Americanism wartime diplomacy the German threat and more A preface clearly outlining the updated features of the book Three analytical indexes to guide users to entry information contributors and significant individuals Biographical studies on individuals such as John Barrett William Jennings Bryan and Theodore Roosevelt *Subject Catalog, 1982* Library of Congress, 1982
